ALONSO SESSION 1

May 22, 2026

June 16, 1968

Chandu: *Hong Kong Intl Airport (HKG) Sunday, JUN 16 1968 Morning*

Chandu: *Carlyle.*

Chandu: *You've spent enough time in transit for airport terminals to become routine. Jet lag is a bitch, but everyone comes up with their own ways to handle it when they fly as much as you do. For the average civilian, flying is a once-in-a-year experience at best in this day and age.*

Chandu: *It's been less than a week since you were here on your way to Da Nang, and you're looking forward to resuming your leave. Vietnam isn't an unsightly place, as you've said yourself, nor are the people. But this once, after your time in Burma, you're glad to be out of here for the time being.*

Chandu: *What's on your mind?*

IA Bryan Carlyle: Well, all things considered, we did pretty well out there. It's rare for anything related to the Program to be wrapped up so neatly, after all - and God willing I'll never have to see that Irish maniac again...

Chandu: *Just so. DELTA GREEN isn't an organization whose records you can simply peruse at your leisure, legal and embedded within the system as it is, but from what you know... a zero-casualty operation is, indeed, novelty.*

Chandu: *You're going home. Not immediately, of course... there's still boarding, customs, the usual. But it's there now. Close enough to smell that casserole.*

Chandu: *You're sitting in the waiting lounge, with a ticket in your pocket and a carry-on on the floor by your feet. You take a look around: the terminal is crowded in that orderly international way. You're passing the time watching the flight attendants drift past in their immaculate uniforms.*

Chandu: *You dismiss the low heels approaching from your right as just another passerby. It isn't until she clips your carry-on on the way past you that you look up at her, annoyed, and...*

IA Ruth C. Martí: "I'm sorry, Mr. Carlyle," she says, a polite smile on her face. "The girl from Ipanema missed her plane."

Chandu: *For a second, the entire terminal thins out around you. The flight attendants, the announcements, the polished floor, the ticket in your pocket. All of it goes flat.*

Chandu: *You feel your jaw loosen before you can think about it.*

IA Bryan Carlyle: "Then the men from Rio changed her name."

Chandu: *You snap back, feeling as if you'd stood up too fast. The smile on her face is gone, and she's dropped a ticket to Saigon on your lap.*

Chandu: *AN HOUR LATER, IN THE AIR.*

Chandu: *You're sitting next to Carstairs, who's taken the window seat.*

Chandu: *As for yourself, you're reading a newspaper with a drink on the seat tray in front of you when something clatters against your shoe.*

Chandu: *Are you checking it?*

IA Bryan Carlyle: Of course.

Chandu: *It's a small amber prescription bottle, rolling between your shoe and the seat rail. The label's turned halfway towards you.*

Chandu: *It reads: CHLORDIAZEPOXIDE. One capsule daily per medical specialist.*

Chandu: *The label further informs you that it was issued a week ago, but it feels lighter than it should.*

Chandu: *Roll Alertness.*

IA Bryan Carlyle: IA Bryan Carlyle rolls **Success** -> 20 (Rolling Alertness Target: 60%)

Chandu: *You look back up, and to your right. Ruth still has her sunglasses on, and her head's resting against the cabin wall at a weird angle. Her mouth's slightly open, and her hands are limp on her lap. She's out cold.*

Chandu: *The rest of the flight goes on uneventfully-- that is, except for the 1-hour delay, which the crew say was caused by a military aircraft coming in hot into Tan Son Nhut.*

Chandu: *MACV-US Headquarters, Tan Son Nhut, Saigon Sunday, JUN 16 1968 Noon*

Chandu: *The ride in from the airport didn't take long, MACV-US HQ is right next to it.*

Chandu: *Saigon's heat hits differently than the rainforest. It sits on your skin and just behind your eyes. There's respite to be found in the air-conditioned indoors, though.*

Chandu: *The city outside the window is alive. Da Nang isn't a small city by any means, but Saigon is a larger, meaner beast.*

Chandu: *Inside...The room you were led to smells faintly of tobacco, mimeograph ink, and stale American coffee. It's almost like home, especially thanks to the AC.*

Chandu: *You're still in the shit, but this isn't the front. This is the place where guys you haven't met make shit happen.*

Chandu: *You've been sitting here for just short of two minutes. What're you thinking about, talking about, before things are once again set in motion?*

SSG Michael Giles: "What's the fuckin' point of all those bombers if Charlie's air defense just shoots them down? Fuckin' dumbasses."

SSG Nolan Afzal al-Attar: I'm just enjoying the cool water from a nice clear glass.

MSG Cillian Francis MacAllister: "It starts and ends in the head."

SSG Michael Giles: "Korea war oldmen thinkin' this shit is like bombing chinks and zips - not the same! The Russians are involved, and they WHITE! I think.."

SSG Michael Giles: "Are they white, Nuair?"

Chandu: *The door cracks open. A tall blond man steps through.*

MSG Cillian Francis MacAllister: This idle talk bores me. I'm wondering if I'm bad enough to smoke a joint in here instead of a Marlboro.

SSG Nolan Afzal al-Attar: "Yeah they're white."

SSG Michael Giles: Mike points straight at Bryan - "Now that's fuckin' white."

SSG Nolan Afzal al-Attar: "They got a bunch of slanted eyed white dudes too."

SSG Michael Giles: "Look up white in the dictionary - they got a picture of slim in there."

Chandu: *Mac-- you don't give a shit. You're alone in the room and it's got an HVAC. You figure the smell'll pass.*

IA Bryan Carlyle: "Now I know you can speak French. I'm wondering if this whole 'token black' thing is a put-on." I say as I take my seat."

MSG Cillian Francis MacAllister: I'm just puffing on the suspiciously thick cigarillo as this useless idiot takes a seat across me.

MSG Cillian Francis MacAllister: I'm gonna throw a pencil at him because why not.

SSG Michael Giles: "The fuck is a 'token black', cracka'?"

Chandu: *The pencil tip lightly touches your shirt, Carlyle.*

MSG Cillian Francis MacAllister: "I've been practicing that since the last time."

SSG Nolan Afzal al-Attar: Nuair leans back and looks at MacAllister with a shit eating grin.

SSG Michael Giles: "You the 'token white' here, you're outnumbered 3 to 1."

MSG Cillian Francis MacAllister: He passes the blunt to Giles.

MSG Cillian Francis MacAllister: "I'm getting tired of this race stuff."

MSG Cillian Francis MacAllister: "You sound like a hippy so go ahead and be one."

Chandu: *The door, once again.*

SSG Michael Giles: "Yeaah, you'll get to protect yo' lucky charms and pot of gold later."

SSG Michael Giles: He takes a cool drag off the joint.

MSG Cillian Francis MacAllister: He just grins uncontrollably.

IA Ruth C. Martí: She aloofly walks over to the head of the table, carrying a black briefcase in her hand a pulling on a medium-sized black suitcase.

IA Ruth C. Martí: "Gentlemen. I'm sure you had other ideas for how to spend this Sunday afternoon besides out in Saigon."

IA Ruth C. Martí: "Something else's come up, and you all happened to be intact and in the area."

SSG Michael Giles: "Take you out on a date?" One more shit eating grin.

IA Ruth C. Martí: "Let's get into it. Firstly, some background."

SSG Nolan Afzal al-Attar: God why is she looking at us like that

SSG Michael Giles: Giles leans over the table to pass the joint while the chick is yapping.

IA Ruth C. Martí: "In May 1955, the Program mounted Operation ROUNDUP to smash the Kuen Yui chapter in Saigon, under the cover of a South Vietnamese combined arms assault on the Binh Xuyen paramilitary force."

MSG Cillian Francis MacAllister: I'm not even tapped into this bitch I'm trying to see how high I can build a house of cards on the table while I get higher.

IA Ruth C. Martí: "The BX made their money off the opium trade, backed by the Unione Corse-- the Corsican mafia, the main players in the global heroin trade."

IA Ruth C. Martí: "While the ARVN focused on the BX infrastructure, Program operatives embedded within the task force diverted resources to strike at the cult."

SSG Nolan Afzal al-Attar: Nuair respectfully examines the features of Ms. Marti.

IA Ruth C. Martí: "Are you following me so far?"

MSG Cillian Francis MacAllister: "Not really but keep talking sweetheart."

IA Ruth C. Martí: "Put that fucking thing down, I can barely breathe."

SSG Michael Giles: "Corsica? Ain't that where Napoleon from?"

IA Ruth C. Martí: "You've been reading. She swats the smoke in front of her away.

IA Ruth C. Martí: "Anyway."

IA Ruth C. Martí: "The cult nested themselves in the Rung Sat Special Zone, same as the paras, which made the operation convenient for the Program's purposes. It ended in September with the destruction of the cult's temple."

SSG Michael Giles: "Naw - Grandmama just told me how we beat their ass with voodoo. Caused a plague among them."

IA Ruth C. Martí: "Alright, I don't give a shit."

MSG Cillian Francis MacAllister: "He's our expert."

IA Ruth C. Martí: "Shut the fuck up and listen up."

SSG Michael Giles: "Right on honey."

IA Ruth C. Martí: "The Binh Xuyen are gone, but the Corsicans are still here, now in bed with General Ky. He's the former chief of the armed forces here in the country, and is now the acting Vice President."

IA Ruth C. Martí: "And, from the smell on the ground..."

SSG Nolan Afzal al-Attar: Nuair refills his glass of water without breaking his gaze.

IA Ruth C. Martí: "ExComm recommends a search-and-destroy operation against any Kuen Yuin remnants in Saigon and the Rung Sat. We'll be executing the order."

IA Ruth C. Martí: "The response to the Tet gives us cover to mount another large-scale operation, if we need to. But before we destroy, someone's got to search-- and that someone is us."

SSG Michael Giles: "They in the city right now right now?"

IA Ruth C. Martí: "We'll get to that." She opens the briefcase and retrieves a stack of papers, which she then passes around the table.

Chandu: *POSTING THESE IN DISCORD BECAUSE THEY'LL TAKE A SHITWHILE TO LOAD HERE.*

IA Ruth C. Martí: "You'll have time to read these over. The first stack of copies consists of your legitimate paperwork."

Chandu: *You each receive a copy of orders cut out from your parent organizations (CIA and MACV-US respectively) as well as a BNDD packet centered on Carlyle's cover as a BNDD agent and the element's tasking.*

IA Ruth C. Martí: "This is very important." She clasps her hands. "For the duration of this operation, you are acting as a BNDD surveillance package in Saigon. Carlyle, as Malcolm Van Zandt, is the Bureau face. The rest of you are attached support."

IA Ruth C. Martí: "The Bureau wants eyes on an upcoming criminal summit at the Hotel Continental. They expect photographs, names, associations, and a clean report placing each man present at each table. I'll handle the report, you will gather the intelligence."

IA Ruth C. Martí: "Now, I know you'll ask when this summit will take place. That depends." She glances down at her wristwatch.

IA Ruth C. Martí: "Santo Trafficante, Junior. Are you familiar with the name?"

SSG Michael Giles: "Ain't that the Cuban?"

MSG Cillian Francis MacAllister: "You want me to be the support of this guy?" He flings one of the cards from the base at him as the rest topples over the desk.

SSG Michael Giles: "He runs a lot of bolita joints down in NY."

IA Ruth C. Martí: "Mob boss in Tampa, with a hand up north as well, yes."

IA Ruth C. Martí: "That may not sound impressive, but the Syndicate considers him a heavy hitter. He's tight with Meyer Lansky."

SSG Michael Giles: "I heard that guy Battle took over a lot of joints with Santo's blessing though."

IA Ruth C. Martí: "And that is why he's looking to expand his own operations."

IA Ruth C. Martí: "If he opens another heroin channel from Asia, he gives the Syndicate a backup against the French Connection-- the Corsicans I mentioned earlier."

IA Bryan Carlyle: I ignore Cillian. "What's the rub here? You're saying the people we've been dealing with are tied to the French Connection and a bunch of mafiosos, so what, are they all trying to become immortal too?"

SSG Michael Giles: "Shiiiiieeeet. Pitching the Cubans and French fuckers against each other. I have my money on the Cubans' in baseball though."

IA Ruth C. Martí: "Well, as it stands-- we understand that Ming Yuan operated in a sort of symbiotic arrangement with Lung Li Bao in Burma. Lung handled logistics, while Yuan handled his own work."

IA Ruth C. Martí: "Lung was in contact with the Corsicans. The ledger you brought me says as much."

SSG Michael Giles: "And why do they need some chink wizard bringing down attention to their joint?"

IA Ruth C. Martí: "As for Ming Yuan's reason for being there-- we happen to be blind. I understand it was a chaotic operation. Intel recovery was simply a bonus task beyond his killing."

IA Ruth C. Martí: "Still, you can connect the dots. I think Ming Yuan was in some degree associated with the Saigon chapter of the Kuen Yui, even if in the past, during ROUNDUP times."

IA Ruth C. Martí: "What's important to consider is that ROUNDUP took the Binh Xuyen out of the game, and dealt a heavy hit to the Corsicans. But they're obviously not out of the game yet."

IA Bryan Carlyle: "As unfortunate as it is that these people are trafficking drugs into America I don't see how this is Program territory."

IA Ruth C. Martí: "The BNDD assignment is our cover for the sanitation you're going to be conducting. It justifies your presence here. Moving on."

IA Ruth C. Martí: "As I was saying-- Trafficante is currently in Hong Kong, visiting an associate's son, taking in the sights, buying tailored suits, the likes."

IA Ruth C. Martí: "Ahead of a criminal summit in the Continental, no doubt."

IA Ruth C. Martí: "His arrival is the opening bell for the summit. Let me make myself clear: you have free rein over what you do in Saigon leading up to the meeting in the Continental. Surveillance of the premises and intelligence gained into the Unione Corse is valuable in its own right."

IA Ruth C. Martí: "Read the document, you'll understand." She takes a breath. "Now."

MSG Cillian Francis MacAllister: He puts his boots on the table and blows a plume of smoke towards the roof. "You know, listening to you speak feels like playing Russian roulette with a 1911."

MSG Cillian Francis MacAllister: "Nothing personal though I don't know you that well."

IA Ruth C. Martí: "Let me give you a gift. Here's the part that the Bureau doesn't know."

IA Ruth C. Martí: She looks down at the same briefcase she took the briefing papers from. She quickly turns it around, revealing five sealed bricks of morphine base.

IA Ruth C. Martí: "If you can watch the summit from the inside, you will. This product is for you to use as you will to earn access."

MSG Cillian Francis MacAllister: He corrects his posture at the fucking heroin bricks on the table.

IA Ruth C. Martí: "Still, you are not there to complete a narcotics transaction. If your cover or your lives are at stake, the product can be replaced."

SSG Nolan Afzal al-Attar: "Easier than carrying cash."

MSG Cillian Francis MacAllister: "That depends."

IA Ruth C. Martí: She turns the briefcase back around and shuts it, popping its locks back on.

MSG Cillian Francis MacAllister: I'd like to have a taste on the tip of a knife.

SSG Nolan Afzal al-Attar: "Maybe slim can fit one where it don't shine."

Chandu: *Sure, you can do that before she closes it shut. She allows it.*

Chandu: *Roll... CON.*

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Success** -> 27 (Rolling CON Target: 75%)

SSG Nolan Afzal al-Attar: "Really Mac?"

Chandu: *Seeing the powder, your limited knowledge didn't indicate at any point prior to this that morphine base is not a snorting substance. It stings hard in your nostrils, but it's nothing to pass out over.*

SSG Michael Giles: "Stop hanging with Kuropas, man."

IA Ruth C. Martí: She notices your frowning at the sensation.

MSG Cillian Francis MacAllister: "It's horse shit. Let's hope they don't use their own product."

IA Ruth C. Martí: "They usually smoke the base. This product is refined further to produce heroin no. 3 and no. 4."

IA Ruth C. Martí: Case goes shut.

IA Ruth C. Martí: "Once you're in the meet, you'll be close enough to see how the wind is blowing. There's going to be a lot of interesting people and chatter in there, and anything you get is bound to be useful."

SSG Nolan Afzal al-Attar: "How much is this worth, exactly?"

IA Ruth C. Martí: "If one were to commercialize it in this raw state, let's say-- about three thousand dollars."

Chandu: *Editor's note: nearly \$30000 in 2026.*

IA Bryan Carlyle: "Until I see them raising the dead I'll remain unconvinced that this is worth being scalped over."

IA Ruth C. Martí: "You can go about it as you will. The Program has a vested interest in the BNDD. It was reformed from the Federal Bureau of Narcotics just this February."

IA Ruth C. Martí: "We bring them good intel, we can use more of their assets."

IA Ruth C. Martí: "Plus, it's a good cover."

IA Ruth C. Martí: "Moving on, a final note."

IA Ruth C. Martí: "Establish contact with Tansy Cahill at the Chancery. She is not a Program asset, but has a hand in the BNDD files, Embassy routing, and most of the Bureau traffic that comes through the building."

IA Ruth C. Martí: "Lastly, Telex any intelligence concerning the cult, or anything in need of further measures, to this number. Do it before rushing in and getting killed." She tosses a white business card with only a number on it.

Chandu: *Whoever's got SIGINT is allowed to make a roll.*

IA Bryan Carlyle: IA Bryan Carlyle rolls **Success** -> 7 (Rolling SIGINT Target: 60%)

Chandu: *You recognize the prefix as an ONI desk in Okinawa, Japan.*

IA Ruth C. Martí: "Let me hear your questions."

IA Ruth C. Martí: IA Ruth C. Martí looks at her wristwatch.

MSG Cillian Francis MacAllister: "We're going to need guns."

MSG Cillian Francis MacAllister: "Presumably not from the armory."

IA Ruth C. Martí: She slides the shut briefcase over the table towards Carlyle. She then bends over to lift the black suitcase she pulled inside off the floor and onto the table, popping the locks open and brandishing its contents.

Chandu: *Inside the foam-lined travel suitcase, you see an arrangement of pistols in form-fitting foam padding, along with a dugout slot into the foam, packed with a thick roll of \$20 bills, with a bank label listing \$2000. Nearly \$20,000 in 2026.*

IA Ruth C. Martí: "This is for operational expenses," she says, pointing down at the money, "And for other miscellaneous pursuits," she smirks as she pushes the case forward.

Chandu: *AGENTS, TAKE A PICK:*

- *Smith & Wesson Model 36, .38 Special (L)*
- *Walther PPK, .380 ACP (L)*
- *Colt M1911A1, .45 ACP (M)*
- *Browning Hi-Power, 9mm (M)*
- *Smith & Wesson Model 39, 9mm (M)*
- *Smith & Wesson Model 19, .357 Magnum (H)*

Chandu: *(ONE EACH)*

MSG Cillian Francis MacAllister: any of these suppressed

SSG Michael Giles: Give me the Browning Hi-Power

IA Bryan Carlyle: Bryan grabs the PPK.

Chandu: *Your Milsci tells you that a suppressor would fit well on the PPK and the Model 39 especially. As for availability...*

IA Ruth C. Martí: 1

IA Ruth C. Martí: 2

SSG Nolan Afzal al-Attar: Surely there is a suppressor for an M1911.

Chandu: *She's got a suppressor for the Model 36.*

IA Ruth C. Martí: "You'll have to procure the rest on site."

MSG Cillian Francis MacAllister: I'm just taking the revolver then. Let's hope I never have to use it.

SSG Nolan Afzal al-Attar: I'll take the M1911.

IA Ruth C. Martí: "These weapons are clean and disposable. You can otherwise keep them after the operation."

Chandu: *One sec, I'll assign the guns.*

MSG Cillian Francis MacAllister: I wonder if anyone in Saigon sells some suppressed UZIs. Rhetorical question.

Chandu: *That's for you to find out!*

IA Ruth C. Martí: "Alright. The money." She lays it down on the table.

Chandu: *The roll is small enough to fit in a pocket, for reference. It's \$20 bills.*

MSG Cillian Francis MacAllister: Wait a second, is this an ONI revolver?

Chandu: *Just a run off the mill M19, no special markings. Decently big gun.*

MSG Cillian Francis MacAllister: That sucks.

IA Ruth C. Martí: "If you've got no further questions, you're free to begin. I've gotten you an indefinite billet at the Bachelor Officers Quarters downtown. It should be safe to rest, if anything."

Chandu: *If there are no questions, we'll take a 5-minute bathroom break and head over to the Saigon map.*

MSG Cillian Francis MacAllister: None.

SSG Michael Giles: nope

Chandu: *Before you leave, Carstairs taps her temple, remembering something.*

IA Ruth C. Martí: "The telex line is secure, just make sure whoever's sending it doesn't read "Kuen-Yuin Outbreak in Saigon" plastered on it. My guess is you'll be using the Chancery's machine the most."

IA Ruth C. Martí: "Otherwise, be as explicit as you sensibly can, and I'll see what I can arrange in terms of support."

Chandu: *MOVING TO SAIGON MAP...*

Chandu: *So, to recap:*

- OPERATION ROUNDUP, 1955.

- BNDD contact: Tansy Cahill at the US Embassy.

- Identities: BNDD surveillance task force, Carlyle posing as Malcolm Van Zandt. Everyone else is working in a support capacity on lease from MACV.

Chandu: *Clarifications!*

MACV-SOG is a highly secretive and classified program within MACV-US. You can make up whatever bullshit you want as to what your MACV-US credentials pass off as; Army, Marines, whatever.

Chandu: *Other than that, you're free to shoot the shit and discuss where to begin the investigation.*

MSG Cillian Francis MacAllister: Obviously Bryan talking to the contact at the embassy?

Chandu: *If you need a reminder, the handouts have all the information you need (at least at the start).*

Chandu: *Well, you guys are also assigned to the BNDD surveillance package, so your presence wouldn't be strange there. You can split at your leisure, of course.*

SSG Michael Giles: If we get bugs we should tap Continental ASAP

Chandu: *Some indications: the DATE panel will indicate the date and time, obviously.*

The ??? panel indicates ???.

Chandu: *You can TYPE in a semi-OOC manner while you're on the overmap. Discuss Where Yall Are Going.*

MSG Cillian Francis MacAllister: we not getting anywhere until he talks to that dude in us embassy

Chandu: *That's our first stop, then. You don't necessarily have to stop by BOQ Carolina first, but you're carrying your luggage with you.*

MSG Cillian Francis MacAllister: No actually the other 3 are going there.

MSG Cillian Francis MacAllister: We can't even show up.

MSG Cillian Francis MacAllister: We can take his shit with us it's no big deal.

Chandu: *At the Embassy? You CAN, legally, as you're assigned to the BNDD task force. You can CHOOSE not to, of course.*

Chandu: *If Carlyle doesn't have anything to say, we'll split the team and have him head to the Embassy.*

MSG Cillian Francis MacAllister: There isn't a single more qualified person than him here so let's get it over with

IA Bryan Carlyle: That's fine but idk what the fuck imma say

SSG Michael Giles: tell him latina sent you boy

Chandu: *You have the documents explaining your cover action, that you're surveilling the upcoming summit at the Continental. As ROUNDUP used a similar cover (eliminating the Binh Xuyen, whose drug channels were being used by the Kuen Yui at the time), you can probably ask about it too.*

Chandu: *We're starting with the Embassy.*

Chandu: *U.S. Embassy, Saigon 1400R*

Chandu: *The Chancery's concrete still bears scorch marks from Tet back in February. Marines check papers at the gate with professional boredom. Inside, the air cools by a few degrees, but doesn't quite become comfortable.*

Chandu: *It smells like waxed floor, cigarette smoke, and old coffee.*

Chandu: *You find some Marine in the hallways and ask him where the BNDD desk is.*

US Marine MP: "All DOJ's that way, chief." He points over to one specific set of stairs leading up.

Chandu: *The office isn't really an office as much as a small room wedged to the side of a wide hallway between a snack machine and the Immigration department. Cardboard file boxes are stacked all over in the back. There's a few desks here, but only two are in use. You see a map of Saigon with pinned notes in the back.*

Chandu: *Behind the main desk sits a red-haired woman in her early thirties, cigarette in hand, phone crooked between her cheek and shoulder, writing something on the back of a routing slip.*

Tansy Cahill: "Yeah, alright. I don't need the original."

Tansy Cahill: "Okay, I'm telling you I'm not taking the original. I need a carbon copy."

Tansy Cahill: She holds a finger up at you.

Tansy Cahill: "I'm just sending it back, then."

Tansy Cahill: "Finally. Thanks." She hangs the phone up.

Chandu: *You also hear a radio in the back...*

IA Bryan Carlyle: I'm just fanning myself with these papers while I wait for her.

Chandu: *By the American music coming from it, you can tell that it's set to the Armed Forces Vietnam (AFVN) radio.*

Chandu: *You won't hear any anti-war tunes here.*

Tansy Cahill: "Yeah, can I help you?"

IA Bryan Carlyle: I greet her all nice like and explain that I'm here on BNDD capacity, that we'll be surveilling a meeting between Vietnamese and European dope runners happening at the

Continental, and that any leads she could provide about figures moving into Saigon lately would be duly appreciated.

Chandu: *Let's talk IC. She nods as you speak.*

Tansy Cahill: "You got any papers with that?"

IA Bryan Carlyle: "Of course," and out my cover papers come...

Tansy Cahill: She takes them. She quickly reads over the BNDD document and your BNDD identification.

Tansy Cahill: "Huh. The director made this?"

Tansy Cahill: "Alright, well... you're the new case agent?"

Tansy Cahill: She looks you up and down.

Tansy Cahill: "Let me guess, they think Saigon heroin's important again. How long've you been in the Bureau?"

IA Bryan Carlyle: "I'm afraid I don't know, or care, about interdepartmental politics so much as I do about getting my job done and seeing if we can get any of these guys in prison. You wanna test me some more or do you wanna help me out here?"

Chandu: *Hit us with a blind HUMINT roll.*

Tansy Cahill: You can tell that it isn't the papers she's questioning. She seemed irritated, but she also seems to be legitimately pitying you, like you're at the dead end of your career.

Tansy Cahill: "Alright. I'll give you the basics."

Tansy Cahill: "First things first, BNDD has no jurisdiction here. You can't make any arrests, kick any doors down, or lean on any Vietnamese officials unless you want everyone leading up to the State Department blowing up my phone."

Tansy Cahill: "I'm guessing you already know about Trafficante being in Hong Kong. I get travel agency chatter here, so I can make sure you hear it when he's inbound."

Tansy Cahill: She pulls a file out.

Tansy Cahill: "The Corsicans used to run things here until they got caught up with the Binh Xuyen in '55. Since then it's been the Chinese Teochew Triads in Cholon running the show."

Tansy Cahill: "The Chinese are basically untouchable and we don't have anything actionable on them, not that Ky's office cares."

Tansy Cahill: "What's important is that they process raw product into high-purity heroin in Cholon, and have the manpower to keep hold of the streets. They also run gambling, everything vice related over there."

Tansy Cahill: "So, yeah, they pretty much took over after the Binh Xuyen."

Tansy Cahill: "There's also ARVN senior brass in the pot, of course. Everyone's filling their pockets."

Tansy Cahill: "As for the Corsicans, they're still in the game. They take a cut for providing contacts and shipping over to France, where the product then gets reprocessed and shipped to America. The FBN's been at this for a long while."

Tansy Cahill: "Now, we know the Unione Corse parrain in Saigon to be a Bonaventure Francisci, also known as "the Rock"."

Tansy Cahill: "Uh, 'parrain' means 'capo', 'boss'."

Tansy Cahill: She pulls a dossier out of a cabinet.(File photo, address, known hangouts, other info on Bonaventure. Stealth difficulty to surveil him lowered on future rolls).

Tansy Cahill: "Although they're mostly on logistics, the Corsicans still have a chemist in town they call "le Docteur" or "the Mouse", but he's a flake. His stuff is great, but he only makes it during monsoon season, May through October. Vanishes for the rest of the year."

Tansy Cahill: "Well, they call him 'Il Sorcio'. Italian for mouse."

IA Bryan Carlyle: "You've mentioned about four different organized crime groups so far."

Tansy Cahill: "Well, I'm assuming you're a highly effective professional narcotics agent with stateside experience."

Tansy Cahill: "About the Mouse. We don't know where his lab is, precisely, but we've narrowed it down to Districts 1 or 3 in the old French neighborhoods. He's been working off and on since '54."

Tansy Cahill: "Any of these you're interested in? And what've you got in mind for the surveillance?"

Chandu: *You're still hanging onto the morphine base briefcase, by the way.*

IA Bryan Carlyle: Yeah, yeah, whatever. Obviously the Corsican mafia is the most interesting group here because they're the ones who are directly linked to Lung's operation but I can't exactly tell that to this chick outright. "Well, I suppose setting up a few bugs would be a start..."

Tansy Cahill: "Technically, such a method of surveillance on foreign nationals would be illegal."

Chandu: *Roll a PERSUADE, blind.*

Chandu: *And, following that, an INT, blind.*

Tansy Cahill: "But, honestly? If you're serious about this?"

Tansy Cahill: "Come back in, uh..." She looks at the clock on the wall. "Two hours, I'll get you right. Leave me a contact number, too."

IA Bryan Carlyle: Do I have a phone number for the place I'm staying at or something?

Chandu: *As for your INT roll: you can guess that this clerk is committed to putting these guys behind bars.*

Chandu: *Yep, BOQ Carolina.*

IA Bryan Carlyle: I'll put that in my notepad and tear it off for her then.

Chandu: *The morphine base briefcase weighs steadily on your shoulder.*

Tansy Cahill: "Great. You haven't asked, but I'd point you to the muscle and courier traffic in and out of the Continental. They definitely have offsite places they pass product through."

Tansy Cahill: "What sucks is that they're pretty tight since '55. I'm really wishing you the best, but I doubt we're going to get anywhere with what little resources we have."

IA Bryan Carlyle: "It's not like we're launching a drug bust right here and now or anything, we'll be fine."

Tansy Cahill: "Right on. If you have anything you need checked into from the administrative side of things, you can call me here at the Chancery."

Tansy Cahill: "Oh, also, I can assign you a driver and a car, if you want one?"

IA Bryan Carlyle: "How about a car on its own? You'll just have to take my word that I won't batter the thing."

Tansy Cahill: "Unfortunately it's the guy's personal car, he's a contractor. I know him, though, he's a good kid."

IA Bryan Carlyle: "Yeah, whatever, we'll do that then."

Tansy Cahill: "I'll ring him up, he'll meet you out front." She picks the phone up.

Chandu: *Hit an ALERTNESS, public.*

Chandu: *HIT THAT SHI*

Chandu: *Did he die? We're rolling for him.*

IA Bryan Carlyle: IA Bryan Carlyle rolls **Success** -> 13 (Rolling Alertness Target: 60%)

MSG Cillian Francis MacAllister: tea and crumpets break

Chandu: *It's a SUCCESS. Looking over her desk, you can see the calendar in plain view. You squint at it-- and notice the telltale squared-off soft pencil marks on it.*

Chandu: *Obviously, the marks were left as someone traced over the surface of the calendar. You look up as she speaks into the phone, and take a look around...*

Janitor: This guy's been mopping the floor down here for a while.

Janitor: He's whistling along the tune on Tansy's radio.

Tansy Cahill: She hangs the phone up. "Alright, he'll be there in a minute. Let me just jot something down for you... here.

IA Bryan Carlyle: No 'call me for a date when all this is over' to be seen here...

Chandu: *She waves you goodbye before returning to her files. Anything else to do here?*

IA Bryan Carlyle: Nope, not that I can think of anyway.

Chandu: *You tread back down the hall, bringing the morphine base briefcase with you.*

Louis Thanh: "Yo!"

Louis Thanh: Louis Thanh waves you over.

Louis Thanh: "Name's Louis."

IA Bryan Carlyle: "You the driver? I'm Malcolm. Van Zandt like the singer."

Louis Thanh: "Cool. I'll get you anywhere you need to, brother."

Chandu: *Make another roll. INT, public, before you leave the premises.*

IA Bryan Carlyle: IA Bryan Carlyle rolls **Success** -> 16 (Rolling INT Target: 70%)

Chandu: *You're thinking to yourself here. What would happen if Tansy were to know about the morphine base you intend to use to somehow buy yourself passage into the summit? She knows the lay of the land, the question's how she'll take it.*

Chandu: *You're not acting on that thought, are you?*

IA Bryan Carlyle: I'm not telling some broad I just met that I'm handling a lifetime in jail's worth of dope no.

Chandu: *Onto the next destination. You hop in the front seat next to Louis.*

Chandu: *Meanwhile, at BOQ Carolina...*

Chandu: *For the rest of the team: the BOQ is an acceptable place to rest your heads at. You've been in worse.*

Chandu: *Upon entering, you show your MACV creds to the reception. You're waved on through to a singular room with 4 cots and 2 bathrooms.*

Chandu: *You drop your luggage. Anything you want to do here besides that?*

Chandu: *SOG CREW!!*

SSG Michael Giles: What we gon' do.

SSG Michael Giles: We gon' sit our asses down and get high.

MSG Cillian Francis MacAllister: Ice cold coke and TV while this green works its way.

Chandu: *You Wait some 30 minutes. Carlyle arrives with Louis.*

Louis Thanh: "We're picking these guys up?"

Louis Thanh: "Name's Louis." He goes to shake Nolan's hand.

SSG Nolan Afzal al-Attar: Nolan shakes Louis' hand.

SSG Nolan Afzal al-Attar: "Nolan."

IA Bryan Carlyle: "Don't bother, they're all assholes."

MSG Cillian Francis MacAllister: I shake his hand. "Is that your new boyfriend Br-" "..."
"Yeah."

Louis Thanh: "I get along with everyone!" He holds his hand out to Michael.

SSG Michael Giles: "Yeah you gon' be regretting these words," he daps him up.

Louis Thanh: "Hahaha."

Louis Thanh: "Alright, the car fits everyone comfortably."

Louis Thanh: "We can move if you're ready."

MSG Cillian Francis MacAllister: "Let's go."

Chandu: *What's the next stop?*

MSG Cillian Francis MacAllister: Eyeing out Continental?

Chandu: *Carlyle, also-- you didn't think of it before, but it comes to your mind now. There's a building in the Embassy complex, right behind the Chancery. That's where you work, the CIA station. The guys refer to it as "Norodom House."*

MSG Cillian Francis MacAllister: I'm guessing we can't just expedite and go find the plans somewhere here because that's a nasty can of worms

Chandu: *As in the ROUNDUP files?*

MSG Cillian Francis MacAllister: I meant floor plans for Continental

Chandu: *You'd have to go through local BUREAUCRACY, and that would probably... take weeks. Carlyle could call Tansy right away for her to make the roll.*

MSG Cillian Francis MacAllister: He's gonna see her soon anyways so..

MSG Cillian Francis MacAllister: Let's just go eye it out.

IA Bryan Carlyle: I'll make a note to ask her about that when I see her then.

Chandu: *Moving to the Continental.*

Chandu: *Hôtel Continental Palace, renamed so a few months ago, going by a sign. It's a staple of French colonial architecture, and right off the bat, you can see that it's active.*

Chandu: *It's popular, frequented by elites and the press that comes with those. As for outer surveillance, you could set something up right at street level, of course.*

MSG Cillian Francis MacAllister: Why don't we just get a room for when the meeting will happen??

Chandu: *The limitation there is that you don't have a precise date until Trafficante sets out from Hong Kong. You can enter and ask the reception for information, though.*

MSG Cillian Francis MacAllister: We can just fucking book the entire month.

MSG Cillian Francis MacAllister: Let's go have a talk.

Chandu: *You leave Louis parked down the street and go on ahead.*

MSG Cillian Francis MacAllister: Actually I'm too fucked up to start this conversation, I'll just see myself to the bar.

MSG Cillian Francis MacAllister: Bryan takes over.

SSG Michael Giles: Nobody's going to give a black man the time of day. Go ahead bro.

Chandu: *The lobby is no less opulent than the outside. It looks decent. Mac, you make your way over to the acclaimed 'Continental Shelf' and grab a table. Let's deal with the situation at the lobby first.*

Monsieur Loi: An old man wearing a fancy white suit approaches you.

Monsieur Loi: "Monsieur." He nods at each of you.

Monsieur Loi: "Have you come to book a room?"

IA Bryan Carlyle: It's a fucking hotel booking, what the hell? It's not rocket science...

IA Bryan Carlyle: "For all four of us. Until..."

IA Bryan Carlyle: what's the current date

Chandu: *It is JUNE 16.*

IA Bryan Carlyle: "The end of June."

MSG Cillian Francis MacAllister: I'm gonna get a singular glass of whiskey sour and see the type of people sitting around at the bar and walking around to spot all the exits, at least until someone escorts me out.

Monsieur Loi: "Very well. Our policy is a maximum occupancy of two guests per room. We provide the king size bed option and the dual twin bed option."

Monsieur Loi: "That would be..." He checks a ledger.

IA Bryan Carlyle: I'm tempted to put Cillian and Mike in a single-bed room.

Monsieur Loi: "Two rooms, each for \$250 a week. That would be one thousand dollars. Will you pay with a check?"

IA Bryan Carlyle: "That'll work, yes."

Chandu: *Roll INT, Bryan.*

IA Bryan Carlyle: IA Bryan Carlyle rolls **Failure** -> 98 (Rolling INT Target: 70%)

Chandu: *It doesn't take a goddamned genius. This is extremely expensive. NEARLY \$10,000 IN 2026.*

Chandu: *Are you going ahead with the booking?*

IA Bryan Carlyle: For an excuse to be here while this sit-down is happening that's more than worth it so yes.

SSG Michael Giles: Can't we just disguise as valets and bus boys and shit

MSG Cillian Francis MacAllister: Can we ask our rooms to be arranged tactically.

MSG Cillian Francis MacAllister: Like closest to the lobby or conference hall

Chandu: *Very well. As you part the bills in your handful, the other two make general observations. Right away, you're given a choice: you can book rooms in the first or second floor. The third floor is "unfortunately unavailable" this month and the next.*

MSG Cillian Francis MacAllister: Second.

MSG Cillian Francis MacAllister: Actually can we do one first one second

Chandu: *Yes. Secondly. From the lobby, down the hall towards the elevators, you see two of them. One is being used by patrons normally, while another is being tended to by a singular security guard.*

Chandu: *He's dressed smartly as the staff.*

MSG Cillian Francis MacAllister: Staircases do exist and we'll get around to that later.

Chandu: *Thirdly, as Monsieur Loi hands your receipts, he invites you over to the Continental shelf, where he buys your first drinks. Tell us what you're ordering as we sort out the brief time Mac spent alone.*

SSG Michael Giles: Whatever high-end cognac they got in here.

IA Bryan Carlyle: Gin tonic.

SSG Nolan Afzal al-Attar: Whiskey.

Chandu: *Mac, the terrace befits a high-end hotel such as this one. You sit down behind a set of flowering frangipani trees-- your spot provides you with a perfect point to look at people coming in and out of here. You said you were looking, specifically, at...?*

MSG Cillian Francis MacAllister: I'm getting a sense of the clientele.

MSG Cillian Francis MacAllister: I'm also seeing wavy colors but that's another topic.

Chandu: *Without much thinking put into it, you note that the clientele is as high-end as the hotel itself. People you guess are politicians, bankers, contractors of all kinds. It's not packed to the brim, but you figure you could easily pretend to be day (or night) drinking to observe a conversation you'd really care to listen to.*

Chandu: *As for security... right as you start eyeing guys out, the others arrive, drinks in hand.*

MSG Cillian Francis MacAllister: No shipments or drugs from here?

Chandu: *That's outrageous. The Continental is clearly an upstanding establishment. You see no signs of drug distribution here.*

MSG Cillian Francis MacAllister: I meant if I was hearing anything of that sort.

MSG Cillian Francis MacAllister: Anyway.

MSG Cillian Francis MacAllister: "This is the last time we are seen sitting at the same table."

Chandu: *As for what to do at the Continental, we'll abstract the labor of surveillance. You can spend shifts observing the "shelf", pretending to be lost in the lobby, or parked down the street for traffic analysis. The way you choose to do this will affect whether you look suspicious or not.*

MSG Cillian Francis MacAllister: Guy with the maimed face being an alcoholic makes most sense so I'm taking the shelf.

SSG Michael Giles: Giles will be parked.

Chandu: *Carlyle, Nolan, will you join the labor of Continental surveillance?*

Chandu: *You still have other avenues of investigation.*

Chandu: *The other investigation, you know.*

MSG Cillian Francis MacAllister: Nolan being a mysterious middle easterner could spend a lot of time near the newspapers and telephones at the lobby I assume.

MSG Cillian Francis MacAllister: Bryan has places to be today no.

IA Bryan Carlyle: Yeah.

Chandu: *Then the team can spread out as selected and spend the rest of the day observing traffic and listening for conversations. The logical setups is as mentioned above, yes.*

Chandu: *We'll skip until Carlyle's second meeting with Tansy on the overmap.*

Chandu: *No need for a drawn out scene. Tansy hands you a "borrowed" set of tools you can apply here.*

- Discreet microphones (for the era) connected to miniature (for the era) recorders. These will have to be picked up for playback analysis.

- An arrangement of tools that will enable you to bug the machinery through which calls on a network are rerouted, and link it to either a recorder or an outside telephone line you can then connect a radio to on the other end.

Chandu: *We're returning you to the Continental with the devices. You can decide what to do with them later, when an opening comes up.*

Chandu: *EVENING.*

Chandu: *The team's starting to get a feel for the Continental's logistics. Rear stairways, backrooms, open balcony windows. If you spend another afternoon here, you figure you'll have them mapped out.*

Chandu: *Everyone roll SEARCH.*

Chandu: *Public.*

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Failure** -> 71 (Rolling Search Target: 40%)

SSG Michael Giles: SSG Michael Giles rolls **Failure** -> 59 (Rolling Search Target: 20%)

MSG Cillian Francis MacAllister: Can I figure out what the lock types are on our rooms at least.

IA Bryan Carlyle: IA Bryan Carlyle rolls **Success** -> 5 (Rolling Search Target: 60%)

SSG Nolan Afzal al-Attar: SSG Nolan Afzal al-Attar rolls **Success** -> 54 (Rolling Search Target: 60%)

Chandu: *Standard locks and pommels, actioned with a key. Each room gets two, one for each patron. You reckon you could work them manually from the outside when locked.*

Chandu: *Whether you should is for you to decide.*

Chandu: *About the hotel's security: From your respective spots, you can get a rough count of the muscle within the hotel. There's at least four guys active and spread out at any time. Since you're spending the rest of the day here, you notice that they work in three shifts.*

Chandu: *The shift changes every morning, afternoon and night.*

Chandu: *You'll have to narrate what you're doing if you want to roll a specific skill to find something more during this session of observation.*

SSG Michael Giles: How do they change out? Do they pull up by car or what?

SSG Michael Giles: Can we note down shift changing times when we can slip in?

SSG Michael Giles: Even though we're already in

MSG Cillian Francis MacAllister: I'm gonna roll Milsie Land to assess firing lines and chokepoints and possibility of an underground tunnel as is famous to be in larger hotels.

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Success** -> 56 (Rolling MilitaryScience (Land) Target: 60%)

Chandu: *Sometimes they park up, sometimes they walk in or out. Hotel security guys are pretty straightforward. And yes, you can observe their shift times and jot them down.*

Chandu: *Cillian-- you get the lay of the terrace and lobby, and do a walkaround through the first and second floors with a drink in your hand. Though you can't see any underground entrances...*

You hear a couple of patrons, one German and one Italian, chatting with each other on the terrace. "I heard there is a network of tunnels here," one says. "They should do tours. It reminds me of the news about Diem escaping the presidential palace through tunnels before he was killed."

Chandu: *So they have clearly heard the same rumors as you. You'll have to be nosier to do a proper tour, ideally during nighttime.*

MSG Cillian Francis MacAllister: Getting lost in one of them in the dead of the night sounds like a plan.

MSG Cillian Francis MacAllister: I'm just a drunk tourist.

Chandu: *Anyone with SIGINT can give us a roll for an initial guess on where the hotel switchboard might be.*

SSG Michael Giles: Who got the highest?

MSG Cillian Francis MacAllister: It's Bryan.

SSG Michael Giles: hit it WASP

IA Bryan Carlyle: IA Bryan Carlyle rolls **Success** -> 25 (Rolling SIGINT Target: 60%)

Chandu: *Carlyle notes the entrances to the staff areas. At around sunset, a suited-up guy with a briefcase walks in, then a lady walks out. Her hair makes it obvious that she's been wearing a headset all day.*

Chandu: *The entrance is through the kitchen. Another potential night task.*

Chandu: *There might be more creative ways to do this.*

MSG Cillian Francis MacAllister: We need to check the rooms ledger man.

Chandu: *Hit one last roll, a SEARCH for the hotel manager or Loi's office.*

IA Bryan Carlyle: IA Bryan Carlyle rolls **Failure** -> 87 (Rolling Search Target: 60%)

MSG Cillian Francis MacAllister: "Bryan go complain to the monsieur that your toilet won't flush I got a thing to peek."

Chandu: *Loi's walking around tending to guests all day, and the manager is nowhere to be seen. You do note, however...*

Chandu: *Loi pays special attention to specific guests. And in fact, one of those specific guests appears to be the four of you.*

Chandu: *He discreetly glances your way every time he walks past, sometimes asking whether you need a refill on your drinks or something to eat with them.*

SSG Michael Giles: Is this guy CIO or what?

MSG Cillian Francis MacAllister: He's the goddamn concierge now distract him so we can read the room ledger.

Chandu: *Carlyle can roll Persuasion at a +20%.*

IA Bryan Carlyle: IA Bryan Carlyle rolls **Failure** -> 52 (Rolling Criminology Target: 40%)

Chandu: *That's a success on Persuasion.*

Chandu: *You call Loi over from your table and ask him about Continental trivia. He tells you about the many famous guests that have come and gone, both during and before the war...*

Chandu: *Mac, what is it you intend to do while he's distracted?*

MSG Cillian Francis MacAllister: I'm gonna note down who's staying in every single room.

Chandu: *From the reception desk?*

MSG Cillian Francis MacAllister: Yes.

Chandu: *You find a younger staff member working the desk as you arrive.*

Chloé: "Monsieur? Is everything well?"

MSG Cillian Francis MacAllister: "I'm going to meet a special friend here in a bit so can you take this 20\$ and go in the back for a minute?"

MSG Cillian Francis MacAllister: "Just a minute, please."

Chloé: She looks around for Loi.

Chloé: "Uh... we keep this secret, yes?"

Chloé: She gingerly grabs the bill.

MSG Cillian Francis MacAllister: "Of course, I haven't seen you before in my life."

MSG Cillian Francis MacAllister: I shoo her away.

Chloé: And stuffs it in her pocket.

MSG Cillian Francis MacAllister: I'm taking my notepad out and going to town.

MSG Cillian Francis MacAllister: Starting with the magical 3rd floor.

Chandu: *You rifle through the ledger while Nolan watches the coast. The guards aren't here, the one closest is by the elevator and can't see you from his spot.*

Chandu: *Let's see.*

Chandu: *Most of the names here are random people who are checking out in the next four days, going home from stays of varied lengths. You do see a few advance bookings.*

MSG Cillian Francis MacAllister: Wait don't we have a fucking camera on Nolan?

MSG Cillian Francis MacAllister: Why do I even bother...

Chandu: *Namely:*

- Room 307: Mr. Lucien Sarti.

- Room 306: Mr. Jean Moran.

- Room 305: Reserved for staff purposes.

Chandu: *The rest are "to be confirmed".*

Chandu: *You jot these names down. Nothing more to be gained from this list with the meeting so relatively far away.*

MSG Cillian Francis MacAllister: Can I install the phone bug here?

MSG Cillian Francis MacAllister: Actually fuck that, too much work, who knows.

MSG Cillian Francis MacAllister: I'm looking for any alarm buttons below the desk.

Chandu: *You'd have to take apart the phone then put it back together, but it's technically doable... if this place is ever left unattended. However, it'd give you ears into this specific phone. The switchboard is the hot spot.*

Chandu: *You see no alarm buttons.*

MSG Cillian Francis MacAllister: Can I take photos of the keys of the 3rd floor to have an impression of them later.

Chandu: *Hit a SEARCH to rifle through the cabinets discreetly for the keys.*

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Success** -> 40
(Rolling Search Target: 40%)

Chandu: *You find the keys for rooms:*

- 304

- 305

- 307

And...

- 301.

MSG Cillian Francis MacAllister: I'll just snap a photo, we can impress them later, but I would like to grab a spare underground access key as it would be more likely to be misplaced.

Chandu: *That means you have Lucien Sarti's room and the one "reserved for staff" in that selection, by the way. No way to tell who's in the others yet.*

Chandu: *Since that was an exceptional roll: you don't find a key for an "underground" of any kind, but you do find a spare kitchen key.*

MSG Cillian Francis MacAllister: Pocketing, I think that was enough.

Chandu: *Must be a backroom, since the way in through the front is just a swing door.*

Chandu: *You step back into the lobby.*

MSG Cillian Francis MacAllister: Let's go see what's there, after the chick returns. I'm vanishing.

Chandu: *Check what's through the kitchen's outside entrance, you mean?*

MSG Cillian Francis MacAllister: Wherever this lock opens to.

Chandu: *Observing the kitchen's layout from the lobby, you determine that the way through the back is... indeed outside.*

MSG Cillian Francis MacAllister: So this is just a backdoor key?

Chandu: *Indeed. The alleyway isn't guarded-- it looks like the door that staff lug trashbags out of the kitchen from.*

MSG Cillian Francis MacAllister: We could just glue that shit shut on the fateful day I guess. Or not. Moving on.

Chandu: *You can tell that it is jammed open at this time, in fact. The kitchen's still open and there's people working in there.*

MSG Cillian Francis MacAllister: I want to spy around on the 3rd floor.

Chandu: *Sure. You can head up the stairs.*

MSG Cillian Francis MacAllister: Discreetly of course. Don't want to, you know.

Chandu: *Picture the climb from the 2nd floor up to the third, it's not displayed here. You make it up to the final step...*

Chandu: *And a guy in a suit is sitting on a chair around the corner.*

Associé: "Monsieur."

Associé: "S'il vous plaît. Area is off-limits."

MSG Cillian Francis MacAllister: "This ain't my fucking floor..."I just stumble down back.

MSG Cillian Francis MacAllister: Climb up?

Chandu: *Well shit you can try to climb into an open balcony from the alleyway.*

Chandu: *It'll be an Athletics roll with a -20% from your lingering intoxication.*

MSG Cillian Francis MacAllister: You know what... I think this can wait given that the kitchen is working and if someone sees me its wraps.

Chandu: 2

Chandu: *The coast is clear, my friend.*

MSG Cillian Francis MacAllister: Here goes none...

Chandu: *It's all on you and your climbing abilities.*

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Failure** -> 56 (Rolling Athletics Target: 40% (60%-20%))

Chandu: *You climb up using the ledges. You get to the second floor. However-- The support pipe you laid your weight onto to progress up to the 3rd gives in. It doesn't collapse immediately: make another Athletics roll.*

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Success** -> 6 (Rolling Alertness Target: 60%)

Chandu: *A success. You grab onto a ledge on your way down, bruising your hands but keeping you from breaking your spine or cranium on the alleyway pavement.*

Chandu: *Luckily, no one's watching. You're rolling for 1d6 damage.*

Chandu: 4

MSG Cillian Francis MacAllister: Enough of this shit...

Chandu: *It's gonna hurt for a bit. You stroke your hands when you come back down to ground level.*

MSG Cillian Francis MacAllister: Nothing more whiskey can't take care of.

Chandu: *Nothing's broken, but it's not a good idea to give it another try.*

Chandu: *ANYWAY.*

Chandu: *We're skipping to day two, morning time now. Who's going to sleep?*

MSG Cillian Francis MacAllister: I need to.

SSG Michael Giles: Giles is going to carwatch a little longer.

Chandu: *You can pull an extended shift. Nolan, Mac: as you meet up at the lobby on each of your ways back up to your rooms, you overhear...*

Chandu: *Oh, this is in French, which you don't understand. Still:*

Claude Francisci: This man seems to be berating the receptionist. You get the rough idea that he's late for an appointment on her account. He gestures at his clothes: probably the laundry.

Chloé: The girl's looking down and nodding, throwing a few "Oui, Monsieur Francisci..." every now and then.

MSG Cillian Francis MacAllister: Man fuck him I'm gonna bump into him and spill whiskey all over his shit.

Chandu: *This takes no roll, he's looking at the chick. You bump into him and spill everyone on his Shit.*

Claude Francisci: "MERDE!"

MSG Cillian Francis MacAllister: "Ooops."

MSG Cillian Francis MacAllister: "Sorry lad."

Claude Francisci: He turns around.

Claude Francisci: "What ze fuck?! Drunkard!"

MSG Cillian Francis MacAllister: "Hey, relax, I'm staying here."

MSG Cillian Francis MacAllister: I'm stumbling.

Claude Francisci: "Just... go away. Putain de merde... Chloé!" He takes his jacket off and throws it over her head.

MSG Cillian Francis MacAllister: Did I manage to feel him for a gun?

Claude Francisci: Then he storms back to the third floor elevator.

Chandu: *Sure-- you not only felt the hardness of steel on his lower back-- you can see the pistol that was quickly tossed in his pants as he storms off without a care in the world.*

MSG Cillian Francis MacAllister: Awesome, now that he knows me as "fucking asshole" and I know him as "VIP".

Chandu: *If only Vietnam's gun laws weren't so permissive during wartime.*

MSG Cillian Francis MacAllister: I'm just gonna wink at the receptionist and go collapse on the bed.

Chloé: She's legitimately at the verge of crying as she takes the white jacket off her face.

Chandu: *WE'RE ENDING THE SESSION HERE. DISCUSS IN DISCORD WHAT YOU WANT TO DO DURING THE DEAD OF NIGHT, IF ANYTHING, AND WHAT THE PLAN IS FOR DAY TWO.*

ALONSO SESSION 2

May 29, 2026

June 17, 1968

Chandu: *ALONSO - II.*

Chandu: *Mac. Prior to getting an early start this morning and getting to Tan Son Nhut, you'd swear you could recall several sentences spoken by someone, somehow, in your dream.*

Chandu: *"But, my dear fellow, you are joking then," said I, "this is a very passable skull –indeed, I may say that it is a very excellent skull, according to the vulgar notions about such specimens of physiology –and your scarabaeus must be the queerest scarabaeus in the world if it resembles it. Why, we may get up a very thrilling bit of superstition upon this hint."*

Chandu: *You reason it might've been the combination of alcohol, smokables, and a hint of morphine base throughout the day.*

Chandu: *A recap:*

- *You have two rooms at the Continental through the end of June.*
- *The third floor seems to be clearing off its final guests and new bookings are not being taken.*
- *Mac will be busy until 1300R, at which point WDC Import & Repair becomes available to visit.*
- *It might be a good idea to visit or give the BOQ a call in case a message's been left there.*

Chandu: *Prior to skipping over to 1300R, does the rest of the team at the Continental want to do something specific?*

SSG Michael Giles: What are the results of carwatching?

Chandu: *They've been mostly mundane, to say the least. Though something did wake you in the middle of the night, as you dozed off to exhaustion: a fruit truck being unloaded into the kitchen. Usual delivery, you figure.*

Chandu: *What didn't look very usual was the load of glassware the staff appeared to load back into it.*

Chandu: *Nor the kind of staff that did it. These looked like hotel security. You didn't follow them, but it might be a routine activity.*

SSG Michael Giles: These zipperheads are always up to no good, whatever.

Chandu: *Carlyle and Giles can meet out front to decide on their next steps, then. One moment...*

Chandu: *The morning heat is already rising off the pavement outside the Continental. The hotel is moving through its breakfast rhythm. Loitering guests walk around with newspapers under their arms, staff help patrons with their luggage, the last two guys on the night security detail are relieved by the oncomers.*

Chandu: *As you head out to meet each other, you notice...*

Louis' Peugeot 404: Louis' car is parked across the street.

Louis Thanh: Louis himself is at the payphone beside it, one hand cupped around the phone, his back turned halfway to the hotel. You can tell he's smiling, but not in the loose way he was yesterday.

IA Bryan Carlyle: Anything I can roll to eavesdrop on him?

SSG Michael Giles: Giles walks up to Carlyle.

SSG Michael Giles: "Who's VC over there talking to? Hanoi Hannah?"

Chandu: *He hasn't seen you yet. Hit a STEALTH, blind. Giles' rating is highest.*

IA Bryan Carlyle: "Who cares? Let him have his privacy, he's just some stiff." I say like I'm not also trying to listen in.

Chandu: *He's distracted. You approach him discreetly and start catching a few words in French over the street noise as you close the distance.*

Louis Thanh: "...gonna like this. Four Americans."

Louis Thanh: "...called you last night... yeah."

Louis Thanh: "...don't know yet."

Louis Thanh: "Tonight? Super."

Louis Thanh: He hangs the phone up and turns, noticing the two of you approaching the car. He waves cheerily.

Louis Thanh: "Yo!" Back in English.

SSG Michael Giles: "What's up, yellow man?" he offers the ritual of the dap up to the viet.

Louis Thanh: He follows along as etiquette demands. He's familiar with the gesture.

IA Bryan Carlyle: I give him a little smile and wave like Jimmy Conway right before he tries to kill Henry Hill's wife.

SSG Michael Giles: He probably thinks I'm some ghetto negro who doesn't speak a lick of French. I'm gonna keep it that way.

SSG Michael Giles: "Yo, slim, get over here - you're in charge of the itinerary."

Chandu: *Nolan's out of the building by now too, also.*

Louis Thanh: "Well, she's ready and waiting."

Louis Thanh: "Where are we off to next?"

Louis Thanh: He taps the hood.

SSG Michael Giles: "Shiit, before we get Mac we can pop into Carolina to see if we got any lady callers on the message board."

IA Bryan Carlyle: I give Mike a raised-eyebrow sorta look to make sure we're both on the level about beating this guy's ass.

SSG Michael Giles: He's smoking some fucked up clove cigarillo he got from a street vendor.

SSG Michael Giles: He just shrugs back to Bryan and raises his eyebrows quizzically.

Louis Thanh: "Right on, bro. Hop on in."

Chandu: *Having a car does make moving around Saigon easier!*

SSG Michael Giles: This city was built by Europeans therefore it's impossible to navigate like a human being.

SSG Michael Giles: Giles will go to the reception and ask if there's any messages for the drug task force or whatever the fuck we were called.

US Marine MP: "Yeah uh, I don't know where the clerk is. He gave me a ten and told me to watch his desk for a couple of hours."

US Marine MP: "Anyway..."

US Marine MP: He digs around the drawers.

SSG Michael Giles: Conveniently leaving out the part that they've been shipping heroin base for the CIA for like years now.

SSG Michael Giles: Wink wink nod nod.

US Marine MP: "Yeah, he wrote somethin' down." He reads it aloud for you. 'Tansy Cahill from the Chancery, come over this evening before the workday's over, bring everyone, not life or death'."

US Marine MP: "Nothin' more."

SSG Michael Giles: "The clerk gave you ten bucks for this? You got stiffed, man."

SSG Michael Giles: "Good enough," Giles will relay this to the team. Let's get the fuck out of here.

SSG Michael Giles: He's thinking about getting a scooter or motorbike to ride around this tropical hellhole solo if it is needed.

Chandu: *Everyone's back on the 404, and ready to move. It's about midday by now, we can skip right to 1300R (picking Mac up from Tan Son Nhut).*

Chandu: *Unless there's something else to do in this little time.*

Chandu: *OTHERWISE...*

Chandu: *1300G*

Chandu: *The car's in the parking lot by the time Mac comes out from the building. Anything to say?*

Chandu: *You've got a copy of the MACV-US historical record file for the 1955 MAAG action in your hand, too.*

IA Bryan Carlyle: Other than that we have a meeting tonight, not really.

SSG Michael Giles: Let's read this bitch.

MSG Cillian Francis MacAllister: We got somewhere to be.

MSG Cillian Francis MacAllister: You'll read it later.

SSG Michael Giles: Preferably a ways away from the chink.

Chandu: *The handout's in the channel, feel free to read along. If I understood that correctly, the very next stop is, as mentioned...WDC IMPORT & REPAIR?*

Chandu: *The drive over will take about forty minutes from TSN.*

Chandu: *1345R, CHOLON*

Chandu: *Cholon is louder than the map makes it look. By the time you find the address, you've noted the difference between downtown Saigon and Cholon. Narrower streets and a melting pot of languages are the two most obvious.*

Chandu: *French balconies sit above it all like old bones as business goes about at street level. There might be a GI here or there, but the mass of people here is impressive, and even people who'd typically stand out can find a way to blend in.*

Chandu: *You get to the listed address and find the spot, in effect. WDC Import & Repair. Out on display are field knives, lighters, and all sorts of surplus material that you could spend a day rifling through. Anything to say or do before proceeding inside?*

SSG Michael Giles: Anything cool?

Chandu: *You'd have to dig around yourself, listing what you might be looking for and optionally hitting a roll. This is mostly surplus equipment and pawned-off stuff.*

Chandu: *The kind of place you might get lucky at, of course.*

SSG Nolan Afzal al-Attar: Did I have any luck with that Criminology roll?

Chandu: *Who fucking knows? You haven't rolled!*

SSG Michael Giles: Any cool knives?

SSG Nolan Afzal al-Attar: Well I'm going in for it now then.

SSG Nolan Afzal al-Attar: I want that suppressor.

Chandu: *We'll do potential purchases later. We're heading in.*

MSG Cillian Francis MacAllister: Enough of this fracasse, let's head inside.

Chandu: *It gets dimmer inside. It smells like canvas, dust, tobacco, and a tinge of opium sweetness-- a smell you've been close to in the past few days, counting Tran Phu in Da Nang and the fields in Burma.*

Capt. Walter D. Fielden: Over by the chair, a white, clearly American man looks up your way from an opened radio chassis. He looks about the age the file says he should be, 39. There's a cane leaning up against the low table in front of him.

Capt. Walter D. Fielden: "You buying?"

MSG Cillian Francis MacAllister: Not surprising at all that he may be an user.

SSG Michael Giles: Isn't he all fucked up? He's got legitimate medical reasons to be high all the time.

MSG Cillian Francis MacAllister: I'm gonna walk up to the desk and size him up, quiet macho style.

SSG Michael Giles: Wow, sizing up the crippled guy with a cane. Real tough guy, fighting irish.

Chandu: *Are you hitting a HUMINT roll or sum?*

MSG Cillian Francis MacAllister: I'm trying to see if this is the guy.

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Failure** -> 57 (Rolling HUMINT Target: 50%)

Capt. Walter D. Fielden: Well, you can tell he's not recoiling back from your wordless approach. He's working away at fixing some small furniture clock with small tools.

Capt. Walter D. Fielden: You can confirm from here that he's got a peg leg. It's made out of wood and worn metal.

Capt. Walter D. Fielden: It looks sturdy. Still, the cane's leaning on the small table.

MSG Cillian Francis MacAllister: "November 55, Captain. We need your help."

Capt. Walter D. Fielden: He pauses, then looks up into your eyes.

Capt. Walter D. Fielden: "Well, you found me."

Capt. Walter D. Fielden: "Ah, shit... better head on upstairs. Come."

Capt. Walter D. Fielden: He stands up with the cane's help, and only then do you see his left leg properly, or rather, the prosthetic attached to it. It sits just under his calf. It's made out of wood and worn, sturdy metal. It looks like he's using the cane out of habit, the prosthetic looks solid.

MSG Cillian Francis MacAllister: May as well.

Chandu: *He leads you upstairs. He doesn't move fast, but not slow enough to invite help either.*

Chandu: *The room above the shop is a little cooler, if smaller, than the shop below. He sits on the couch with his back to the wall.*

Capt. Walter D. Fielden: "Right. You got news?"

MSG Cillian Francis MacAllister: "Do you know Ming Yuan?"

Capt. Walter D. Fielden: "Name's Fielden. You clearly know that much."

Capt. Walter D. Fielden: "Ming who?"

MSG Cillian Francis MacAllister: I'm just gonna stay silent for a moment here.

Capt. Walter D. Fielden: "This is about the races back in '55, correct? Peer into the abyss and all that shit?"

Chandu: *Your PROGRAM affiliation tells you that, in effect, "A day at the races" is a codeword for a DELTA GREEN operation.*

Chandu: *Widely used.*

MSG Cillian Francis MacAllister: "It's our turn now. We need to know what you saw that day."

Capt. Walter D. Fielden: "Days, months. It wasn't a walk in the park."

Capt. Walter D. Fielden: "I get you have the basics. Binh Xuyen was the part we could say out loud. I was in charge of an RVN Marine company, we hit their spots from the river first. Boarded their boats and burnt the ones we couldn't crew."

Capt. Walter D. Fielden: "Now, what you need to understand, we were told some shit about the Kuen Yuin. Since you're here, I'm assuming my guesswork back in the day was more or less right."

MSG Cillian Francis MacAllister: "It was wrong. We killed one."

Capt. Walter D. Fielden: "Good. Well, I'd supposed "deathless" wasn't equivalent with 'immune to overwhelming physical trauma.'"

Capt. Walter D. Fielden: "What didn't track, though... the fuckers with the teeth and the eyes. Those were news."

Capt. Walter D. Fielden: "Gotta give it to the Viets. They weren't read into the races, but they were all in with us. Not one of them ran."

Capt. Walter D. Fielden: "Anyway, they came after us at the wharves and riverfront alleys. CQC. We had superior firepower, but there were fucktons of them. Had to call the Colonel for artillery support."

Capt. Walter D. Fielden: "We ended up shelling the city itself, starting from the wharves. Then it was a mop-up operation in Cholon."

Capt. Walter D. Fielden: "We took the same guys with us into the Rung Sat," he pauses. "And I'm not fucking joking when I say that fuckin' swamp is the worst place that ever existed."

Capt. Walter D. Fielden: "And I was at fuckin' Chosin."

Chandu: *Everyone here knows the battle of Chosin from the Korean War, of course.*

Capt. Walter D. Fielden: "We used light crafts to speed ahead of the main assault on the BX to get the drop on the cult, following up on the Colonel's intel." He nods. "We found their temple, there was a congregation there. Called the first of the airstrikes in and marked the location for demolition after ARCINT."

Capt. Walter D. Fielden: "It was calm, compared to what would come next. The hybrids, as the Colonel took to calling them, all ran or fuckin' swam deeper into the swamp. We were pumped, gave them chase. I figured we were on their heels to their base camp."

Capt. Walter D. Fielden: At this point, Fielden reaches for the opium pipe that's been sitting on the desk and methodically preps it.

Capt. Walter D. Fielden: "Hope you don't mind. Helps with the leg."

MSG Cillian Francis MacAllister: "Why did you come back Captain? You could have been home."

Capt. Walter D. Fielden: He speaks whilst still prepping the pipe. "Ain't had a home to get back to. I'm rural Kentucky, alls I had was my mom and pops back in the day. They passed away before I got back stateside."

Capt. Walter D. Fielden: "I figured I'd make the most of my in-country experience. Got me the shop and the wife. Not that it's relevant right this minute."

Capt. Walter D. Fielden: He lights the pipe up and takes a measured pull, then offers it up to the group.

MSG Cillian Francis MacAllister: "The way it's looking, you wouldn't wanna be sitting where you are puffing on the good stuff five, maybe a year from now."

MSG Cillian Francis MacAllister: "It's your life, though."

MSG Cillian Francis MacAllister: "How did that happen?" He nods at his prosthetic.

SSG Michael Giles: Black Mamba don't do no smack.

Capt. Walter D. Fielden: "Yeah... getting there." He has another lungful, then rests the pipe on the table, still lit. You could reach over for it and have a polite toke as well if you'd wished.

Capt. Walter D. Fielden: "Long story short, it all went to shit."

Capt. Walter D. Fielden: "The radio... fuck all. Surprised I got through."

MSG Cillian Francis MacAllister: We got an ugly Becky to meet tonight so I am puffing on it. I wasn't going to, but then I remembered.

Capt. Walter D. Fielden: He sits up. "Black, sharp wings. They picked a fucking guy up and tossed him down into the ground from fifty, sixty meters up."

Chandu: *Mac-- apart from the room getting a little hazier, you're unaffected. It's just a polite toke, after all.*

MSG Cillian Francis MacAllister: Alright, besides this guy's incredible trauma, how can he actually help us with our current situation?

Capt. Walter D. Fielden: "We pushed on. We got to a lake... don't ask me which fuckin' lake. It ain't on the map."

Capt. Walter D. Fielden: "And I have never seen anything like that. Before or since... size of a cathedral. White."

Capt. Walter D. Fielden: "Sickly white. Patient."

Capt. Walter D. Fielden: "Feels like fuckin' fingers in your eyes, you can't shut them. It scraped at my brain."

Capt. Walter D. Fielden: "Then, the airstrike. Only fuckin' thing I could think of to get us out of there. Then I couldn't feel my leg. I remember the heat, the pain, getting dragged by the harness back into the boat."

MSG Cillian Francis MacAllister: "I wouldn't dare question what you saw. I saw a man fall down through three floors without making a mark on any of them." "What do you think you saw back there Captain?"

IA Bryan Carlyle: That makes a change, I think to myself.

Capt. Walter D. Fielden: "Course. My uneducated guess would be that of a big fuckin' fish-- if I didn't know jack shit about aquatic lifeforms."

Capt. Walter D. Fielden: "My leg-- fungus. Same color as that big fucking monstrosity. It was on my skin for too long, and it wouldn't come off. It was killing me."

Capt. Walter D. Fielden: He takes out the prosthetic and shows you his stump. It's deformed unlike a typical stump, with benign-looking growths on it.

Capt. Walter D. Fielden: Roll ALERTNESS, someone.

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Failure** -> 80 (Rolling Alertness Target: 60%)

SSG Michael Giles: SSG Michael Giles rolls **Success** -> 4 (Rolling Alertness Target: 50%)

Capt. Walter D. Fielden: You can't quite tell, but it looks like some sort of metal piece is embedded right about his calf, above the stump.

Capt. Walter D. Fielden: Looks like a ring.

Capt. Walter D. Fielden: "Anyway, I was lucky I was in good company. RVN boys, the Cat too. I still don't know how we got in there, but the fucker most definitely got us out."

Capt. Walter D. Fielden: "I can point the temple out on a map for ya. The lake, I don't fucking know."

Chandu: *Mac, before anything else...*

Chandu: *You feel the smoke at your throat still, subtly. It's sweet and bitter at the same time. Thick at the throat, and warmer than cigarette smoke. It's only a little hazy and it won't get worse than this, of course, but still...*

Chandu: *A second or two pass before you realize that you need air. Suddenly and completely.*

Chandu: *You feel an overwhelming compulsion to kindly excuse yourself and make your way outside, alone, if only for a minute or two.*

MSG Cillian Francis MacAllister: I'll just do it, let these three take over.

Capt. Walter D. Fielden: You lean on the wall by the shop. As for the rest of you guys, Fielden marks the spot on a map of the Rung Sat Special Zone.

Capt. Walter D. Fielden: "I learned it was an ancient Khmer temple right after the fact. I'm sure some archaeologist somewhere is fuck-mad at me."

MSG Cillian Francis MacAllister: So what was it, Is the skrong too much?

Chandu: *Back outside...*

Chandu: *Cholon hits you all at once. Bicycle bells, engines, people shouting across the street, the sound of hammering down the block... fruits... gas...*

Chandu: *Still leaning back against the wall, you close your eyes for a second.*

Chandu: *Your mind wanders. Your first time behind the wheel. Your first hunting trip. The people you hung out with during your later years in high school.*

MSG Cillian Francis MacAllister: Oh god he was smoking the hippy shit. Fuck...

Chandu: *There was this one girl. Last seen, you think, about twenty years ago. What was her name?*

MSG Cillian Francis MacAllister: I don't know. I have this gut feeling to say "Lucy".

Chandu: *Was it? Roll POW, public.*

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Success** -> 34
(Rolling POW Target: 65%)

Chandu: *You notice something stirring within your consciousness. Even stranger-- within your thoughts, your memories; you'd swear you were thinking of another name just now. L...? No, nevermind. Ariadne was her name.*

Chandu: *You open your eyes to a slight tint of red and gold in your field of vision like an overlaid filter.*

Chandu: *Nothing's changed, really... that's when you swivel your head to your right, and see her leaning on the same wall you are, two feet away.*

Ariadne Mekonakis: She smiles like she's been waiting for you to address her.

Ariadne Mekonakis: "Room get too small?"

MSG Cillian Francis MacAllister: "Leave me alone bitch."

Ariadne Mekonakis: "Come now. Check your pocket."

MSG Cillian Francis MacAllister: I'm tripping up to space. What's in it.

Chandu: *Your fingers close around something warm. You draw it out: a brown little mouse, alive in your palm. Its whiskers tremble as you bring it for a closer look.*

Ariadne Mekonakis: She's watching the mouse, pensively.

Ariadne Mekonakis: "Very deceiving animals. Often underestimated, I'd say."

Chandu: *The two of you blink in unison, and the mouse is gone with the wind.*

MSG Cillian Francis MacAllister: "I'm gonna open and close my eyes and you won't be here."

Ariadne Mekonakis: "I did have something to give you before that can come to happen."

Ariadne Mekonakis: She produces a small aluminum can out of thin air-- right into your palm.

Chandu: *It's labeled MEMC. It's cold to the touch.*

Ariadne Mekonakis: "Methoxyethyl mercuric chloride. For the swamp foot."

Ariadne Mekonakis: "I hear it's lethal this time of the year."

MSG Cillian Francis MacAllister: "Will it help the guy up on the second floor?"

MSG Cillian Francis MacAllister: "I don't think he stopped dying after the amputation."

Ariadne Mekonakis: "Hm. Well, how should I put it..."

Ariadne Mekonakis: "I'm not sure how much I should say. Let us leave it at... there is something keeping him whole."

MSG Cillian Francis MacAllister: "I figured as much."

MSG Cillian Francis MacAllister: "I wonder how many of those rings are there to go around."

Ariadne Mekonakis: Ariadne Mekonakis shrugs.

MSG Cillian Francis MacAllister: "Where do they come from?"

Ariadne Mekonakis: "I could try to find out. But my time runs very short now."

Ariadne Mekonakis: "That is all I have for you this once. Perhaps you'll have the chance to see me again later."

Chandu: *The street noise swells back in as a moped cuts its way through the road right between the two of you. It was less than a second that she was obscured by it, but she's gone nonetheless.*

MSG Cillian Francis MacAllister: So is the can gone now?

Chandu: *It's still in your hand, and it's still cold.*

MSG Cillian Francis MacAllister: Fucking hippy bullshit this guy is smoking, man... Though I'm far above and beyond to be questioning things like this now.

MSG Cillian Francis MacAllister: At least the hallucination told me that the rings are not what makes people into what Ming was.

Chandu: *Before you head on up, hit a SANLOSS macro. That bottle wasn't there before, indeed.*

Chandu: *You figure you'll keep it handy. As for how it came to be on your hand... you're not troubled about that.*

Chandu: *So, Fielden's marked the location of the Khmer temple on your RSSZ map. Additionally:*

Capt. Walter D. Fielden: "Am I the first from back in the day you're speaking with?"

MSG Cillian Francis MacAllister: I'm not gonna reply to that.

SSG Michael Giles: "You the only one so far, man."

IA Bryan Carlyle: "To be frank we had no clue there'd been any encounters with Ming's type until now."

Capt. Walter D. Fielden: "Find the Colonel. Edward Lansdale, he was with the Air Force."

Chandu: *Carlyle, hit an INT, blind.*

Capt. Walter D. Fielden: "The way you describe him makes it sound like some other part of the cult."

Capt. Walter D. Fielden: "These fuckers were transfigured."

Capt. Walter D. Fielden: "Heavy on the aquatic motive."

Chandu: *Carlyle: thinking about it, you recognize the name. Edward Lansdale, Major General, USAF (Ret.) This man was a pioneer in psyops back in his day. What's more: you know his name is in the Embassy staff list, as he still collaborates with the Defense Attache's Office.*

Chandu: *Finding out his address should be a piece of cake.*

IA Bryan Carlyle: "I wouldn't know, but everyone in The Program tells me you get by best if you don't stress the details too hard on these things."

MSG Cillian Francis MacAllister: This guy marked it on the map, isn't it quite literally just a crater now?

Capt. Walter D. Fielden: Not quite. It was hit with napalm loads, by his description, same as the Thing later on in his recounting of the events. He did mention enough being left for demolition after ARCINT collection, but he doesn't know how that went.

MSG Cillian Francis MacAllister: I really don't know about this one, maybe we'll telex this to Japan.

Capt. Walter D. Fielden: "If you need hardware, I can give you a hand with small arms and explosives. You're going to want heavier shit if you're going into the swamp at any point."

SSG Michael Giles: "You're really going above and beyond on this, huh?"

Capt. Walter D. Fielden: "A gunship. An infantry escort. A boat. As much as you can get."

Capt. Walter D. Fielden: "If there's anything left of them, I'll feel fuckin' responsible for not having finished them off in '55."

MSG Cillian Francis MacAllister: "How about drugs? What do you know about the French connection?"

SSG Michael Giles: "Shiiit, we're not likely to be able to fenagle Puff the Magic Dragon on our shit."

IA Bryan Carlyle: "The hell kind of question is that?"

IA Bryan Carlyle: I say not realizing he's toking straight heroin.

Capt. Walter D. Fielden: "I don't know shit about the French. I get my junk from nonfactors, street scum."

Capt. Walter D. Fielden: "Helps take the edge off. You know how it is."

MSG Cillian Francis MacAllister: "Fair enough. Get someone to run a message to BOQ Carolina if you need us. So long."

MSG Cillian Francis MacAllister: I'm going.

Capt. Walter D. Fielden: "Same to y'all, number's written on the sign out front if you come to need anything or need me to take a look at something. Take care."

SSG Michael Giles: "Shiiiet, take it easy on the smack, man," he walks off with a wave.

Capt. Walter D. Fielden: "Don't get your shit blown off." He chuckles, toking on the pipe.

Chandu: *We're proceeding outside and deciding on what to do over a:FIVE MINUTE RESTROOM BREAK.*

Chandu: *Of course, Louis is chilling outside.*

Louis Thanh: He waves.

Chandu: *BREAK IS ON.*

Chandu: *Here's your map of the RSSZ. Fielden's mark is right there.*

Chandu: *An expedition into the Rung Sat will require securing appropriate means of transport and, at your leisure, an escort. You can all reason that such means and escorts might come from*

several different sources. It's still only DAY 2, and you have time to think about it and gather further intel.

MSG Cillian Francis MacAllister: Next stop is embassy, not only will I not make this decision by my bare ass we also got the major to talk to

SSG Michael Giles: Or we can just not go to some stinkin' fuckin' swamp...

Chandu: *Louis drives you over back to the Chancery. We're there by...*

Chandu: *1445G.*

Chandu: *Back at the Chancery. You're all heading up to the BNDD desk, Louis hangs back outside with the 404.*

Tansy Cahill: "Yeah, that requisition form's still got to come through. We can't get it here without that stamp." She holds a finger up as you pull up.

Tansy Cahill: "Well there's nothing I can do about that one, is there?"

Tansy Cahill: "I'm begging you not to call me until that document's stamped. Bye."

Phone: Click.

Tansy Cahill: "Hello!"

Tansy Cahill: "Good to meet the rest of you. I've read the paperwork, no need to introduce yourselves."

Tansy Cahill: "How'd your first day go? Any news?"

Tansy Cahill: She lights a thin cigarette up.

MSG Cillian Francis MacAllister: I'm more disappointed than annoyed. Bryan is up.

IA Bryan Carlyle: "Very little so far, I'm afraid. Well, something's odd about the goings on over in that hotel they've booked but it's not like we're gonna stick our noses in far enough to get scalped."

Tansy Cahill: "Well, we're, uh..." She leans over the desk and looks around for anyone looking over here. In a very non-discreet manner.

Tansy Cahill: "We're already pushing it with those wires, you know?"

Tansy Cahill: "But I'm all in. Anyway, I've got something for you."

Tansy Cahill: "So I was up late thinking about the Continental. This is going to sound unorthodox because it is."

Tansy Cahill: "I did some digging of my own and took a look through their staff lists, correlated names with incidents involving gang violence or vice business in Cholon, et voilà."

Tansy Cahill: "Claude Francisci. Bonaventure Francisci's very own cousin."

Tansy Cahill: "Clean, as far as the drug business goes-- I'm guessing he's the hotel face, the manager."

Tansy Cahill: "About those ledgers I looked through. I found out he's got an outstanding debt of give or take two thousand USD at this Triad joint in Cholon, the 'Crazy Horse Palace'."

IA Bryan Carlyle: "That about aligns with what we've been seeing in there." I turn to Mike.

Tansy Cahill: "Does that sound promising or what?"

SSG Michael Giles: Michael nods.

IA Bryan Carlyle: "Hell, we're in for it already with those bugs so we might as well blackmail this poor fucker while we're at it."

MSG Cillian Francis MacAllister: I'm just rubbing the bridge of my nose.

MSG Cillian Francis MacAllister: This is so fucking stupid.

Tansy Cahill: "Hahaha. We're so getting fired if anyone finds out."

SSG Michael Giles: Junkie says what?

Tansy Cahill: "But it's definitely worth looking into. If you can be discreet about it."

IA Bryan Carlyle: "Thanks a ton, of course. And I wouldn't worry about your job-- hell, with the way things are going they'll have abandoned this place records and all before anyone can accuse you of anything."

SSG Michael Giles: "That ain't very red white and blue of you, slim."

Tansy Cahill: "Hey, I'm still trusting General Westmoreland's forecast. It's two months until my tour is over, anyway."

Tansy Cahill: "Then it's back to Baltimore for me."

Tansy Cahill: "Anyway, you guys let me know if there's anything I can help you out with or need ideas for. You have my number."

IA Bryan Carlyle: This would be much easier if they had laws specifically for dealing with Racketeer Influenced and Corrupt Organizations. Bryan thinks to himself.

IA Bryan Carlyle: "Of course."

MSG Cillian Francis MacAllister: "Yeah I got an idea, go get yourself a new haircut and maybe a jacket that looks hot. Let's just go."

MSG Cillian Francis MacAllister: "Jesus."

IA Bryan Carlyle: "What the hell?"

Tansy Cahill: "Well you're a ray of sunshine aren't you."

MSG Cillian Francis MacAllister: "We got somewhere to be."

SSG Michael Giles: "Don't mind him, he's Irish, he has it bad enough as it is."

Chandu: *Also, one of you is still hanging onto that morphine base briefcase, JSYK.*

Chandu: *Are we leaving?*

MSG Cillian Francis MacAllister: Why the fuck do we still have it with us we already made up our mind on how to use it.

Chandu: *Well, Carlyle didn't drop it off at the BOQ and leaving it at the Continental is a no-go.*

IA Bryan Carlyle: WE ARE NOT SHOWING SOMEONE WHOSE JOB IS TO GET PEOPLE ARRESTED FOR DRUGS OUR CASE FULL OF DRUGS

MSG Cillian Francis MacAllister: Whatever, anyone reaching for it will get his head blown off by me personally.

MSG Cillian Francis MacAllister: Where is Major's office.

MSG Cillian Francis MacAllister: Ex-major.

Chandu: *You ask Tansy for details on Maj. Gen. Edward G. Lansdale, she can easily direct you to...194 Cong Ly St.*

MSG Cillian Francis MacAllister: I SWEAR ON GOD AND THE HONOR OF EVERY IRISH PERSON IN THE WORLD IF SOMEONE TOUCHES THAT BRIEFCASE IM GOING TO PULL OUT THE .357 AND POP IT

MSG Cillian Francis MacAllister: We need the telex first.

Tansy Cahill: "That's his Saigon residence. I don't know what he's doing around here, anyway."

Chandu: *She'll let you borrow the empty desk and the typewriter, just type what you're trying to telex to Oki.*

Chandu: *In case anyone isn't aware by now: telex is sort of like a precursor to fax machines.*

MSG Cillian Francis MacAllister: We got this guy here who knows codespeak with us so it's all his.

MSG Cillian Francis MacAllister: I don't want to risk being misunderstood.

Chandu: *You have pretty much full reign over the typewriter and the machine, Tansy's noting stuff down and making a call or two. Assume you have privacy while you're alone with her.*

Chandu: *Go ahead Mr. Carlyle.*

Chandu: *It wouldn't be wrong of you guys to discuss what message you're sending to Oki before typing it up, then we can simplify the process.*

MSG Cillian Francis MacAllister: We're gonna tell them that the site may be or may not be related to the investigation and if we are on the clear to visit it.

IA Bryan Carlyle: Sounds good to me.

Chandu: *Someone's in the office late. You get a response some five minutes after sending it."CONTINUE SEARCH IN SAIGON PRIOR TO BEGINNING OPERATIONS IN THE RSSZ."*

MSG Cillian Francis MacAllister: Sounds about right.

Chandu: *Before you go: this would be an excellent opportunity to ask for extra files on the Mouse, Carlyle, as you seemed interested before.*

IA Bryan Carlyle: The Corsican dope maker? I'll do that.

IA Bryan Carlyle: "Do you have any inkling on where that Corsican dope maker's been?"

Tansy Cahill: "Well, I can give you everything we've got on him." She grabs some heavy crates, one by one, and slams them down on the desk. Three of them.

IA Bryan Carlyle: That'll be my homework then.

Chandu: *You can guess that this might take an all-nighter to sort through, but it'll narrow the guy's location down from the earlier description of "somewhere in Districts 1 or 2".*

Chandu: *The lot of you part with Tansy and bring the crates out with you.*

Chandu: *...they all fit in Louis' trunk. We're ready to go.*

SSG Michael Giles: I'm thinking of following Louis later tonight - how hard will it be to fenagle a moped on lease or something.

Chandu: *Hit an Accounting roll. Your less academic instincts (MILSCI) tells you that taking him to a quiet spot and having a chat with him might be productive in this case.*

SSG Michael Giles: Boy he's an Asian that speaks English all they do is lie and laundromat

SSG Michael Giles: SSG Michael Giles rolls **Success** -> 10 (Rolling Accounting Target: 10%)

Chandu: *That's amazing. Just around the corner from the Chancery, there's a vehicle rental place. They have all sorts of small bikes.*

Chandu: *The model we'll see about later. What color did you want?*

SSG Michael Giles: Gimme green.

Chandu: *You can stow it away and come pick it up later so that Louis doesn't see you driving around with it right now.*

SSG Michael Giles: Yep.

Chandu: *Moving on: visiting Lansdale.*

Chandu: *194 Cong Ly St., 1800G*

Chandu: *The villa looks like something right out of a tourist pamphlet. Just outside, by the gate, is some random white guy with a newspaper in his hands. He's watching you as you disembark Louis' 404.*

Guy: He just stands up and gets by the gate in a "yeah I'm security" demeanor.

MSG Cillian Francis MacAllister: Well then.

MSG Cillian Francis MacAllister: "We need to see the Major."

Guy: "No Majors here, bub."

Guy: "You mean the Major General?"

MSG Cillian Francis MacAllister: Can I just show him my military credentials?

Chandu: *Of course. He eyes your papers over thoroughly.*

Chandu: *Carlyle: it's obvious to you that this guy is some low-hanging fruit in the CIA, out in the doghouse that is "hurry up and wait" duty.*

Guy: "Alright, just a minute. Wait here."

Chandu: *He disappears inside...*

Louis Thanh: Louis is smoking a cigarette as he leans on the 404's hood.

Guy: This dude comes back out and waves you over.

Guy: You're clear to head in.

MSG Cillian Francis MacAllister: "Yeah right, get outta my way smartass."

SSG Michael Giles: "Mothafucka done lost his mind."

Chandu: *The inside is as opulent as the outside. This is clearly a retired officer's pied-a-terre in Vietnam. It's calm out here, as if you weren't in the city.*

Chandu: *Footsteps on wood approach the lounge. Carlyle, you might've seen his face on an article or two. You're not especially read up, but you're aware that this man has collaborated heavily with the CIA throughout his government career.*

Maj. Gen. Edward G. Lansdale: "Gentlemen. Good afternoon."

Maj. Gen. Edward G. Lansdale: "Have anything to eat yet? Drinks?"

Maj. Gen. Edward G. Lansdale: He takes a seat on the couch facing the entrance.

MSG Cillian Francis MacAllister: "We're here about the race in November 55."

Maj. Gen. Edward G. Lansdale: "Huh. Ain't that a classic."

MSG Cillian Francis MacAllister: "Captain didn't like it very much. I can tell why."

Maj. Gen. Edward G. Lansdale: "Well, tell me what you've got, and what you think happened. Then maybe I can help fill in the blanks."

Maj. Gen. Edward G. Lansdale: "You've met Fielden?"

Maj. Gen. Edward G. Lansdale: "He was a damned good Marine, the man. "

MSG Cillian Francis MacAllister: "Today was long and hard and annoying so I'll just lay down all my cards for you general. We're thinking of going there. Captain told us about the big fish and the natives, and well, let's just say that I have some reservations as to what some of the things you recovered from there can do."

Maj. Gen. Edward G. Lansdale: "Into the swamp? I know what you're talking about. The temple and the lake."

Maj. Gen. Edward G. Lansdale: "I can't tell you much about the recovery operations following ROUNDUP. We were the blade, they left the archaeological survey and whatnot to someone else. What I can do for you is confirm Fielden's account of the events."

MSG Cillian Francis MacAllister: "We never doubted him. Don't tire yourself."

Maj. Gen. Edward G. Lansdale: "Good. As you're planning to head in there, I could see about providing some measure of support."

Maj. Gen. Edward G. Lansdale: "A gunship. I'll make a few calls once we're done here."

Maj. Gen. Edward G. Lansdale: "Just be sure to leave your contact information somewhere on paper before you leave."

MSG Cillian Francis MacAllister: "Beats walking. We have a couple more things to do in the city before we head out though."

MSG Cillian Francis MacAllister: "What do you know about the French connection and the Kuen Yuin?"

Maj. Gen. Edward G. Lansdale: "The Kuen Yuin? These days, I can't say I know of them. I've certainly not looked further into the matter, though I'd like to think that we got enough of them and their "river people" to drive them out of Saigon."

Maj. Gen. Edward G. Lansdale: "Of course, what I'd like to think and what might've transpired might not see eye to eye."

Maj. Gen. Edward G. Lansdale: "The Corsicans. I am aware that they've filled in the vacuum the Binh Xuyen left behind. They tried to kill me twice, once in '55 and another in '58. Sniper, car bomb."

Maj. Gen. Edward G. Lansdale: "They thought they were our objective. I can see how they would."

MSG Cillian Francis MacAllister: "Then why are you still here? I'm sure you could have had a bigger house at the other side of the pond."

IA Bryan Carlyle: "You know, it's something like spy-lore that De Gaulle had them as a sort of secret police when things were going bad in Algeria..."

Maj. Gen. Edward G. Lansdale: "I do. I remain an advisor to MACV-US here. I've done plenty in my time, and I believe there's still more before I finally step in Vietnam for the last time."

Maj. Gen. Edward G. Lansdale: "As it happens, I've just gotten here from back home. I am here for a week each month."

MSG Cillian Francis MacAllister: "I guess nothing really does it better than being in the game." "Does the name 'MEMC' ring a bell? It comes in a can."

Maj. Gen. Edward G. Lansdale: "If I remember correctly..." He squints as if to stimulate his remembering muscles. "This Cham river pilot, the Cat, insisted on its usage as Fielden's company went into the Rung Sat."

Maj. Gen. Edward G. Lansdale: "RVN Marine, back in the day. I believe he's still around."

MSG Cillian Francis MacAllister: "Another one foot in grave type doing retail in Saigon?"

Maj. Gen. Edward G. Lansdale: "It's a defoliant and fungicide. Worse than Agent Orange, I believe."

Maj. Gen. Edward G. Lansdale: "Foot in the grave, perhaps so. I believe he came from a fishing family."

Maj. Gen. Edward G. Lansdale: "Very typical. You're likely to find him at the wharves. Possibly sector four."

Maj. Gen. Edward G. Lansdale: "A damned good pilot, too. You'd only be missing the boat, unless you wanted to ride a sampan into the swamp."

Maj. Gen. Edward G. Lansdale: "There's one more thing that struck me as odd during ROUNDUP." He strokes his jaw. "When Fielden and his Marines found what they did, in that "lake without a name"..."

Maj. Gen. Edward G. Lansdale: "Well, doubtlessly you've read the report. Navigation instruments were rendered completely useless, and the location couldn't be marked upon retreat."

Maj. Gen. Edward G. Lansdale: "The planes managing to guide themselves into position through Fielden's beacon was nothing short of a miracle."

MSG Cillian Francis MacAllister: "What was so special about the beacon? Wasn't it an emergency radio broadcast?"

Maj. Gen. Edward G. Lansdale: "A simple personal radio beacon, yes, transmitting an emergency signal. That which he saw was large enough for the planes to recognize it as the target, rather than the beacon itself."

SSG Michael Giles: "The hell did he see? His description wasn't real specific."

Maj. Gen. Edward G. Lansdale: "An excellent question, and one that I, as anyone else who's participated in the races, is more likely than not unable to develop a response to."

Maj. Gen. Edward G. Lansdale: "What I'm certain of is that it was not destroyed. The strike only bought the swamp team time to make their escape."

Maj. Gen. Edward G. Lansdale: "Of course, we did not have the means available then that we do today. We were limited to RVNAF pilots and hardware."

MSG Cillian Francis MacAllister: "It's only getting better by the minute, general. I think we'll just have to run towards the opposite direction really fast when we see it."

MSG Cillian Francis MacAllister: "Fantastic place, by the way. You can call Tansy at the embassy or the BOQ, either way we'll have to be in-person about this."

Maj. Gen. Edward G. Lansdale: "And that might just be the right choice. Any amount of support I could provide you with, or that you could obtain through MACV channels, might not be able to step up to the plate." He nods. "Still, if the cult still has a presence in the swamp..."

Maj. Gen. Edward G. Lansdale: "It might be separate from that thing now, just as it was before. They did use that remote temple to gather up and conduct elaborate rituals in. They also had a presence in Cholon. Who's to say they might not have developed alternatives to both?"

MSG Cillian Francis MacAllister: "I gather that you are not familiar to the wicker effigies."

Maj. Gen. Edward G. Lansdale: "I can't say that I am. Though knowing what I know, I can see where this is going."

Maj. Gen. Edward G. Lansdale: "The Kuen Yuin are highly versatile."

Maj. Gen. Edward G. Lansdale: "They syncretize locally over decades of infiltration."

Maj. Gen. Edward G. Lansdale: "One 'chapter' may turn out to be wildly different from another."

MSG Cillian Francis MacAllister: "One last question, general. Where do the rings come from?"

Maj. Gen. Edward G. Lansdale: "Another good question, and one that I had at the time, the first time I saw Fielden after the event. I found not one person in the navy hospital who could explain it, but they wouldn't remove it either."

Maj. Gen. Edward G. Lansdale: "Fielden was clueless as well. Staff chose to leave it there, embedded as shrapnel. It seemed to stop his infection, at least."

Maj. Gen. Edward G. Lansdale: "That's as much as I know."

MSG Cillian Francis MacAllister: "Well then. We'll stay in touch." "We're leaving if no one has any more questions."

IA Bryan Carlyle: None at all from me.

SSG Michael Giles: Mike nudges Nolan and whispers "Pegleg a dead man walkin'."

SSG Michael Giles: Nope.

Chandu: *You shake hands and exchange pleasantries, then you head on down to meet Louis back at his car. It's getting dark.*

Chandu: *As you approach Louis, that one guy from before jogs over from the door inside.*

SSG Michael Giles: Imma find out what yellow boy is up to.

Guy: "Hey!"

Guy: He gets close to one of you, something rectangular in his hand.

MSG Cillian Francis MacAllister: "What's the rush asshole."

Guy: "Fuck you, bub. General thought you'd like this one."

Chandu: *He hands you a cassette tape. One moment...*

Chandu: *It's labeled: "THE GREAT GREATS, CLUB WHISKEY, 31 JAN 1967."*

Chandu: *It's something you can listen to in an audio player back at BOQ or the Continental.*

MSG Cillian Francis MacAllister: Do we have one in the room over at the hotel.

Guy: "Said it's about your Cholon business."

Chandu: *Sure, for the exorbitant price you paid for the rooms, they come with a compact tape player.*

Chandu: *Compact for the times, that is.*

MSG Cillian Francis MacAllister: "Yeah..."

MSG Cillian Francis MacAllister: We'll just have to see what it is.

Chandu: *Giles: about Louis. He's not doing anything, really, other than holding a newspaper in his hand, a pencil in the other. Looks like he's been doing crosswords.*

Louis Thanh: He waves.

Chandu: *We're ready to go as the night falls upon Saigon.*

SSG Michael Giles: Yep.

Chandu: *We can expedite the tape listening process. Who's listening to it?*

MSG Cillian Francis MacAllister: Me.

Chandu: *You hear a noisy, but tight, bar set by a Vietnamese rock combo: electric guitar; drums, girl singer, and muted trumpet. The lyrics are a blend of English and Vietnamese, starting with a couple of Animals covers and then entering into less familiar territory.*

Chandu: *It's the trumpet that sounds the weirdest, discordant but somehow eventually dominating and shaping the rest of the songs.*

IA Bryan Carlyle: A muted trumpet? Like the tattoo artsy chicks get?

Chandu: *In the last three songs, a strange thumping, not the drums, beats time in counterpoint to the melody. You can tell that it's coming from above the stage, not from the audience.*

Chandu: *"Club Whiskey" sounds like a place. Moving on. Now.*

MSG Cillian Francis MacAllister: Cool, time to roll up a joint and pass out on the bed.

Chandu: *Since it's nighttime, Chloé is probably on shift. Arriving to the continental from a different street you notice...*

Chandu: *There's a hotel right across the street from the Continental. It looks cheaper and less ornate.*

Chandu: *No Milsco roll is required: you can all guess that an elevated room from here would be a suitable location to overwatch from, similar to sitting in the car outside.*

Chandu: *With a plus: there's a phone line leading here.*

MSG Cillian Francis MacAllister: I'm gonna let the other two fools figure it out.

SSG Michael Giles: Black guy doesn't fit in this hotel ANYWAYS.

Chandu: *Alright. We're back at the Continental for the night, and you can decide what you each are doing. Louis is about getting ready to go shortly after dropping you off, and Chloé might be inside.*

Chandu: *Giles, your bike is parked somewhere nearby.*

SSG Michael Giles: As stated I will be following yellow man with the bike.

Chandu: *You can hit a Drive roll, hidden.*

Chandu: *Although he's a good driver, you manage to keep up the pace, and you look like any other Vietnamese out in the streets at this time. You watch as he parks up in a seemingly random street.*

SSG Michael Giles: He better be seeing some bitch or it's the Black Mamba effect for him.

Chandu: *Coincidentally, it is not. He's parked up next to a street food vendor, where a whiter-than-Vietnamese dude's been busy eating.*

Chandu: *From spending last night in the hotel, you can tell that this man is most definitely one of the Corsicans.*

SSG Michael Giles: Boy, it's Black Mamba for him.

Chandu: *They chat as the man he's meeting eats some dumplings at the stand.*

SSG Michael Giles: Let's see if I can get myself nice and comfortable in the crowd to try to eavesdrop.

Chandu: *Hit STEALTH, normal.*

SSG Michael Giles: I already have a hunch as to who or what they could be talking about.

SSG Michael Giles: SSG Michael Giles rolls **Failure** -> 57 (Rolling Stealth Target: 50%)

Chandu: *The street is still busy as people come and go in front of the street food stand. Louis keeps on talking as you approach, but you think you saw the other guy look around cautiously.*

Chandu: *You're not made. Slowly, carefully, you approach...*

Chandu: *They're speaking in French, of course.*

Louis Thanh: "...Van Zandt, Narcotics and Dangerous Drugs. Some middle easterner, Nolan, another white..."

Louis Thanh: "They've been going between the Embassy and other places. A villa in Cong Ly, some shop in Cholon."

Associé: "Here's your money. Keep it up."

Associé: He hands him a few crumpled up bills.

Louis Thanh: "Cool. I'll call you again tomorrow."

Chandu: *He starts making off.*

Chandu: *What're you thinking?*

Chandu: *Hit a Milsci roll.*

SSG Michael Giles: How easy would it be to cap the frenchie and then hop on the bike and skedaddle?

SSG Michael Giles: SSG Michael Giles rolls **Success** -> 13 (Rolling MilitaryScience (Land) Target: 50%)

Chandu: *Of course! It hasn't been so long since Tet back in February. You're in in public and in a crowd. Getting right next to him and shooting him repeatedly wouldn't be tied back to you unless you were especially clumsy about your getaway.*

SSG Michael Giles: Who were the Corsicans main enemies?

SSG Michael Giles: Gang wise.

SSG Michael Giles: I might as well say some shit loudly just to throw them off.

Chandu: *From Carstairs' down low: they have a hand in every pie. If there's anyone they'd be looking to displace, though, it'd be the Teochew Triads.*

Chandu: *They're Chinese, from Hong Kong.*

SSG Michael Giles: I can't say anything pertinent in Chinese - Europe?

SSG Michael Giles: I can just use what Bryan said.

SSG Michael Giles: Greetings from Algiers.

SSG Michael Giles: Revenge killing for the secret police shit, yeah.

MSG Cillian Francis MacAllister: We're gonna take care of the other one tomorrow with a one way trip to the swamp.

Chandu: *You can come up with something to yell loudly in French or English either before or AS you pull the trigger.*

Chandu: *Just narrate your action.*

SSG Michael Giles: Louis is gonna walk a ways off right?

SSG Michael Giles: I'm going to have a seperate talk with him in the car LATER.

Louis Thanh: He just cleared the crowd and is getting into his car.

SSG Michael Giles: Mike smoothly walks up behind the dude, drawing the Hi-Power at the guy, loudly shouting "GREETINGS FROM ALGIERS!" in French before busting some nice caps in this dude's head.

Chandu: *Hit a roll for some reference.*

Chandu: *You practically cannot miss, don't be afraid.*

SSG Michael Giles: SSG Michael Giles rolls **Success** -> 35 (Rolling Firearms Target: 50%)

SSG Michael Giles: 1

SSG Michael Giles: Wowza.

Chandu: *Damage roll unnecessary for this one instance, for...*

Associé: //////////////////////////////////// Enters through the eye, penetrating deep into the brain. Things fall apart, the centre cannot hold.

Chandu: *The crowd around starts screaming the moment you pump his head and torso full of lead.*

Chandu: *What're you doing in the next few seconds, as everyone's running the hell around?*

Chandu: *Louis is speeding the hell off.*

SSG Michael Giles: "Au revoir, putain!" Giles says as he quickly stuffs the gun back under his shirt and runs to the bike.

Chandu: *Your extrication is not complicated. RVNP response times don't compare to downtown New York, of course, and you can only guess about the investigation that'll surely follow.*

SSG Michael Giles: I gave them plenty with that bullshit line. Hopefully word gets back up the grapevine and they're thrown off the scent of yankees for a while.

Chandu: *Onwards. You speed off on your rented green motorcycle.*

MSG Cillian Francis MacAllister: I have an idea on how to deal with Louis.

MSG Cillian Francis MacAllister: If I may.

SSG Michael Giles: I inform the rest of the gang that Louis is compromised.

Chandu: *We can say that Mike has regrouped with the rest at the hotel and told them about what just happened, yes.*

Chandu: *Discretely.*

MSG Cillian Francis MacAllister: Can we make one molotov with the gas in Michael's bike and get Louis to drive us to the boonies tomorrow. I'll sit in the back seat though we'll have to walk back.

MSG Cillian Francis MacAllister: I wanna see what the .357 sounds like.

SSG Michael Giles: Given that this dude is motivated by money we can tell that he is a total fucking pussy and we might have a use for him not dead.

MSG Cillian Francis MacAllister: I'm overriding that, he needs to Go.

Chandu: *Everything being said, that's doable, and trivial to prepare. You can keep it safe in your bag, secured so it won't spill.*

Chandu: *I'll be adding the item to your inventory after the session.*

SSG Nolan Afzal al-Attar: If he crossed us once he'll cross us twice

SSG Michael Giles: True

SSG Michael Giles: Black Mamba still wants the last word when talking to this kid though.

MSG Cillian Francis MacAllister: Since the day is over I was wondering if we could just deal with it.

Chandu: *For now, it looks like you'll meet Louis again tomorrow morning. You still have night hours to sort through, and twenty minutes of gametime.*

Chandu: *You just kinda agreed to meet up at street level at the start of the day.*

Chandu: *There's the Chloé situation to sort, and the switchboard affair, for which you still have the bugs and the kitchen alleyway key.*

SSG Michael Giles: What's up with Chloe?

MSG Cillian Francis MacAllister: Yeah she just kinda exists.

Chandu: *I thought you wanted to chat to her after what happened with "Mr. Francisci". Moving on.*

SSG Michael Giles: Now we do.

SSG Michael Giles: We kinda had no context.

SSG Michael Giles: You just mentioned her.

MSG Cillian Francis MacAllister: I kinda called it a night a while ago so.

Chandu: *About the switchboard thing: installing it plain as it is (without a static position to perform live listening from) will require coming back in periodically to pick the tape back up and replace it.*

Chandu: *SIGINT can connect it to an outside phone line-- such as the Caravelle's. You'd need a room.*

IA Bryan Carlyle: Yeah I can try and set that up

IA Bryan Carlyle: IA Bryan Carlyle rolls **Success** -> 38 (Rolling SIGINT Target: 60%)

Chandu: *I'm assuming you're booking the room at the Caravelle and setting up that end of the line with that.*

Chandu: *That leaves the matter of the ACTUAL INFILTRATION AND PLANTING OF THE DEVICE.*

SSG Michael Giles: I can try talking to Chloe given that Mike knows French and can try figure out what's eating Mr. Frenchie's ass.

Chandu: *Okay, we're talking to Chloe first.*

Chandu: *It's 2200G, and no one here appears worried as to what Mike did to some guy out in the streets about an hour ago.*

Chloé: Anyway-- Chloe is busy at the reception desk, writing whatever down. You don't really care about that.

Chandu: *You guys can decide when and how to approach her. This is, indeed, the same chick that got chastised by Claude last night.*

Chandu: *We're putting Nolan in the scene in case he wants to do Something*

SSG Nolan Afzal al-Attar: I'm just chilling leaning on a wall.

SSG Nolan Afzal al-Attar: I have the moustache.

Chloé: She whistles along with the song as she Continues Writing.

Chloé: (UNDISTURBED)

Chandu: *The lobby itself is calm. A few people walk over from the stairs to the terrace bar for some nightly socialization.*

SSG Michael Giles: We're speaking French.

SSG Michael Giles: We're trying to figure out why Claude was mad as hell last night.

SSG Michael Giles: Aside from Mac bumping into him on purpose.

Chandu: *Go ahead and chat in a non-abstracted way.*

IA Bryan Carlyle: Okay I'm go up to her and start breaking the ice with MIKE as my backup

IA Bryan Carlyle: To expedite I'm talking to her about how pleasant it is that there's still a French quarter in Vietnam.

IA Bryan Carlyle: "...You know I watched a French movie last year called Le Samourai - they try to wiretap him but they can't hear a thing he says because of his bird..." Which is in my mind because I'm thinking about how shit it will be if interference ends up ruining the bug we're trying to place...

SSG Michael Giles: Giles is thinking that this dude is a total sissy. "They pay you good here?"

Chloé: "I can't say I've watched it," she says before turning to Giles. "I certainly can't complain, monsieur. They did pay for my travel expenses, and our living costs are covered."

SSG Michael Giles: "Wait - you ain't local? They paid you to come from the homeland?"

Chloé: "Some of us are! I came from Nantes. I think I'll be heading back some time this year, the way the war is still raging on."

Chloé: "It's unsafe, you see."

Chloé: "People still get shot out in the streets, in public... mon dieu."

Chloé: She ticks some checkbox on whatever paper she's writing on.

SSG Michael Giles: "Shot? What's goin' on?"

Chloé: "Oh, it's just something you see happen every now and again. It's appalling, really, even with such sizeable RVNP presence out there."

Chloé: "Viet Cong is still active, you know?"

SSG Michael Giles: "You don't have to tell me twice. So you flew all the way from good old France to work at a bougie hotel.... How's that treating you?"

Chloé: "I like it... most of it."

Chandu: *One of you hit HUMINT.*

SSG Michael Giles: Not me.

SSG Michael Giles: Do CIA MK Ultra Project Artichoke shit on her.

Chandu: *Hit it, Bryan.*

IA Bryan Carlyle: IA Bryan Carlyle rolls **Success** -> 68 (Rolling HUMINT Target: 70%)

Chandu: *By Thy Leave*

Chandu: *It's easy to tell, she's uncomfortable about something having to do with working here. You figure you can press her for more information and she'll be happy to vent.*

Chandu: *As you do talk to her, you notice two men step through the doors into the lobby, speaking in concerned French. You easily overhear them.*

Associé: "Philippe got shot? What the fuck?"

Associé: "...some Algerian... here in fucking Vietnam? No way."

Chandu: *They walk off.*

SSG Michael Giles: *Giles just smiles to himself knowing those two goons are going to heat each other up and blow this way out of proportion and start believing the story after a paranoid drinking session.*

IA Bryan Carlyle: "Say, I think I saw you last night... who was that giving you an earful back then?"

Chloé: "Ah, well... that's Monsieur Claude..."

Chloé: "Hotel manager."

Chloé: "He is usually a nice man. But he is very nervous as of late."

Chloé: "I wish I could say I'm as comfortable around him as I was before, but honestly, he's getting on my nerves."

Chloé: "BUT... there's nothing I can do, is there? I'm working abroad. I just have to put up with it."

SSG Michael Giles: "Oh? What's got his panties in a bunch? Hotel too clean, customers too satisfied?"

Chloé: "I think..."

Chloé: She looks around for anyone listening in.

Chloé: And places her palm to the side of her mouth, whispering simultaneously.

Chloé: "I think he games."

Chloé: "Pachinko. Nasty addiction."

SSG Michael Giles: "What the hell is that?"

Chloé: She nods.

Chloé: "I don't really know how it works, it's some Japanese slots machine. Very popular in gambling rooms."

Chloé: "And there's always the French deck for other games." She shrugs.

SSG Michael Giles: "I'm sure being a hotel manager pays well enough to be able to visit the one armed bandit every once in a while. Really?"

Chloé: "Honestly?"

Chloé: She looks around again.

Chloé: "I didn't tell you this, okay?"

Chloé: "But Monsieur Bonaventure, his cousin, is the one who really runs this place."

Chloé: "Monsieur Claude is only... how do you call it in l'Anglais..."

Chloé: "Middle management." <- IN ENGLISH

SSG Michael Giles: Giles is enjoying this gossip so much that he could kiss this chick and then bend her over and fuck her, but he's too high off the kill to be interested in such activities.

SSG Michael Giles: "Huh? What's the cousin's deal?"

Chandu: *More than gossip -- Carlyle, you can tell that she feels genuinely slighted by Claude's humiliations over the last few weeks, which is probably why she's spreading these rumors to the first two guys who're curious.*

SSG Michael Giles: Find a lever and then pull it until the candy comes out. Like a pez dispenser.

Chloé: "Bonaventure? He goes to Marseille more often than the rest, you know, the Franciscis' hometown."

Chloé: "He's been gone for a while. I'm pretty certain he's a businessman beyond hotel management, which is why he leaves trivial matters to Claude."

Chloé: "I'm sorry-- he doesn't typically come by the hotel, but he's arriving tomorrow and taking up..." She reads the paper in front of her. "Room 301". The rest of the third floor is reserved."

Chloé: "No doubt an important business meeting. That means tips." She thumbs-up at you.

SSG Michael Giles: Wow - we already know this, but good to know that we could've found this out by gossiping like a gaggle of fish wives.

SSG Michael Giles: *"Huh. Rest of the rooms taken by his business buddies I presume?"*

Chloé: "And security detail." She shrugs.

Chloé: "They will be coming in tomorrow too. I met Monsieur Jean Moran last year myself."

SSG Michael Giles: Jean Moran?

SSG Michael Giles: Is this someone we know or should I ask?

Chloé: The name doesn't ring a bell. You don't have to wait long for a further comment, though.

Chloé: "Did you know he was in la Résistance?"

SSG Michael Giles: "You mean like WWII? What was he doin' here?"

Chloé: "He works for Monsieur Bonaventure now, is what I know."

Chloé: "He is a hero back in Marseille. A lauded guerrilla fighter and pillar of the community."

Chloé: "So, the least I can say is that Monsieur Bonaventure is most definitely safe while he stays here."

SSG Michael Giles: Probably some freak high off past glories and his medals, Giles thinks, but it pays to keep it in mind.

SSG Michael Giles: "He's working security for him?"

SSG Michael Giles: "Why's he wheeling out a dude with more medals than you can count to Vietnam for a business meeting?"

Chloé: "Oh no, he was a teenager still when he fought against les fascistes. He really distinguished himself back in the day."

Chloé: "He's about halfway through his forties, I believe."

Chloé: "Maybe you'll get to meet him while Monsieur Bonaventure is here. He's a very interesting man."

Chloé: "Soldier-philosopher. So handsome too."

SSG Michael Giles: Giles personally shits and pisses on French heroes like all good children of former colonial subjects do, but whatever - "Never a boring night at this hotel, huh?"

SSG Michael Giles: Does Bryan have anything to add - we found out there's a guerilla hero bodyguard here which might be a problem.

IA Bryan Carlyle: He already has a feeling they're all gonna get scalped by these guys so this is just the cherry on top really.

Chandu: *There's one more thing: the infiltration and bugging of the switchboard. That'll have to wait until next session, or happen along the week...*

SSG Michael Giles: *Giles will thank her for her time and say that they just wanted to check if she's alright before giving her a tip.*

Chloé: She nods and swings the appreciation right back at you. She'll remain here for the rest of the night shift, of course.

Chandu: *That's it for session 2 - thank you for playing!*

ALONSO SESSION 3

June 5, 2026

June 18, 1968

Chandu: *ALONSO - III*

Chandu: *19 JUN 1968, MORNING*

Chandu: *The team is split in two...*

Task Force MARTEL: Giles and Nolan are surveilling the villa at 13 Pasteur until 6 PM.

Task Force MARTEL: There's something to deal with until then.

Chandu: *Saigon is as lively as ever. What're we thinking about?*

MSG Cillian Francis MacAllister: Cillian passes a pair of ear plugs to Bryan.

MSG Cillian Francis MacAllister: "You're gonna need them."

IA Bryan Carlyle: How dealing with these fuckers is going to be tougher than the Chinese necromancers. I take the plugs without a word and nod.

Chandu: *A man greets you at the entrance right before you set out from the hotel.*

Monsieur Loi: "Monsieur Van Zandt. Good morning."

Monsieur Loi: He nods respectfully.

IA Bryan Carlyle: "Yes?"

Monsieur Loi: "Are the accommodations to your liking so far?"

IA Bryan Carlyle: "Yes, yes, very good." I say thinking more about the upcoming hit than whatever this old guy wants.

Monsieur Loi: "I am very glad. I'd wished to inform you that we will be hosting a cocktail lounge at the shelf this evening. Drinks will be half-priced until midnight."

Monsieur Loi: "I'll not hold you up any longer. Have a good day." He nods towards you and Mac.

MSG Cillian Francis MacAllister: "Thanks, I'm sure both of us will need that."

MSG Cillian Francis MacAllister: He nods in genuine appreciation.

IA Bryan Carlyle: Just a nod to see him off then. Where's our driver, anyway?

Chandu: *You cross the door's threshold, and there he is. He's standing next to the Peugeot, not leaning on it calmly as he's been these last two days. He's smoking a cigarette down to the filter.*

MSG Cillian Francis MacAllister: Best let him finish it.

Louis Thanh: He's sweating. He flicks the cigarette off as soon as he sees you cross onto the pavement.

Louis Thanh: He waves in a mechanical motion.

IA Bryan Carlyle: I'm tempted to ask him what's up just to be an asshole but I keep quiet. Let's head inside.

MSG Cillian Francis MacAllister: I'm just gonna get in the back seat, never really talked to this guy.

IA Bryan Carlyle: I'll ride shotgun then.

Louis Thanh: He keeps sweating as the three of you wordlessly enter the car.

MSG Cillian Francis MacAllister: "So... Say, where were you born kid?"

Louis Thanh: "Uh-" he perks up. "Right here, chief. Saigon."

MSG Cillian Francis MacAllister: He's lounging across the bench seat like there isn't a care in the world.

Louis Thanh: "Go Vap!"

IA Bryan Carlyle: I'll put the radio on while they chat.

MSG Cillian Francis MacAllister: "You got potential, why stick around as a driver?"

Chandu: *You click the start button on the radio. He's already got a cassette tape on.*

MSG Cillian Francis MacAllister: "I mean, you're tri-lingual no?"

Louis Thanh: "Ah, well, I'm saving up, y-you know."

Louis Thanh: "I want to head over to the States with my kid and girlfriend."

MSG Cillian Francis MacAllister: Cillian is playing with something that looks like a length of fishing line.

Louis Thanh: "She works in Cholon. Actually, I was out with her last night. Around eight."

MSG Cillian Francis MacAllister: "Then what? Open a restaurant?"

Louis Thanh: "That sounds... very nice. I haven't thought about it that far ahead."

MSG Cillian Francis MacAllister: "You smoke weed?"

Louis Thanh: He starts the car and puts the handbrake down.

IA Bryan Carlyle: I just roll my eyes because why the fuck is he getting to know him like this? What a sadistic bastard.

Louis Thanh: "I'm good, thank you. I uh-- I need to stay sharp. People drive like they're insane out here."

Louis Thanh: "Also, I was going to tell you. I got this tape..."

Louis Thanh: "...last night."

Louis Thanh: "Maybe you know where the tracks are from. French movies, eh?"

MSG Cillian F. MacAllister: Cillian is lighting a half-consumed roach he saved for later.

MSG Cillian Francis MacAllister: "Don't be a stranger now."

MSG Cillian Francis MacAllister: He reaches it out to him.

Chandu: *It's 7 AM. Street traffic is rather calm this early in the morning. Before getting the car to move...*

Louis Thanh: "So, uh. Where we headed?"

MSG Cillian Francis MacAllister: We have rehearsed this, we're going to somewhere rural.

Chandu: *Thu Duc sounds like an appropriate place. The northeast outskirts of the city.*

Chandu: *Once a calm, touristic getaway for Saigon residents. It's calm today, of course-- but you know it bears the marks of the war.*

Chandu: *The car gets moving.*

MSG Cillian Francis MacAllister: "Thu Duc. Unfinished business." He nods to him on the rearview mirror, as in a "smoke the fucking thing" motion.

Louis Thanh: He reluctantly grabs the roach and takes a puff, then coughs twice before handing it back.

Louis Thanh: "It not so bad... haha."

MSG Cillian Francis MacAllister: He's just staring at Bryan in the eyes thru the rearview.

Louis Thanh: The car starts moving. We're coursing through Saigon's urban streets...

IA Bryan Carlyle: I look back at Cillian and don't appear all that interested.

MSG Cillian Francis MacAllister: "I've been thinking of buying something around here for retirement..."

MSG Cillian Francis MacAllister: "Lot of my colleagues seem to be loving it."

MSG Cillian Francis MacAllister: "There's a charm to this place, part of the world."

Louis Thanh: "Ah well, there's a lot of culture, right? Have you ever been to France?"

Louis Thanh: "That's another place I'd like to go sometime."

Louis Thanh: "With my kid. He wants to see the Eiffel tower."

Louis Thanh: He smiles as he continues driving.

MSG Cillian Francis MacAllister: "No, but who knows, maybe if another world war starts."

IA Bryan Carlyle: As soon as we get somewhere discreet I'm shooting Louis on Cillian's behalf since I can't stand him trying to buddy up with the poor bastard like this.

Chandu: *There's still a ways to go until then. Some twenty minutes of driving later, we're approaching a checkpoint entering Thu Duc.*

Chandu: *He brings the car to a stop as the ARVN soldiers get done seeing the papers of the one up front.*

MSG Cillian Francis MacAllister: ARVN? Will a crisp 20\$ get us through?

Chandu: *We'll see. Car in front's still not done.*

Louis Thanh: "So, are we staking out a plantation or something? NYC style?"

MSG Cillian Francis MacAllister: "We're in for something much more up close and personal than that."

Louis Thanh: "Ohhhh a lady friend. I know."

MSG Cillian Francis MacAllister: He's pulling out some stuff from his jacket, alongside a green bill.

Louis Thanh: "Gotta say, weird place to make a friend at..."

Chandu: *Car up front's done. Louis rolls ahead.*

ARVN Rifleman: The lead looks into the vehicle and at your faces.

MSG Cillian Francis MacAllister: "GI business." He's holding his military ID backwards, with a dollar bill tucked underneath, so he can just pull that and get on with it.

ARVN Rifleman: [VIETNAMESE] "Good morning. Where are we heading off to--"

Chandu: 2

ARVN Rifleman: He looks over the roof of the car at his buddy across and nods as he simultaneously takes the bill off your hand and slides it into his pocket.

MSG Cillian Francis MacAllister: "The south will riiiise again."

ARVN Rifleman: [ENGLISH] "Go on through."

Chandu: *The barrier's lifted open, and we're rolling on.*

MSG Cillian Francis MacAllister: We're gonna trail him to some wilderness and finish the job.

Chandu: *There's still a few ranch houses and what you think might've been roadside restaurants or motels along the sides of the road. Most of them are scorched, demolished-- obvious signs of warfare.*

Louis Thanh: "Viet Cong really did a number on this place."

Louis Thanh: "Godless maniacs. Are you guys Catholic?"

Louis Thanh: He pulls out a cross pendant from under his shirt.

MSG Cillian Francis MacAllister: "You could say that. Although nowadays I seem to have taken on a more individual idea of belief."

IA Bryan Carlyle: "Nope."

Louis Thanh: "It's the same, you get me." He puts it back under his shirt.

Louis Thanh: "If you and I were living simple, happy lives up north-- they'd have shot us if we didn't swear an oath of allegiance to communism and the greatness of Ho Chi Minh."

Louis Thanh: "I really need to get out of this place, man. February was insane..."

Louis Thanh: He shakes his head.

Louis Thanh: "That's why I'm working hard and earning my bread, you know."

MSG Cillian Francis MacAllister: "I wouldn't worry about that, you look like you'll make it outta here soon enough."

MSG Cillian Francis MacAllister: "Pull over there."

Chandu: *He rolls the car to a stop beside the ditch.*

Louis Thanh: "Warm out here, isn't it?"

Chandu: *It is, indeed. You're accustomed to the heat by now.*

MSG Cillian Francis MacAllister: Did he turn the ignition off?

Chandu: *Good observation. It's on.*

MSG Cillian Francis MacAllister: "Turn the engine off, you're wasting fuel."

Louis Thanh: "O-Oh, right. Sure."

Louis Thanh: He turns it off.

MSG Cillian Francis MacAllister: Cillian presses his revolver against the back of the seat and cocks the hammer. "Now don't take your hands off that steering wheel."

Louis Thanh: No POW roll required. He tenses up and grabs the wheel firmly.

Louis Thanh: "Hey, what the..."

MSG Cillian Francis MacAllister: "Your friend, last night. He's dead. We know, Louis."

Louis Thanh: "Don't do this."

MSG Cillian Francis MacAllister: "That depends on how much you want to share with us."

Louis Thanh: "W-What do you want to know?!"

Louis Thanh: He's sweating profusely.

MSG Cillian Francis MacAllister: "I'm going to give you some room to think, and you'll tell us your story with the French from the very beginning. And how you got to work for the American embassy, and whether there is 'anyone else'."

IA Bryan Carlyle: "And whether your contacts know anything about us already, of course."

Louis Thanh: He looses his right-hand grip for a moment, as if to wipe the sweat off his forehead, then remembers your instruction.

Louis Thanh: "I..."

Louis Thanh: "Okay. Okay. Hold on."

Louis Thanh: "Hold on. Alright. Wait."

MSG Cillian Francis MacAllister: "We have all the time in the world."

Louis Thanh: "I-- wait wait. Okay..."

Louis Thanh: He breathes deeply.

Louis Thanh: "I just get paid, man. I swear. I just tell them whatever I think they'll pay for and they give me some money. A ten here, a twenty there. I swear to God."

Louis Thanh: "I-- you guys killed him, right?!"

Louis Thanh: "Philippe?!"

MSG Cillian Francis MacAllister: "He's dead."

Louis Thanh: "So he can't tell anything to anyone else!"

MSG Cillian Francis MacAllister: "I know that, more or less."

Louis Thanh: "The Corsicans don't know shit!"

Louis Thanh: "I tried to call him the other night, he was busy."

Louis Thanh: "I swear to God I didn't tell anyone else."

Louis Thanh: "I met him a year ago at a bar. He was alright, man..."

MSG Cillian Francis MacAllister: "Think about your kid Louis. Not worth it."

MSG Cillian Francis MacAllister: "Just let it slip."

Chandu: *This would typically be a Persuasion roll. You've gone around it with that.*

Louis Thanh: "They-- they don't own the town, man. The Chinese do. Triads. What the hell are they gonna do about BNDD anyway? You don't think they'd kill you guys, right?!"

Louis Thanh: "They're just interested in the Bureau's business in Saigon. They wouldn't hurt you."

Louis Thanh: "They know the Army would shit on their parade if they did. Philippe told me as much."

Louis Thanh: "But--"

Louis Thanh: "Loi. He's with them. He's like a fucking spy, alright?"

Louis Thanh: "He might find you out if you're not careful. Why else stay at the Continental if you're not planning something against them?"

MSG Cillian Francis MacAllister: He puts the revolver back in his waistband. "Turn around, we're going back."

Louis Thanh: He rushes his hand to the ignition and turns the 404 on.

MSG Cillian Francis MacAllister: "Looks like you managed to save your own ass."

MSG Cillian Francis MacAllister: He rubs the bridge of his nose.

Louis Thanh: "Thank you. Thank you. I'm sorry. I shouldn't have done that shit. I'm sorry."

MSG Cillian Francis MacAllister: "That old fart... God, why can't one person in this fucking town be true and honest..."

MSG Cillian Francis MacAllister: How much money will buy this guy a flight to USA from here?

Chandu: *Maybe \$150, that'd be a Major expense, if I recall correctly. That's just for the flights.*

MSG Cillian Francis MacAllister: I want to see this guy on his way, obviously with what happened and the fact that Loi saw us on our way out killing him now would throw the entire plan.

Chandu: *We'll process it as we go. The other option is contacting your case officer to try and set him up.*

Chandu: *Anyhow-- any more questions for Louis as we return downtown?*

Chandu: *Requests?*

MSG Cillian Francis MacAllister: He's gonna leave the car behind for us.

MSG Cillian Francis MacAllister: We need to know a good chop shop to rebrand this thing.

IA Bryan Carlyle: None, but I suppose we'll be after the Continental's owner now. Can we resolve that today?

IA Bryan Carlyle: I have to admit I'm incredibly impressed by how tactful Cillian has been today.

Chandu: *Thinking about it, there's another option. With Louis intimidated into compliance, he might be a conduit for false information to the Corsicans. He tells you about another guy he knows of, "Anton", but that he's only seen him once two months ago, when they had dinner with Philippe.*

MSG Cillian Francis MacAllister: "We're going to hook you up with a visa, but until that's sorted out, your ass is ours."

MSG Cillian Francis MacAllister: "Is that clear?"

MSG Cillian Francis MacAllister: "There won't be a second chance Louis."

Louis Thanh: "Anything, man. I'll do anything. I swear." He wipes sweat off his brow as he keeps driving down the road back.

MSG Cillian Francis MacAllister: "I know."

Chandu: *As for going after the Continental's owner-- Are you referring to Claude, the guy Tansy told you was in debt at the Crazy Horse Palace?*

Chandu: *Or Bonaventure, the parrain of Saigon?*

MSG Cillian Francis MacAllister: We need to have contact with the Triad somehow, before the summit.

IA Bryan Carlyle: I thought Monsieur Loi owned the place but I guess I'm retarded. That's who I was referring to.

Chandu: *Well, Loi might as well live at the fucking hotel from what you've seen. He's always in one of those tuxedos. All. Day. Long.*

Chandu: *We're moving onto the map as we decide our next action. We have some time until time syncs with the surveillance detail at Il Sorcio's house.*

MSG Cillian Francis MacAllister: Loi is a dead end, I'm pretty sure everyone will notice his absence. We'll just have to work around it.

Chandu: *As for next steps, any ideas? You mentioned the Triad.*

MSG Cillian Francis MacAllister: Does Louis know any actionable intelligence?

Chandu: *Let's see.*

Chandu: 2

Chandu: *Well, he knows that a certain "Joe Meng" runs the Crazy Horse Palace, and that it opens up around midday.*

MSG Cillian Francis MacAllister: Does he know that if they are pitched against the Corsicans?

MSG Cillian Francis MacAllister: Or is it a minor/major relationship

Chandu: *From what you know, the Teochew Triad in Saigon does practically run the town, as Louis said. Tansy told you that they process opium brought from the highlands into pure heroin here. They have manpower, influence, and money.*

IA Bryan Carlyle: What exactly is the plan with the triads? To set them against the French or something? Because in theory we could ignore them altogether for our purposes.

Chandu: *The Corsicans then transport the product to Marseille.*

MSG Cillian Francis MacAllister: We could start a gang war, force the Kuen Yui to act and go in for the kill.

MSG Cillian Francis MacAllister: That's my idea of the strategy

Chandu: *It's an alliance/business agreement. The Corsicans used to do the same with the Binh Xuyen until ARVN+MAAG crashed down on that in '55.*

MSG Cillian Francis MacAllister: What if we used the mouse to send a message?

MSG Cillian Francis MacAllister: By use I mean leaving him hogtied in an alleyway with a message that an overdue gambling debt is paid off this way.

Chandu: *A brilliant idea. Framing the Triads for the murder of the Corsicans' in-house cook might send some ripples through the water.*

MSG Cillian Francis MacAllister: We could do it tonight I guess.

MSG Cillian Francis MacAllister: Considering its just one cook and one gambling debt the summit would not be interrupted right.

IA Bryan Carlyle: I feel like we'd need to do something a lot more dramatic to cause an actual beef. Like killing someone dramatic.

MSG Cillian Francis MacAllister: I have a better idea to feed this, we could identify and frame individual hitmen from the Triad through Louis.

MSG Cillian Francis MacAllister: Okay, then we kill the Mouse himself and let a random guard know what was that all about.

Chandu: *Clarification here:CLAUDE FRANCISCI, the hotel's "middle manager", as described by Chlo  , is the one you know has the debt.THE MOUSE you haven't met yet, though you're in a position to carry out a home invasion tonight.*

MSG Cillian Francis MacAllister: I think this idea aligns with what you said.

MSG Cillian Francis MacAllister: I want to go scrutinize the archive records with Bryan to see which one of the "big shots" are out and which murder suspects narrowly avoided prison time.

Chandu: *Sounds like a plan. Are you dropping Louis back at his place or just dropping him off in district 1 to find his way back home as you head over to the Crazy Horse by midday?*

MSG Cillian Francis MacAllister: Louis isn't going anywhere for now we still need a chauffeur.

MSG Cillian Francis MacAllister: He'll behave.

MSG Cillian Francis MacAllister: We also need to telex Japan about the visa.

Chandu: *Okay. Which records were you referring to, the BNDD's?*

MSG Cillian Francis MacAllister: Yes

Chandu: *You can get around to the telex in the meantime. We're heading back to the Embassy for that and the archive dive, if that sounds good.*

Chandu: *The files Tansy gave to Bryan were just on the Mouse.*

MSG Cillian Francis MacAllister: Yeah, we need the brains to help us go through the archive.

IA Bryan Carlyle: If we ran off with his product after we beat him up or kill him or whatever that'd probably strengthen the idea that this is gang related. I'm not sure why we need to go to the Crazy Horse though, do any of us have plans there?

MSG Cillian Francis MacAllister: Exposing ourselves to the Triad might be risky but we do need to identify potential individuals to frame the hit on.

MSG Cillian Francis MacAllister: There's that business.

Tansy Cahill: "Hey there, gentlemen."

Tansy Cahill: She's not on the phone for once.

MSG Cillian Francis MacAllister: "Hey there Peggy Sue. We need the telex for a second so could you just go to the nail salon until you're back from lunch?"

IA Bryan Carlyle: "A couple things. We're making a call to Okinawa and we'd like to spend a couple hours rifling through-- oh fuck off Cillian."

Tansy Cahill: "I do work here, you know. You can use the other desk."

Tansy Cahill: "Also."

Tansy Cahill: "Good thing you're here. Not you specifically." She looks at Cillian.

Tansy Cahill: "I caught a few flight bookings this morning. This isn't about Trafficante, but it's good to know."

MSG Cillian Francis MacAllister: I'm just disappointed at Bryan who doesn't seem to realize we're playing good cop bad cop.

Tansy Cahill: "I've got Jean Moran and Lucien Sarti flying over from Marseille down to Saigon today. They should be in the air right now."

Tansy Cahill: "You guys know who those are?"

IA Bryan Carlyle: "No, but do go on."

Tansy Cahill: "Dangerous pair. Very dangerous. The FBI's got Sarti in a list, and Moran is a WW2 and Algiers veteran."

Tansy Cahill: "Very violent and very volatile. Be careful."

Tansy Cahill: "That's not the only thing!"

MSG Cillian Francis MacAllister: "We'd make good friends."I'm just gonna get this stupid telex working.

Tansy Cahill: She's talking to Bryan as you do so. "Alongside those, I found a booking for an 'Anthony Gomez' flying over from Paris, also to Saigon."

Tansy Cahill: "Anthony Gomez may be Antonio Gomes, a Guérini strongman. Definitely here for the summit. He'll be here tomorrow."

Tansy Cahill: "Capeverdean. Your guess is as good as mine as for how he got into business with the Corsicans."

IA Bryan Carlyle: "Ahh wait, these are the two I heard about earlier. More reason to be scared of getting scalped alive but not really actionable as far as I can tell."

MSG Cillian Francis MacAllister: Sorry for interrupting your dialogue but since we're here, and since we're gonna pitch everyone against everyone, can we potentially learn anything about Irish drug connections in the archive to impersonate representatives?

Chandu: *Interesting call. Give me a minute.*

Chandu: *Firstly, you're asking Tansy, right?*

MSG Cillian Francis MacAllister: Asking her what.

Chandu: *About possible Irish crime organizations to impersonate to get into the summit.*

MSG Cillian Francis MacAllister: Oh yeah, it's so non-sequitur that might as well just skip it and get to the interesting stuff from someone who knows it firsthand. Or doesn't.

Tansy Cahill: "What the fuck?"

Tansy Cahill: "What'd you just say?"

Tansy Cahill: "You want to get INTO the summit?"

MSG Cillian Francis MacAllister: "Alright you know what, this is getting fucking tiresome."

MSG Cillian Francis MacAllister: "Bryan."

MSG Cillian Francis MacAllister: I just nod, in hopes of understanding.

MSG Cillian Francis MacAllister: "We're just brewing disaster here, if it keeps going like this."

MSG Cillian Francis MacAllister: "Wrong people could die."

Tansy Cahill: "What the hell are you talking about?"

Tansy Cahill: She's sweating.

IA Bryan Carlyle: I'm wondering much the same. What, is he asking me to throw out the cover?

Chandu: *I think he means the morphine brix. You know Tansy wasn't aware that the operation would involve infiltrating the summit outright.*

MSG Cillian Francis MacAllister: "Alright look. This operation is reaching a boiling point, one that we can no longer hide from you."

MSG Cillian Francis MacAllister: "It's about to get big."

MSG Cillian Francis MacAllister: "Real big."

Tansy Cahill: She nervously adjusts her eyeglasses.

Tansy Cahill: "What do you mean by that?"

Tansy Cahill: "I don't understand."

MSG Cillian Francis MacAllister: "Bryan. You need to read her in. It's your boss who would get pissed at me if I did it myself."

MSG Cillian Francis MacAllister: "It's not the opera, I mean, you know..."

MSG Cillian Francis MacAllister: "Your boss."

Tansy Cahill: Her eyes are rushing back and forth between the two of you.

IA Bryan Carlyle: "You know we could have avoided all of this quite easily but whatever. Honestly this cover was unnecessary from the beginning." Can I expedite this? I'll be explaining that we're actually with the CIA, that we're aiming to take out the French and Vietnamese druglords here in one blow and that the BNDD thing was bunk. So still a lie but a more plausible one that will make getting what we want here easier.

Chandu: *Roll Persuade with a +20%, BLIND.*

MSG Cillian Francis MacAllister: I'm gonna go ahead and tell her the truth since I seem to have already slipped.

Tansy Cahill: "No." She wipes the sweat off her brow.

Tansy Cahill: "No, I'm calling upstairs."

Tansy Cahill: Her hand goes for the phone.

MSG Cillian Francis MacAllister: Cillian reaches for the phone and puts his hand on it. "We have a briefcase packed to the point of exploding with morphine base and we're going to impersonate gang lieutenants to surveil on everyone."

MSG Cillian Francis MacAllister: "And you're gonna help us."

MSG Cillian Francis MacAllister: "Because you're a good American."

IA Bryan Carlyle: I take the shades off and stare at her the whole time.

Tansy Cahill: Some guy walks out of the Immigration office carrying some files. He looks over as he walks by.

A Man: "Uh... everything alright over here?"

MSG Cillian Francis MacAllister: "None of your fucking business."

MSG Cillian Francis MacAllister: "Kick rocks."

A Man: He looks at Tansy.

IA Bryan Carlyle: I shrug.

Tansy Cahill: She nods. "I-It's fine, John."

A Man: "Okey-dokes."

A Man: He walks off.

MSG Cillian Francis MacAllister: I'm turning back to her. "This is not some kind of test."

MSG Cillian Francis MacAllister: "You're in now."

MSG Cillian Francis MacAllister: I'm gonna slip her my military ID. MACVSOG.

Tansy Cahill: "Wait." She looks around. "Not here. Come."

Chandu: *She leads you over to one of the private rooms at IMMIGRATION.*

Tansy Cahill: "So... what exactly do you mean?"

Tansy Cahill: "What are you trying to do here?"

Tansy Cahill: "You know this could blow up in my fucking face, right?"

Tansy Cahill: "We're not talking about getting fired. I'm going to jail. I'm-- oh God."

MSG Cillian Francis MacAllister: "This could blow you up with it, if you're not in the loop and don't know what to do when the time comes."

MSG Cillian Francis MacAllister: "I'm talking death, not jail."

MSG Cillian Francis MacAllister: "We're going for the head this time."

Tansy Cahill: She calms her breathing down and listens to you.

MSG Cillian Francis MacAllister: "We have some more people with us and an asset."

IA Bryan Carlyle: "Naturally the solution is to toe the line here. We'll be the ones doing the hard work, of course."

MSG Cillian Francis MacAllister: "We're going to go kill The Mouse. We know where he is. And blame it on the Triad."

Tansy Cahill: "Oh, shit..."

Tansy Cahill: "And you're CIA, you said...?"

MSG Cillian Francis MacAllister: "He is."

Tansy Cahill: "Special Forces too? Dammit... why'd I have to get wrapped up in this."

MSG Cillian Francis MacAllister: I nod to Bryan.

MSG Cillian Francis MacAllister: "Look, stop freaking out."

Tansy Cahill: "Alright, alright. God help me."

Tansy Cahill: "What do you need from me?"

MSG Cillian Francis MacAllister: "We are going to impersonate the summit at The Continental. We already surveilled it inside and out."

MSG Cillian Francis MacAllister: "We need your cooperation, and you to act as a liaison with the local civilian and military police."

MSG Cillian Francis MacAllister: "We're expecting a legitimate drug bust is going to be necessary to seal the deal on some of these people."

Tansy Cahill: "The police aren't going to do shit, they're all paid off by either the Corsicans or the Triads. The heroin trail leads to the Presidential Palace."

Tansy Cahill: "Maybe if I can get through to the chief of police directly."

Tansy Cahill: "I'll try."

MSG Cillian Francis MacAllister: "Exactly. We're at war, MPs could also pull weight."

MSG Cillian Francis MacAllister: "What do you know about that?"

Tansy Cahill: "I don't think the Army wants to get involved with anything in Saigon if it doesn't scream VC since Tet. Our guys, I mean."

Tansy Cahill: "If they were to intervene, it'd have to be serious. Like a terrorist attack. A mini-Tet."

Tansy Cahill: "As for ARVN, same boat as RVNP. But they're even dirtier."

MSG Cillian Francis MacAllister: "Or stockpiling materiel, clandestinely."

MSG Cillian Francis MacAllister: He nods.

Tansy Cahill: "Those Irish you asked about? Maybe IRA?"

Tansy Cahill: "They're involved in drugs, too. Maybe they're looking to hook up with Marseille and get funding for weapons off the dope."

Tansy Cahill: "Just a thought."

Tansy Cahill: "But you'd still need a way inside... have you done anything about Claude, his debt?"

MSG Cillian Francis MacAllister: "Anything of military quantity counts, we'll make it work, it's dynamic."

MSG Cillian Francis MacAllister: "Oh yeah, we have plans about that."

IA Bryan Carlyle: "You think he could get us in?"

MSG Cillian Francis MacAllister: "For now, you're going to stop talking to anyone who is not an American citizen and doesn't have a security clearance, except whoever you pick up your groceries from."

MSG Cillian Francis MacAllister: "I mean it."

Tansy Cahill: "Alright. I get it." She turns to Bryan. "If you prod him right, he might. He technically owns the hotel."

Tansy Cahill: "Just-- don't let the Mouse's death lead back to me. Can you do that? I gave you those documents, I'm complicit."

MSG Cillian Francis MacAllister: "We need your help to implicate the Triads who may have had a hand of killing the Mouse. Brains could be behind bars, muscle is not. Up to you whoever you choose to blame."

MSG Cillian Francis MacAllister: "We're going to do the delivery ourselves."

Tansy Cahill: "Okay... maybe I can speak with the AFVN radio anchor..."

MSG Cillian Francis MacAllister: "We need a whole squad, say, four muscles at the least."

MSG Cillian Francis MacAllister: "Violence priors recommended."

MSG Cillian Francis MacAllister: "And we need everything you have on the IRA corridor."

Tansy Cahill: "Drop their names over the radio concerning the incident? Do you think that might work?"

Tansy Cahill: "I can try and sneak into the Chancery during off-hours and work the Immigration machines. Maybe I'll sleep here. Make you fake passports."

Tansy Cahill: "...Maybe. Big maybe."

MSG Cillian Francis MacAllister: "We can't have all of them caught. Maybe one single muscle. The rest, we'll deliver some more intimate material through a channel."

Tansy Cahill: "Okay, I'll see how to work that out."

Tansy Cahill: "Have you, uh..."

Tansy Cahill: "Killed anyone yet?"

MSG Cillian Francis MacAllister: "Uh..."

MSG Cillian Francis MacAllister: "Like a dozen at least."

Tansy Cahill: She adjusts her glasses again.

Tansy Cahill: "Oh, fuck."

MSG Cillian Francis MacAllister: "Not since we started this particular operation."

MSG Cillian Francis MacAllister: "For that matter we have no use lying to you so yes, our man assassinated that Associé."

MSG Cillian Francis MacAllister: "It was us."

Tansy Cahill: "Alright... if this gets out, I'm going to hunt you down when I get out on parole..."

MSG Cillian Francis MacAllister: "It was about to be a second one this morning but... actually it's best if you don't know about that."

Tansy Cahill: "Anything else?"

Tansy Cahill: She nods slowly.

MSG Cillian Francis MacAllister: "That's it for now. We're going to send encrypted telexes through your machine occasionally and we'd like to pretend you don't see them."

Tansy Cahill: "That's alright. That's the least of my concerns."

IA Bryan Carlyle: "I'm sorry you wound up becoming an accomplice of ours. But you can be sure this'll get your work done quicker than stamping paper all day."

Tansy Cahill: "You're... probably right."

Tansy Cahill: She seems comforted by the thought.

MSG Cillian Francis MacAllister: "As I said, going for the head."He drags his thumb across the neck.

Tansy Cahill: "I'll need you guys to come by some time right before the summit, after I get your new passports. Acting class, so you don't give yourselves away in the summit."

Tansy Cahill: "I have to get back to my desk. I'll get started right away."

MSG Cillian Francis MacAllister: "Okay for that matter..."

MSG Cillian Francis MacAllister: "We have a black guy."

Tansy Cahill: "Can he fake a British accent?"

MSG Cillian Francis MacAllister: "..."

MSG Cillian Francis MacAllister: "He'll try."

IA Bryan Carlyle: I laugh out loud.

MSG Cillian Francis MacAllister: I'm trying to pack my laughter in as I exit.

Chandu: *Successful exchange. We'll handle this midweek. Moving on.*

Chandu: *So, next on the checklist before the mouse's house: Crazy Horse. It's 3PM by now.*

MSG Cillian Francis MacAllister: Throw me a bone here, how exactly do we make a contact with the Triads with nothing but our bare asses? Do we come clear that CIA is here for their due?

Chandu: *Common sense indicates that businessmen care mostly for money. You still have, as far as I know, about \$750 in your ops fund given to you by Carstairs.*

Chandu: *It isn't enough to cover Claude's debt, if that's what you had in mind, but a favor might go a long way. You both have clearances.*

MSG Cillian Francis MacAllister: Can we -intentionally- fail this exchange?

Chandu: *How do you mean?*

MSG Cillian Francis MacAllister: His gambling debt is supposed to be the flashpoint of the gang war, why not do some false flagging beforehand to confuse them even more

Chandu: *As in socially?*

MSG Cillian Francis MacAllister: We would also establish a point of contact

Chandu: *The debt might also be your way in, as specified by Tansy.*

Chandu: *Just tell me what you wanna do.*

Chandu: *Honestly, we can have Giles with us while Nolan takes over the afternoon watch.*

MSG Cillian Francis MacAllister: This became a little roundabout and confusing, though let me reiterate

MSG Cillian Francis MacAllister: We could buy access to the summit with our morphine, and try to pay off Claude's debt, and fail on that intentionally so "someone" gets ticked off and decides to come collect it tonight.

Chandu: *That makes sense. You can head to the Crazy Horse to negotiate that right now.*

Chandu: *Proceed?*

MSG Cillian Francis MacAllister: Yes.

Chandu: *1500G*

MSG Cillian Francis MacAllister: Do we have our dude suits on and the drugs with us? I was thinking of just a brick now in case we get fucking robbed.

Chandu: *You can pick everything up in no time.*

MSG Cillian Francis MacAllister: Let's go ahead and do that for precaution.

Chandu: *Everything you need, that is. Right on.*

Chandu: *That music is actually more uncharacteristic than AFVN considering the bunch of Americans that might inhabit this place this time of the day.*

Chandu: *We were bringing Giles, right?*

MSG Cillian Francis MacAllister: Yes.

MSG Cillian Francis MacAllister: Why not...

IA Bryan Carlyle: Yes let's bring the token black muscle.

MSG Cillian Francis MacAllister: We got no fake names on?

Chandu: *Alright. Nolan's got the watch at the house until 6PM. No way to fake IDs out so soon.*

Chandu: *Considering that, let's stop here for a second.*

Chandu: *Would you rather wait until tomorrow for those IDs and do that then?*

MSG Cillian Francis MacAllister: We don't need no fucking fake IDs we run this mother fucking street.

MSG Cillian Francis MacAllister: I am Connor Hayes Fitzgerald.

Chandu: *The CRAZY HORSE PALACE looks just like you'd expect a Chinese gambling house to. It needs little description. You can smell the tobacco from the outside.*

Chandu: *The clientele's rather varied. Chinese, Viet, French, even GIs here.*

Chandu: *You have a briefcase with a brick of morphine in it and \$750. That, and a name: Joe Meng.*

MSG Cillian Francis MacAllister: GIs? No need for a loud entrance, then.

MSG Cillian Francis MacAllister: We need to pull aside someone that looks important and tell him we're here to see Meng.

Chandu: *You find the closest security-looking type.*

426 Red Pole: He looks you over...

426 Red Pole: "Joe Meng? How know him?"

MSG Cillian Francis MacAllister: "We're here to pay our respects. We mean well."

Chandu: *He bids you wait as he goes upstairs. He returns 5 minutes later.*

426 Red Pole: He leads you over to a standby room then does a "spread them out" gesture with his arms.

426 Red Pole: You're getting frisked.

MSG Cillian Francis MacAllister: No need to resist.

IA Bryan Carlyle: I comply, of course.

426 Red Pole: Your weapons are taken and placed in a lockbox in said standby room. They'll be unavailable while you're up there.

MSG Cillian Francis MacAllister: Minus the boot knives I assume.

MSG Cillian Francis MacAllister: Though we are wearing leather shoes. Anyway...

426 Red Pole: He leads you up.

Chandu: *The office needs little description. It's opulent, and you're told to sit and wait a couple of minutes. The Red Pole folds his arms behind his back as he stands by.*

SSG Michael Giles: Giles will be pretending he can only speak French. For no reason at all. He'll use Bryan as his intermediary.

Chandu: *Short moments after, a man walks through the door.*

Joe Meng: "I'm told you know of me. Let me welcome you first."

Joe Meng: He walks around the desk and takes the boss' chair.

Joe Meng: "So, what's our business, gentlemen?"

Joe Meng: He leans back on the chair.

MSG Cillian Francis MacAllister: "We fight the good cause, for Ireland. I'm sure you've heard of what the British have been involved in, recently."

MSG Cillian Francis MacAllister: "We fight in a way you can... understand. With money."

Joe Meng: "Ah. Of course. I'm an avid reader."

Joe Meng: "Quite a ways from home, you are."

MSG Cillian Francis MacAllister: "You speak English well. Neither of us should, and that would be a fairer world now, wouldn't it."

Joe Meng: He laughs out loud.

Joe Meng: "Well said, my friend."

Joe Meng: "Let's speak plainly. What do you bring us, and what do you request?"

MSG Cillian Francis MacAllister: "We bring you a gift, to let you know what the IRA has been doing in Vietnam."

MSG Cillian Francis MacAllister: He lays out the briefcase and undoes the latches.

MSG Cillian Francis MacAllister: He takes out the brick, and puts it in front of him.

Joe Meng: He grabs the brick and examines it, turning it around and looking it over. He then passes it to the Red Pole and says something in Mandarin.

Joe Meng: Something which Bryan does understand.

Joe Meng: "Test it."

426 Red Pole: He grabs an opium pipe from a side drawer, and preps it after gently shoving a knife through the packet. A couple of minutes pass as he does so, and lights up.

IA Bryan Carlyle: "Of course there's a good reason for us to make this trip. I take it you're quite far from home here too, no? The place of your birth at least."

MSG Cillian Francis MacAllister: I'm not gonna freak out, I just snort my nose at Bryan and let him talk.

426 Red Pole: [MANDARIN]"Mmm. It's similar to the Burmese product."

Joe Meng: "Ah, well. We can't really stay put in Hong Kong."

Joe Meng: "We all have a, how do they say it?"

Joe Meng: "Traveller's soul. Especially for business."

Joe Meng: "But I'm trailing off. The product is good."

Joe Meng: "Where does it come from?"

MSG Cillian Francis MacAllister: "Our operation here is established. We could do big things together."

Chandu: *One of you run me a Persuade roll.*

Chandu: *Normal.*

MSG Cillian Francis MacAllister: I'll let Bryan talk.

IA Bryan Carlyle: "That's our payment to get a chance with the producers here. We got most of our product from Laos before now, but as I'm sure you're aware..."

MSG Cillian Francis MacAllister: "Things have changed."

MSG Cillian Francis MacAllister: "A lot."

IA Bryan Carlyle: No thanks to us.

Chandu: *Hit that PERSUADE roll!*

Chandu: *Run it again, go ahead.*

Joe Meng: He strokes his jaw.

Joe Meng: "Yes, the highlands do have their share of troubles. Logistics are, as always, a growing concern."

Joe Meng: "Not so quick-growing these days, but we all know better than to rely on a single supply stream."

Joe Meng: "As for meeting the producers? If you refer to the people up my ladder, eh... I could bring it to their attention."

Joe Meng: "They're shy people. You understand."

MSG Cillian Francis MacAllister: "And where we come from the hardest drug is a lollipop."

Chandu: *He's interpreting that as you wanting to meet with the Triad bosses.*

MSG Cillian Francis MacAllister: "I'm sure they will have a vested interest."

IA Bryan Carlyle: "If we can strike a deal that gets heroin into Ireland we'd be happy to act as subordinates of yours. Leave some people posted around here, I don't know. Whatever would make up for butting in on your trade."

Joe Meng: "It strikes me only now that I haven't asked for your names. I apologize."

MSG Cillian Francis MacAllister: "Connor H. Fitzgerald. Pleasure."

IA Bryan Carlyle: We don't have cover names already right.

Chandu: *Not yet. However, whatever you pick can be told to Tansy to fake IDs for.*

IA Bryan Carlyle: "Patrick Heaney."

SSG Michael Giles: Make some bullshit up for me I'm a black guy with two Irish dudes.

SSG Michael Giles: I say in French to Bryan "He's asking for names?"

MSG Cillian Francis MacAllister: "He's a dissident too," he nods at Giles.

IA Bryan Carlyle: I hold back my laughter and tell him yes.

Chandu: *Pick a name for him!*

MSG Cillian Francis MacAllister: "Marcus Abdullah DuBois."

Joe Meng: "I wasn't aware the Republican Army was this... inclusive."

Joe Meng: "Very well." He places the brick in one of the drawers and closes it shut.

MSG Cillian Francis MacAllister: "Our reach is quite wide, to put it properly."

SSG Michael Giles: I guess I'm Senegalese then.

Joe Meng: "We'll have talks over the next few weeks concerning your product. Our people will get back to you, if you are still in Saigon."

Chandu: *[INT] You still haven't brought up the summit, or Claude's debt.*

MSG Cillian Francis MacAllister: "No doubt sir." He reaches out for a handshake to seal the deal.

Joe Meng: He shakes your hand, firmly so.

MSG Cillian Francis MacAllister: As he's still holding my hand, "One more thing, we have a favor to request to you, transmitting one, more like."

MSG Cillian Francis MacAllister: He lets go.

Joe Meng: "Mhm?" He sits back down and listens intently.

MSG Cillian Francis MacAllister: "Claude Francisci demands his debt of two thousand dollars and counting to be waived for his consistent service and good behavior."

Joe Meng: "Claude Francisci? That degenerate?"

Joe Meng: "I'd be surprised if he wasn't down there right this moment."

MSG Cillian Francis MacAllister: "We're not exactly on close friend terms, so I will let him know of your decision."

Joe Meng: "Well, I am nothing if not an accountant, Mr. Fitzgerald."

Joe Meng: "I'll tell you what."

Joe Meng: "If you have more samples from where that came from, let's say..." He peeks back into the drawer.

Joe Meng: "Two more bricks of this size should work."

MSG Cillian Francis MacAllister: "With all due respect, sir, our friendship is not worth two bricks. I bid you farewell, and good luck in your business affairs."

Joe Meng: "Very well. Thank you for your visit. Give my regards to Monsieur Francisci if you see him on your way out."

MSG Cillian Francis MacAllister: He nods. We're going.

Chandu: *On the way out...*

Chandu: 1

Chandu: *He's not here yet. Must be a late gambler.*

Chandu: *We're off.*

SSG Michael Giles: "Now that was a waste of time. Why the hell did we go there again?"

MSG Cillian Francis MacAllister: "We got our ticket in and started the fire."

MSG Cillian Francis MacAllister: "What the hell are you complaining for?"

Chandu: *We're having a ten minute break. Decide what you want to do-- this would be a good time to start planning IL SORCIO'S HOUSE.*

IA Bryan Carlyle: "We can ask about the summit whenever we like I suppose."

Chandu: *About IL SORCIO'S HOUSE: Nolan's surveillance is complete by 1800G. Three guards out front, backyard, walls potentially scalable. You have your equipment and a read into the security situation. We can skip to nighttime if you OK it once we're back.*

MSG Cillian Francis MacAllister: How about below, any utility tunnels?

MSG Cillian Francis MacAllister: Or sewer access? Just shooting ideas.

Chandu: *Not a possibility. The underground canals that run through Saigon, to your knowledge, were sealed in the 30s by French authorities, due to the fact that they were sickness-spreading vectors.*

MSG Cillian Francis MacAllister: Can we interrupt the guard shift change somehow?

Chandu: 2

Chandu: *You can actually catch them while they're swapping guards. It's a small house, though, it's probably a couple of minutes' affair.*

MSG Cillian Francis MacAllister: Enough to slip inside?

Chandu: *It's difficult to explain without placing you on the battlemat-- but it appears so. The side gate/garage guard leaves his post unattended, heading inside early.*

Chandu: *Short window to get in.*

MSG Cillian Francis MacAllister: Not much else to discuss then.

MSG Cillian Francis MacAllister: Do we have our targets to blame sorted out by Tansy?

Chandu: *You meant to find the names of recently-released known Triad enforcers, right?*

MSG Cillian Francis MacAllister: Yes, and one or more brains behind the op.

MSG Cillian Francis MacAllister: Those don't have to be released.

Chandu: *Tansy is able to sort that much out without a roll. We'll hash out the details after the game.*

Chandu: *LOADING...*

MSG Cillian Francis MacAllister: And for the sake of argument I don't see the point in committing to theatrics when none of us even resemble Chinese thus leaving a man alive wont work.

MSG Cillian Francis MacAllister: Maybe Bryan can just write a note in Mandarin

Chandu: *It's a possibility.*

Chandu: *0000G*

Chandu: *13 PASTEUR STREET*

Chandu: *Mathieu. You're lounging about inside. You arrived a couple of hours with a truck full of laboratory glassware-- the type of which wasn't difficult for you to identify, both due to your expertise and your time here in Saigon.*

Chandu: *Heroin-refinement equipment. You've finally found their cook.*

Associé: This man's name is...

Marcel: Marcel.

Marcel: This conversation is in French.

Marcel: "So, André."

Marcel: "You're a bit of an outlier, are you not?"

SA Mathieu de la Fontaine-Bois: Mercier's cutting up a loaf, avoiding eye contact with the man on the other side of the table. "How do you mean?"

Marcel: "You came here relatively recently, am I right?"

SA Mathieu de la Fontaine-Bois: He glances up. "So?"

Marcel: "You haven't had your first instance of the clap. I'm making a joke, you oaf."

Marcel: "Lighten up."

Beau Voyou: This crony laughs out loud.

SA Mathieu de la Fontaine-Bois: Mercier picks up a slice of the bread, spreading some cheese over it with the knife. He laughs with his mouth full. "That's a good one."

Marcel: He eats a slice of the pie on the table.

Chandu: *As we're here, "André", what's going through your mind at this moment?*

SA Mathieu de la Fontaine-Bois: This fuck's been cracking these 'jokes', as he calls them, the entire fucking time we've known one another. I hope I'm done with this assignment sooner than later.

Chandu: *You suspect it'll be a while yet until that happens.*

Chandu: *As we go on, Jean-Louis walks inside.*

Marcel: "J-L. Why aren't you at the fucking garage door?"

Beau Voyou: "I'm fucking done with the garage door, Marcel. Albert can take it up."

Marcel: "You know better than to leave that shit unattended. Didn't you hear about that guy they killed? The one with the Franciscis?"

Beau Voyou: "Yeah, and I'm just glad it wasn't one of ours."

Beau Voyou: "HAUL ASS, ALBERT!"

Beau Voyou: "Fuck you, man."

Chandu: *At the same time, outside...*

MSG Cillian Francis MacAllister: Are we -in- here now or do we have to open the door.

Chandu: *You're at what would be the driveway. A second.*

Chandu: *Is this marching order good?*

MSG Cillian Francis MacAllister: So is the guard gonna come around and open the door or?

Chandu: *Alright. You watched the guard out here, who was standing right under this light, leave early and head inside.*

Chandu: *He left and consequently slapped the lock on the gate. You know it's locked, but you can hit me with a lockpicking roll to get it fast.*

Chandu: *Let's just roll initiative. Mathieu, you're frozen.*

SSG Michael Giles: I got nothin' except blasting it open with a slug.

MSG Cillian Francis MacAllister: So this door is about to open. Let's get in position to fucking garotte him.

Chandu: *You can start moving as per the turn order. Get in position.*

Chandu: *You have a gate and two walls, do as you will.*

MSG Cillian Francis MacAllister: Fuck it man bonus from lockpicking kit?

IA Bryan Carlyle: Would here work?

Chandu: *That works.*

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Failure** -> 24
(Rolling Craft (Locksmith) Target: 20%)

Chandu: *Nolan moves.*

Chandu: *A success, Mac. We'll drain 1 WP for that close shave in exchange.*

Chandu: *You go to work on the lock. Click clack boom, it's unlocked.*

Chandu: *You lift the gate ever so slightly from the hinges because you can foresee the screeching.*

MSG Cillian Francis MacAllister: I got my knife out.

MSG Cillian F. MacAllister: Let me try and set the scale right, a second.

SSG Michael Giles: shouldn't we put on primary

SSG Michael Giles: status

Chandu: *We'll work with this, I'll call out the ranges as it becomes relevant.*

Chandu: *Yes everyone you can put up your PRIMARY status. TERTIARY for Mac.*

Chandu: *We move in turns, wait for yours, guys.*

MSG Cillian Francis MacAllister: Do we have any idea what's beyond here?

MSG Cillian Francis MacAllister: Is that door locked?

Chandu: *You can try the lock.*

MSG Cillian Francis MacAllister: Doesn't seem like it. I'm peeking the corner.

Chandu: *Looks like it leads to the front yard, visible from the outside.*

Chandu: *Keep walking down this way and you meet the two guys out front.*

MSG Cillian Francis MacAllister: Skip. I'm gonna wait in ambush for that guy to turn up so I can garotte him.

MSG Cillian Francis MacAllister: Is this place fully dark?

Chandu: *Very well.*

Chandu: *You're hidden here, yes.*

MSG Cillian Francis MacAllister: This is a good spot I think.

MSG Cillian Francis MacAllister: I'm telegraphing.

MSG Cillian Francis MacAllister: Next.

MSG Cillian Francis MacAllister: Rest of the team should wait OUTSIDE.

SSG Michael Giles: Imma push up to this wall and wait.

SSG Michael Giles: Done.

IA Bryan Carlyle: I'll stay in this blindspot.

Chandu: *You don't have to wait longer than thirty seconds. You hear the door.*

MSG Cillian Francis MacAllister: Right before he touches the handle on that door I'm around his neck.

Beau Voyou: He heads over to the gate, bored out of his mind. He reaches the spot and looks at the gate...

Beau Voyou: "Why the fuck's it open?"

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **CRITICAL FAILURE!** -> 88 (Rolling STR Target: 75%)

MSG Cillian Francis MacAllister: crit **success** for +20%?

Beau Voyou: You have a surprise bonus. This will work.

Chandu: *It's a trivial matter. You throw the wire over his head and pull it back with force against his neck. You pull so hard, in fact, that you lift him straight off the floor and feel his cervicals cracking as they decompress.*

Chandu: *That would've been a pleasurable sensation if you also hadn't broken his neck.*

MSG Cillian Francis MacAllister: Cillian slowly lays him against the floor as soon as his heart stops beating.

MSG Cillian Francis MacAllister: No one will find him for now. Keys on this guy?

Beau Voyou: You find a single key on a lanyard in his pocket.

Chandu: *Back to the turn order. Carlyle can act.*

IA Bryan Carlyle: I'm just heading inside then I presume.

Chandu: *You can move as far as this corner, creeping up.*

SSG Nolan Afzal al-Attar: I trail whitey.

MSG Cillian Francis MacAllister: I have a plan.

Chandu: *BACK TO THE GAME*

MSG Cillian Francis MacAllister: What if we trigger the car alarm on this thing to distract those inside

Chandu: *You could certainly do that.*

Chandu: *In fact, would this antique have an alarm?*

Chandu: *On a 1 it doesn't.*

Chandu: 1

MSG Cillian Francis MacAllister: So we dealt with the back gate guard and the rest of the guys are up front, whoever checks up on this would most certainly be off-duty.

MSG Cillian Francis MacAllister: It must have a horn no?

Chandu: *That it does.*

MSG Cillian Francis MacAllister: I'm gonna let everyone take position and then punch it.

Chandu: *You can move up to the car within your turn.*

MSG Cillian Francis MacAllister: Locked?

Chandu: *It's left unlocked. People leave their house doors unlocked in this day and age, you know.*

MSG Cillian Francis MacAllister: How do you press the horn on this thing and can I hold it stuck?

Chandu: *It's where you'd expect the horn to be, don't worry too much about it. About holding it stuck, you tell me. I reckon you could do something in the panel underneath it if you were an electrician.*

MSG Cillian Francis MacAllister: You know what, good idea but maybe not now. I want to continue.

MSG Cillian Francis MacAllister: Round this corner?

Chandu: *You can wait there.*

SSG Michael Giles: Moving in to stack up.

IA Bryan Carlyle: I'll be watching that corner opposite Cillian.

Chandu: *You can get around to peek it from cover.*

Chandu: *Looks like the backyard!*

SSG Nolan Afzal al-Attar: I'm still glued to him.

MSG Cillian Francis MacAllister: What's this building?

MSG Cillian Francis MacAllister: And is that a window?

Chandu: *Looks like a toolshed inside. It is-- but it's shuttered.*

Chandu: *As in irreparably shuttered unless it's broken. The wooden cover is on.*

MSG Cillian Francis MacAllister: Is the shed unoccupied?

Chandu: *You can peek it thyself!*

Chandu: *So it is.*

MSG Cillian Francis MacAllister: Am I seeing any more windows down this line?

Chandu: *Fairly harmless. Some plant pots and whatnot.*

Chandu: *You see these, yes. All of them shuttered. Must take privacy seriously.*

MSG Cillian Francis MacAllister: I'm gonna stick to that wall and move as further as I can.

Chandu: *you can move HERE.*

MSG Cillian Francis MacAllister: Good enough.

Chandu: 88

Chandu: *A smell reaches your nose. You know what it is, precisely, from your time in the bush. Crocodilian musk.*

Chandu: *It smells like crocodiles hang out here. You don't see any, though.*

MSG Cillian Francis MacAllister: What? Is he keeping a fucking crocodile in here?

MSG Cillian Francis MacAllister: No way...

Chandu: *Who knows? That's your turn.*

SSG Michael Giles: I'm keeping up with the group.

MSG Cillian Francis MacAllister: I'm gonna signal hold.

MSG Cillian Francis MacAllister: With that pond over there this is looking like recipe for disaster.

Chandu: *So the guys can move up behind you, is what you mean?*

MSG Cillian Francis MacAllister: We're going around.

Chandu: *We can skip this over. You turn around in your established marching order.*

Chandu: *We'll reset to Mac.*

MSG Cillian Francis MacAllister: Peek.

Chandu: *You overhear a conversation, standing here.*

Beau Voyou: It's actually in French! But the guys can move up behind you.

MSG Cillian Francis MacAllister: He whispers: "What is it?"

Beau Voyou: "No, that's now what I'm saying. Listen to me very closely."

Beau Voyou: "Uh-huh."

Beau Voyou: "When knowledge becomes epistemologically unavailable, it means it's unrecoverable."

Beau Voyou: "Have you read about Damascus Steel?"

MSG Cillian Francis MacAllister: Yeah fuck that I am not listening to the rest of this.

Beau Voyou: "Have you read about Greek fire?"

Beau Voyou: "I invest my time in making money and fucking Vietnamese girls, Gerard."

Chandu: *TURN IS UP.*

SSG Michael Giles: I creep up forward I guess.

SSG Michael Giles: Still in the dark.

Chandu: *Hit me with a STEALTH roll.*

SSG Michael Giles: SSG Michael Giles rolls **Success** -> 41 (Rolling Stealth Target: 50%)

Chandu: *You make no ripples as you make your way across this bush.*

SSG Michael Giles: Giles turns and puts two fingers up, then motions forward.

Beau Voyou: "That's why history will never remember you. You're what, fifty?"

Beau Voyou: "Forty and three."

IA Bryan Carlyle: Could I aim at them from here? My stealth is dogshit so I have no chance at sneaking up closer.

MSG Cillian Francis MacAllister: I sign hold, no fire.

Chandu: *You can ride off Giles' stealth to move up behind him.*

IA Bryan Carlyle: Got it.

Chandu: *I'm gonna toggle their states to show you their facing.*

Chandu: *There.*

Chandu: *Mac, you can cross up front past the guys without prompting a stealth roll.*

MSG Cillian Francis MacAllister: Do we have to ride this god damn conga line?

MSG Cillian Francis MacAllister: I want everyone to creep inside of that bush while I draw that guy in.

Chandu: *Moving too close to the bushes, and too close to them, will prompt a roll. Keep in mind.*

MSG Cillian Francis MacAllister: Can it reasonably hide all of them?

MSG Cillian Francis MacAllister: I want them to get in and wait.

Chandu: *Let's say these bushes hang overhead, not the palm-looking ones.*

MSG Cillian Francis MacAllister: Good. I'm gonna imitate a cat to catch this guys attention.

Chandu: *Give us your best impression.*

MSG Cillian Francis MacAllister: He clears his throat and starts singing the dirge of a wounded kitty.

MSG Cillian Francis MacAllister: "Mrrreoooww..."

Chandu: *Roll CHA, blind.*

MSG Cillian Francis MacAllister: I'm gonna telegraph a stab here.

Beau Voyou: He draws his hand across the air as a music director telling the band to shut it.

Beau Voyou: "You hear that?"

MSG Cillian Francis MacAllister: Or a garotte, that would be more iconic.

Beau Voyou: "A cat needs your help."

Beau Voyou: "Fuck that, you go."

Beau Voyou: "I told you to fucking go. Respect the rank." He grabs him by the shoulders and pushes him forward.

MSG Cillian Francis MacAllister: Can I stand between those two bushes

Chandu: *YES.*

Beau Voyou: "Kitty kitty kitty..."

Beau Voyou: Beau Voyou rolls **Failure** -> 63 (Rolling Alertness Target: 40%)

Beau Voyou: "Kitty kitty..."

MSG Cillian Francis MacAllister: He tightens his garotte...

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Success** -> 43 (Rolling STR Target: 75%)

Chandu: *You three, his cheap perfume enters your nostrils.*

Beau Voyou: He's looking out for the cat, so although he's surprised, he will roll. He needs to beat your 23.

Beau Voyou: Beau Voyou rolls **Success** -> 31 (Rolling STR Target: 60%)

SSG Michael Giles: Do all these mediterranean fucks drown themselves in Pino Silvestre or what?

Chandu: *You sling the wire over his head, repeating the motion, but he, at the last second, put his left hand up trying to whistle for the cat. It's keeping the wire from his throat.*

Chandu: *He's grappled and hurting, however. Roll 1d4.*

MSG Cillian Francis MacAllister: He's grappled?

Chandu: 2

MSG Cillian Francis MacAllister: I want to bring him down over there.

Chandu: *You got him with the wire, he's tied up, but you're not strangling him-- his hand is keeping that from happening.*

Chandu: *You start dragging him over...*

Beau Voyou: Beau Voyou rolls **Success** -> 4 (Rolling CHA Target: 50%)

MSG Cillian Francis MacAllister: I just want him on the floor so I can finish him with my knife.

Beau Voyou: "AH-- JULIAN!"

Beau Voyou: "HUH?!"

Beau Voyou: 11

MSG Cillian Francis MacAllister: he's gonna step into the fucking conga gauntlet

MSG Cillian Francis MacAllister: just ching him to death

MSG Cillian Francis MacAllister: 3 men

Beau Voyou: He sees you dragging him back, Cillian.

Beau Voyou: "GUYS! MARCEL!"

Chandu: *NOW YOU CAN MOVE.*

SA Mathieu de la Fontaine-Bois: Wow. Do I get an SMG?

Marcel: "ANDRÉ! GET OUT THERE!"

SA Mathieu de la Fontaine-Bois: Fuck. Well, okay. Here's what I'm going to do.

Marcel: "GET YOUR ASS MOVING! COVER THE DOOR!"

SA Mathieu de la Fontaine-Bois: I want to grapple Marcel around the neck with one hand, so he at least can't immediately turn around and unload into me, and fire my beretta at the other guy. I get the bonus from Surprise Attack, right?

Chandu: *Lucky you're left handed!*

IA Bryan Carlyle: Alright still I'm not shooting since presumably he hasn't noticed me yet and I'd rather wait for the better shot.

MSG Cillian Francis MacAllister: "We're not done, let's go." Im grabbing his gun and throwing it at him.

IA Bryan Carlyle: "Don't shoot him."

SA Mathieu de la Fontaine-Bois: Mathieu peers up at the new arrivals, "Well I don't know who the fuck they are, but suppose we're 'buddies' now."

IA Bryan Carlyle: "You two, get over here!"

SA Mathieu de la Fontaine-Bois: "Drop your gun." He pushes Marcel.

Chandu: *We're all speaking in English now.*

Marcel: He complies. His shotgun clatters on the floor.

IA Bryan Carlyle: "We've got the guy alive here."

Marcel: "Do what you're gonna do."

SSG Michael Giles: "Who is this guy?"

Marcel: "Dogs."

MSG Cillian Francis MacAllister: "Oh we got a lot to do with you."

IA Bryan Carlyle: "Yeah we've gotta get the fuck outta here fast."

MSG Cillian Francis MacAllister: "GET HIS CAR KEYS!"

SA Mathieu de la Fontaine-Bois: Mathieu shoves him into the middle of the gathering, keeping the Beretta trained. "This shit's an opera alright. Mathieu's the name -- I'm with the BNDD."

SSG Michael Giles: "No shit. Us too, man."

MSG Cillian Francis MacAllister: "Does he have any spare change around?"

SSG Nolan Afzal al-Attar: "Thank us later, eh?"

SSG Michael Giles: "This the mouse they were talking about?"

SA Mathieu de la Fontaine-Bois: He shakes his head. "Ain't him. And, also--"

Marcel: "The money's on the table. Take it."

Marcel: "Ain't shit."

MSG Cillian Francis MacAllister: We're indeed gonna go ahead and take that money. How much do we get?

SA Mathieu de la Fontaine-Bois: "They keep some important docs in the bedroom. You better take them if you're here for what I think you are."

SSG Michael Giles: "Where's the product and where's the mouse?"

Chandu: *Clattered over the table is a bunch of francs, amounting to about \$100.*

MSG Cillian Francis MacAllister: Bullshit... Okay, we're getting those documents and burning this place to the fucking ground with my Molotov cocktail.

SA Mathieu de la Fontaine-Bois: Mathieu scowls. "And you owe me for blowing my cover. I'll hitch a ride with your group, yeah?" He singles out MacAllister, taking him for the leader.

Marcel: "Lab's over there. He points his hand over to the door to the back."

MSG Cillian Francis MacAllister: "It's been a rough night man."

MSG Cillian Francis MacAllister: "Rough, rough night."

IA Bryan Carlyle: I'm starting the car to drive it up front, balaclava still on.

Marcel: Condition Changes Tertiary

SSG Michael Giles: Might as well grab those two bricks that chink wanted.

Chandu: *The lab IS a heroin lab, confirmed. One at a time, hold on.*

MSG Cillian Francis MacAllister: "Go ahead, take all you can fit in your bags."

SSG Nolan Afzal al-Attar: "Can't hit a place without bumping into a spook anymore."

MSG Cillian Francis MacAllister: I'm gonna go ahead and take Marcel into the car and let the new guy search his bedroom, he probably knows what we are supposed to be looking for.

Chandu: *You find not morphine bricks-- but clean, processed heroin here. A single brick. Mathieu, you can roll Pharmacy here.*

SSG Michael Giles: "We are the spooks dumbass."

SA Mathieu de la Fontaine-Bois: SA Mathieu de la Fontaine-Bois rolls **Success** -> 26 (Rolling Pharmacy Target: 70%)

SSG Michael Giles: "Fuck off and fly off on a rug man."

Chandu: *Next... MARCEL is in the CAR. You hogtie him however you can.*

SSG Nolan Afzal al-Attar: Nolan chuckles.

Chandu: *We're gonna move slowly as time passes. Sirens can be heard in the far distance.*

Chandu: *Give me one second.*

SA Mathieu de la Fontaine-Bois: Did anyone pick up the files in the bedroom or whatever?

SSG Michael Giles: "Ali Baba looking ass."

SSG Michael Giles: Giles stuffs the brick in his bag.

SSG Michael Giles: "Go get the papers from the bedroom."

SSG Michael Giles: "AYO START DOUSING THE PLACE!" he shouts.

Chandu: *ALRIGHT. FIRST, THE BEDROOM!*

MSG Cillian Francis MacAllister: Leaving Marcel alive is not exactly an option anymore. We're gonna drive up far in this car and abandon it with him inside, tongue out the throat.

MSG Cillian Francis MacAllister: I'll let you sort out the other shit first GM.

MSG Cillian Francis MacAllister: I'm burning the place down after they are done looting.

Chandu: *You kick down the door here and rifle through the bedroom. Tailored suits, expensive stuff. This is, in fact, the Mouse's house. But he's not here.*

Chandu: *One second for the drop.*

Chandu: *[ACCOUNTING]* The Mouse's name is Jean-François Charrière, as evidenced by the bank notes and miscellaneous documents detailing his purchases. Since 1965, he has paid considerable sums to resolve his title to the Lagalisse Plantation in the Rung Sat swamp. He has recently (just after Tet) paid \$3000 to settle a "gaming debt" at the Crazy Horse Palace in Cholon.

Chandu: *[CRIMINOLOGY]* Charrière's files build a picture of the heroin trail in Southeast Asia, and provide a map of the Guérini network in Marseille. This will make the BNDD happy.

Chandu: *[MEDICINE]* Some files here point to the fact that Charrière is, or was, at some point, a surgeon. His admitting privileges at the Cho Ray Hospital in Go Vap expired several years ago, however.

Chandu: *Put up on a frame...*

Chandu: *An XIX century daguerrotype, depicting the man you are certain is Jean-François Charrière.*

SA Mathieu de la Fontaine-Bois: "The fuck..?" Mathieu mutters in the middle of evidence collection.

Chandu: *You find several important-looking papers. Correspondence. You'll bring these with you, along with the picture, to examine further later.*

SA Mathieu de la Fontaine-Bois: I'll gladly share the findings with my colleagues, considering I'm hitching a ride with them anyway.

Chandu: *That's it for the room. What's next?*

SSG Michael Giles: CHI CHI GRAB THE YAYO

Chandu: *You can add the heroin brick to your inventory, Giles.*

Chandu: *Anything else I'm missing while we're in the house?*

MSG Cillian Francis MacAllister: what's on da upper floor

Chandu: *You take a minute to check. An attic-- just a pool table here.*

Chandu: *No time to knock it over and see what else.*

MSG Cillian Francis MacAllister: Time is thin. We need to go.

Chandu: *You make your exit-- not before lighting a flame in the heroin lab. You speed away in the red car-- the police aren't here yet.*

MSG Cillian Francis MacAllister: "Molotov out."

Chandu: *You make some 800 meters' distance before you hear a large
BOOOOOOOOOOOOOOOOOOOOOOOOOOOOM*

Chandu: *You've destroyed J.F. Charrière's pied-a-terre.*

Chandu: *THANK YOU FOR PLAYING.*

SSG Michael Giles: He mad.

ALONSO SESSION 4

June 12, 2026

June 19, 1968

Chandu: *ALONSO - IV*

Chandu: *Bryan. You had a couple of hours of sleep while Mac and Giles got back from that business with Tansy and the RVNP.*

Chandu: *Actually-- could you even sleep? What were you thinking about, if not?*

IA Bryan Carlyle: This must be the first time ever that there's been a conspiracy the American deep state isn't in on. Kinda exciting, in a way...

Chandu: *Isn't it?*

Chandu: *Besides that, during the short moments you did manage to close your eyes in reflection, you couldn't help but think of this one quote from that one book.*

Chandu: *"Excuse me, ladies; no smoking." "Hell!"*

IA Bryan Carlyle: Which is extra strange because it's not exactly Shakespeare now is it.

Chandu: *Agatha Christie, you recall. Death in the Clouds, 1935.*

Chandu: *A classic.*

Chandu: *2300G, TAN SON NHUT AIR BASE*

Chandu: *You were scheduled to meet the Phoenix crew for your lift to Nha Be. As instructed by Mac, the Cat is by the entrance to the hangars. Which is interesting, because this area is restricted to active military personnel.*

Throng Khatidjeh: He simply waves at Mac as the group approaches. You notice that he's wearing Marine combat boots this time instead of slippers.

MSG Cillian Francis MacAllister: He nods back.

Chandu: *After the stoic exchange, you proceed to the "not CIA" sector of the AB hangars, Cat in tow.*

Chandu: *You've met by a guy. Looks like the one Carstairs described as the team lead.*

"Fall": "Ladies."

"Fall": He IDs you through the gate guards and leads you along the helicopters and light airplanes over to one particular UH-1 Huey.

IA Bryan Carlyle: "Is that Buddy Holly?"

SSG Michael Giles: "He's got some real bottles on him."

"Fall": He turns his head slightly at the comment and mutters something to himself.

IA Bryan Carlyle: "What do they call those GI glasses again?"

SSG Michael Giles: "Best form of birth control."

Rafa Roco: As you arrive by the chopper, a bulkier man hops off, finishing up his final checks.

SSG Nolan Afzal al-Attar: "Good one."

"Fall": He stops and turns towards the group. "So, name's Fall. Who're we killing tonight, again?"

SSG Nolan Afzal al-Attar: Nolan talks to Giles' ear.

SSG Nolan Afzal al-Attar: "Real dickhead, huh?"

IA Bryan Carlyle: This guy isn't part of the opera right? I'm not sure how we're meant to sell the fact that we're shooting for some random French guy.

"Fall": He blows his nose into a tissue and throws it under the chopper.

IA Bryan Carlyle: "We're going for some drug runner with ties to the VCs, nothing special."

Chandu: *Bryan-- you're in-house with the CIA. These OPERATION PHOENIX guys typically find and kill VC cadre-- and he is clued into the fact that you're assaulting some sort of enemy camp or installation.*

SSG Michael Giles: Giles swats away at Nolan "Get out my ear, damn."

IA Bryan Carlyle: Then that'll do fine as cover.

"Fall": "This is Roco, pilot. I'll be riding shotgun. I was told we might be expecting some real resistance on-site. Keep that radio handy and let us know when we're clear to approach."

"Fall": "Plan is we tag along the boat as you go approach through the river, then we hang back out of AA range, low-altitude. Sounds good?"

IA Bryan Carlyle: "Hell, if you think you'll be safe I can only take your word for it."

"Fall": "Maps don't mark VC activity on-site. We'll keep it low by the water following the same trail the boat cuts through."

"Fall": "We'll be fine."

"Fall": "We're just waiting on Manny now..." he looks at his watch.

MSG Cillian Francis MacAllister: "Stay out of hearing range if you can eyeball that."

SSG Michael Giles: "They got another dude comin'?"

MSG Cillian Francis MacAllister: "We'll have some fun with them first."

Chandu: *And, as clockwork, a younger man approaches the craft carrying two go-bags and a rifle.*

SFC Emanuel Santana: "We good to go?"

SFC Emanuel Santana: He looks over the group.

SFC Emanuel Santana: "Who're these schmucks?"

"Fall": "We don't ask, Indian cocksucker."

SFC Emanuel Santana: He cackles and throws the go-bags into the helo.

SSG Michael Giles: "Boy if you'd knew you'd shit."

Chandu: *With the final checks concluded, it's onwards to Nha Be. This'll be a 10-minute flight to the Command Post.*

Chandu: *2312G, NHA BE COMMAND POST*

Chandu: *You dismount the helo at Nha Be and suit up. It's a full house in here.*

IA Bryan Carlyle: On the way there I explained how there was this thing called 'Theosophy' around while The Mouse was a young man and that there may or may not be a bunch of other immortal Europeans with a fetish for weird eastern learning out there.

SSG Michael Giles: Giles doesn't give not one fuck.

SFC Emanuel Santana: "Just put a bullet in the fucker's head so we can get back to throwing VC off as cargo."

Chandu: *Moving on. There's you.*

Chandu: *Fall and Santana checking out the PX...*

Chandu: *The Rangers you were told of by some crates...*

Chandu: *The PBR team by the boat...*

Chandu: *This is the entirety of the crew. You can either go ahead and take your spots in the boat or chat with any of these guys about the operation or whatever else.*

Throng Khatidjeh: The Cat is approaching the boat crew immediately and gauging over the craft.

IA Bryan Carlyle: The hell would they know that we don't?

MSG Cillian Francis MacAllister: I'm gonna talk to this "Fall".

SSG Michael Giles: Taking this opportunity to smoke.

Chandu: *It's about YOU telling them shit such as what the fuck they're supposed to do. These guys are here with one objective: assault and kill everyone at Lagalissee under your guidance.*

"Fall": He upnods at you, Mac.

MSG Cillian Francis MacAllister: Are we in privacy?

"Fall": He can brush Manny off if you want a 1 on 1.

MSG Cillian Francis MacAllister: Yes, please.

SA Mathieu de la Fontaine-Bois: Mathieu's taking a look at the boat alongside the Cat. He exchanges a few nods with Milky before finding his seat on the carriage.

MSG Cillian Francis MacAllister: "I'm gonna make this quick so that our miscommunication doesn't cost us good men."

MSG Cillian Francis MacAllister: "What did they brief you?"

"Fall": "Plantation site, everyone's written off as collateral damage in the search for VC."

"Fall": "Listen, I don't give a fuck who we're killing. We do as we're told."

MSG Cillian Francis MacAllister: I'm gonna look him in the eyes. "Do you believe in magic? Voodoo?"

"Fall": "Like those Haitians in New Orleans?"

"Fall": "Wackos."

MSG Cillian Francis MacAllister: "Something of that vein, but much more serious."

MSG Cillian Francis MacAllister: "I'm not joking."

"Fall": He frowns and looks like he's just confused.

SSG Nolan Afzal al-Attar: "I'm not sure if this pep talk could prepare them."

SSG Nolan Afzal al-Attar: Only Bryan and Michael hear this.

MSG Cillian Francis MacAllister: "Well, 'Fall', you have until we are boots on the ground to understand the seriousness of this situation."

MSG Cillian Francis MacAllister: I nod and walk away.

"Fall": "Hold on."

"Fall": "What exactly are we doing over there?"

"Fall": Looks like you've piqued his otherwise null interest.

MSG Cillian Francis MacAllister: "We're going in to secure sensitive material, make sure there is no one alive and then make sure no two stones are stacked on top of each other."

MSG Cillian Francis MacAllister: "If someone goes invisible in front of you, do me a favor and run instead of freezing up."

SSG Michael Giles: "Yo. Tell him about the voodoo dolls and shit."

"Fall": "What's next? Pigs flying?"

MSG Cillian Francis MacAllister: "Actually, something more interesting."

SSG Nolan Afzal al-Attar: Nolan tries his best to appear serious.

"Fall": "We'll be up in the air. You point us-- yeah?"

MSG Cillian Francis MacAllister: "If you see a voodoo doll, don't let it see you back. Turn it around. If you can't, set it on fire."

MSG Cillian Francis MacAllister: He's leaving for real this time.

Chandu: *What's next.*

SSG Michael Giles: We probably should tell these guys to get any cinnabar collected.

SSG Michael Giles: Anything marked with that symbol.

MSG Cillian Francis MacAllister: I think they more or less understand.

MSG Cillian Francis MacAllister: We can move on.

SSG Michael Giles: Boy we ain't told the rangers shit.

SSG Nolan Afzal al-Attar: "Don't think you could make them believe in anything more than that."

IA Bryan Carlyle: Do we really need to tell them this shit? If it ends up as a full on GI-versus-wizard war out there we've probably fucked up from a Program POV anyway.

IA Bryan Carlyle: Whatever.

Chandu: *That's just the CIA guy from Phoenix you talked with, Mac-- the ones who'll be in the ground with you are these four.*

SSG Nolan Afzal al-Attar: Better than them crashing out at first contact

SSG Michael Giles: Forreal.

Chandu: *Fall, Roco and Manny will be in the helicopter.*

MSG Cillian Francis MacAllister: Oh yeah, then time to brief them.

MSG Cillian Francis MacAllister: I'm gonna round them up.

MSG Cillian Francis MacAllister: I think I outrank them all so they have no choice but to listen.

Chandu: *They look your way and are paying attention.*

MSG Cillian Francis MacAllister: "Get the fuck over here."

SFC James Bauer: This guy in particular looks like their team lead. He's holding his beltline.

MSG Cillian Francis MacAllister: "We have no time to waste."

IA Bryan Carlyle: I'll just shrug and hope this ends in a way that they can brush us off as a bunch of lunatics once the op's done.

MSG Cillian Francis MacAllister: "Once we are inside we are going to secure all sensitive material, especially ones with this sign." He makes a rough drawing of the Almousine-Metatron seal and passes it in a line starting from this guy.

Chandu: *They each look over the paper in turns.*

MSG Cillian Francis MacAllister: "We're looking for some kind of plant or mineral compound called 'cinnabar', you may not be familiar with it so if you find large quantities of 'some weird shit' its probably it."

MSG Cillian Francis MacAllister: "Unfortunately I have no examples to show you."

SFC James Bauer: "Not a problem. Place's going up in the air after we're done clearing it, correct?"

MSG Cillian Francis MacAllister: "Right on. But before that, we're gonna be quiet as the wind until we get all up in their gruts."

MSG Cillian Francis MacAllister: "Use your knives. They aren't just for trimming your pubes."

MSG Cillian Francis MacAllister: "Any questions it's time to ask them now."

SFC James Bauer: "ROE?"

MSG Cillian Francis MacAllister: "No prisoners."

SPC Cole Harlan: "Finally." He taps the other guy's back and gets his bag, ready to move onto the boat.

MSG Cillian Francis MacAllister: "Actually..."

SFC James Bauer: "Yeah?"

MSG Cillian Francis MacAllister: "If you encounter a certain Mr. Charrière... he'll probably kill you first before you can shoot back."

MSG Cillian Francis MacAllister: "Don't engage this man without backup."

MSG Cillian Francis MacAllister: Do I have a photo to show them?

Chandu: *You have the daguerreotype.*

MSG Cillian Francis MacAllister: I'm passing the daguerreotype around and waiting to receive it back.

MSG Cillian Francis MacAllister: "Extremely fucking dangerous."

MSG Cillian Francis MacAllister: "You WILL die."

SFC James Bauer: He looks it over. "Was he buddies with Abe Lincoln?"

SGT Daniel Mercer: "Huh..." he looks over the picture.

SSG Michael Giles: Coughs and mutters "Fuckin' maybe."

MSG Cillian Francis MacAllister: "He was probably buddies with the King of England from the looks of it. Don't question it too much, he just looks too young okay."

MSG Cillian Francis MacAllister: "Do NOT try to take on him alone."

SFC James Bauer: "We see him, you'll hear it on the radio if we're apart."

SFC James Bauer: "All's clear."

MSG Cillian Francis MacAllister: "That's about it. Godspeed."

Chandu: *Finally, the boat crew. There's some details to clear up with them...*

SPC Anthony Jenkins: "LIEUTENANT! GET THIS FUCKER OFF MY BOAT!"

MSG Cillian Francis MacAllister: Who the hell is screaming...

MSG Cillian Francis MacAllister: "We got a problem here?"

Throng Khatidjeh: He's examining the controls and getting it all set up as the Marine pilot continues his angry babble.

IA Bryan Carlyle: "Who is that guy anyway? He looks meaner than you."

LT Adam Milky: "We weren't told we had to give up the controls, chief."

LT Adam Milky: "Especially to some civvie."

SA Mathieu de la Fontaine-Bois: Mathieu rubs his palms together. "Looks like the ladies are in a disagreement."

MSG Cillian Francis MacAllister: "He's special. He's been in shit."

MSG Cillian Francis MacAllister: "Asset."

MSG Cillian Francis MacAllister: "Do I have to say more, Lieutenant?"

LT Adam Milky: "Gah, fuck it. You're gonna be doing the paperwork if he shoves it in the dirt."

LT Adam Milky: "And the pulling."

MSG Cillian Francis MacAllister: "He won't."

LT Adam Milky: "Jenkins, let it go." He waves at him.

SPC Anthony Jenkins: "Fuck." He bangs on the hull takes the gunner's spot.

Chandu: *WITH THAT, WE ARE READY. LOADING FOR TRANSIT...*

MSG Cillian Francis MacAllister: He hops in the boat. I don't have any more words to spare for him.

Chandu: *MAP LOADING...*

Chandu: *Accounting for the delta's travel length and the current, the trip will take about two hours. You'll be there just short of 0130G.*

Chandu: *Twenty miles southwest of Saigon, an immense mangrove swamp begins. The Rung Sat, or "Forest of Assassins", runs from the Saigon River to the South China Sea, covering 485 square miles: an area larger than the city of Los Angeles. Some 10,000 villagers and fishermen try to eke out a living in between the Viet Cong attacks and American defoliant drops.*

Chandu: *The air is warm and thick, saturated. The Rung Sat is an immense, hot, and wet free-fire zone. It's one of those Japanese films out here.*

Chandu: *Still, the night is quiet and young. What's in each of your minds?*

SSG Michael Giles: Giles is wondering if there's any good shellfish in this swamp. The inner Negro Entrepreneur in him is thinking what the profit margins on exporting from here to... wherever, would be.

SSG Nolan Afzal al-Attar: I like our support, but I'm worried they're going to crack if they see something they can't handle.

MSG Cillian Francis MacAllister: I'm trying to figure out what was wrong with my grenade launcher from the last time and making sure it doesn't repeat.

SA Mathieu de la Fontaine-Bois: I'm still thinking on my chance meeting with this crew. Never asked for it, but it's turning out to be bigger than I initially expected. I just hope this whole detour won't fuck up my real mission here.

Chandu: *Dying plants and crumbling wood exhale clouds of dust, the water glistens oily and gray. The USAF's dropped a quarter-million gallons of Agent Orange on the swamp in the last three years. Nature, through ferocious in its resolve, is slowly losing the fight.*

Chandu: *The boat noses its way into side creeks and channels deep in the swamp. The PBR MK II Madeline soldiers on excellently under the Cat's control. So far, no regrets.*

Chandu: *Carlyle, you've got the radio. Roll 1d100 for Luck and wait a minute or two.*

IA Bryan Carlyle: 93

IA Bryan Carlyle: Busted?

Chandu: *Hold a minute...*

Chandu: *Right.*

Chandu: *You keep a hand on the PRC-25 set which you've taken off your back to sit down, another hand on the hull.*

Chandu: *For a while, there's only the vibration. The gentle slap of the river against the Madeline. Some inconsequential traffic from Nha Be before you switch back to the common frequency.*

Chandu: *It so happens that you've got a headset on, by the way.*

Chandu: *The channel then... somehow, you simply know it: it fills with water.*

Chandu: *Not static, as it should, but water.*

Chandu: *A heavy rushing sound, like a sluice gate opening under the river. Under it, voices overlap in a language he cannot separate from the engine noise. For a second you think you hear men chanting from very far away.*

Chandu: *The sound then becomes the low rotary thrum of the boat itself, then the Huey, and then...*

Chandu: *Something larger. Much larger, and tumbling in its slumber.*

MSG Cillian Francis MacAllister: Am I sitting next to him?

Chandu: *You see a fallen city. Black monoliths, trapezoid walls, streets bending into angles that shouldn't meet... Yes, you are. He's got his eyes closed, simply listening to the radio.*

MSG Cillian Francis MacAllister: "Hey."

MSG Cillian Francis MacAllister: "What the fuck are you listening to?"

Chandu: *Carlyle, roll POW.*

IA Bryan Carlyle: IA Bryan Carlyle rolls **CRITICAL FAILURE!** -> 100 (Rolling POW Target: 60%)

MSG Cillian Francis MacAllister: "I'm talking to you. What is it?"

Chandu: *You don't hear him. In fact, you're drawn into the sound itself. Into the city. As you walk the twisted roads that bend at impossible angles, you gaze at one of the bizarre buildings towering above you.*

Chandu: *Your point of view is physical, but at the same time not; it's like you're in a dream.*

MSG Cillian Francis MacAllister: Is he dozing off to the radio?

Chandu: *Sort of. Let's slow down-- this isn't happening quite in real time.*

IA Bryan Carlyle: Can I move around, interact with things? Am I 'lucid' here?

Chandu: *For a mercy, you know this isn't real. But you're not quite sure that you control this dream.*

Chandu: *It's not yours. That much, you know.*

Chandu: *Are you attempting anything? You might be a guest, but you can walk-- no, you can fly, even.*

IA Bryan Carlyle: Anyone around for me to talk to?

Chandu: 1

Chandu: *Lady luck seems not to be on your side. As you tread down the angled roads, each bending in impossible shapes, a light brightens up the distance... horizon?*

Chandu: *You hear a deep rumble, somehow a voice... in an incomprehensible language that you somehow understand. "Ever rising."*

Chandu: *And then, a loud explosion.*

Chandu: *The city is obliterated, as if hit by a nuke, with it being in the epicenter. You instinctively try to run from the blastwave, but, as in a normal dream, your running is ineffective.*

Chandu: *You jolt awake. Back on the boat.*

Chandu: *Use the SANLOSS macro.*

MSG Cillian Francis MacAllister: I slap the headset off his head. "No time to sleep."

SSG Michael Giles: Giles is just scanning the banks of the river while leaning his M60 against himself.

IA Bryan Carlyle: "Ahh, fuck!--"

Chandu: *That seemed awfully real, Carlyle-- but you're not breaking to fear.*

IA Bryan Carlyle: I pinch myself to be sure I'm not still asleep and turn to Cil. "Did I miss anything? Damnit, what the hell am I doing..."

MSG Cillian Francis MacAllister: "...Not really. You were just dozing off now."

SSG Michael Giles: "Eyes open, slick."

MSG Cillian Francis MacAllister: "What's on the radio?"

IA Bryan Carlyle: "Thanks for getting me up. Nothing, I mean--" I give the headset a listen with one ear.

Chandu: *Normal traffic. You must've really dozed off.*

MSG Cillian Francis MacAllister: No need to baby this idiot... I'm going back to playing with my tube.

IA Bryan Carlyle: "Nothing."

LT Adam Milky: "We're getting close. Twenty minutes."

Chandu: *The Madeline treads along.*

Chandu: *The boat is approaching the plantation house from this delta.*

IA Bryan Carlyle: I know by now that the way you deal with weird shit in the opera is to not think about it too hard so I'll try to brush that off as your garden variety nightmare.

MSG Cillian Francis MacAllister: Which direction is the river floating?

MSG Cillian Francis MacAllister: Those docks are 100% guarded.

Chandu: *The helicopter is a couple of miles back, far enough that you can't hear its engine, of course.*

Chandu: *The current is heading southwards.*

MSG Cillian Francis MacAllister: We need to get off and swim.

MSG Cillian Francis MacAllister: Like now.

Chandu: *You'd be swimming against the current, you figure. Bauer suggests walking it this way.*

MSG Cillian Francis MacAllister: Good suggestion. How far can we make it without visual contact on the boat?

Chandu: *The place where the insignia is isn't precisely the boat's location, you're a bit further down the river. You can get within...*

Throng Khatidjeh: Throng Khatidjeh rolls **Success** -> 28 (Rolling Pilot (Boat) Target: 80%)

Chandu: *As close as this turn, visual range.*

MSG Cillian Francis MacAllister: "I knew I could count on you."

MSG Cillian Francis MacAllister: "Lock and load."

Throng Khatidjeh: The Cat kills the main engine, using the smaller propulsion system to mute the Madeline's approach. You're at the spot in no time, and you disembark to the west.

Chandu: *We're using the Cat's token for the boat for now.*

MSG Cillian Francis MacAllister: We need to clear out outbuildings and secure the watchtowers before moving in on the main compound.

MSG Cillian Francis MacAllister: "Utah is on the ground."

MSG Cillian Francis MacAllister: Is the radio copy?

SSG Michael Giles: We still got the ordeal of wading through mangroves to get there.

Chandu: *Fall's voice. "Gooooood copy. Good hunting, boys."*

MSG Cillian Francis MacAllister: Right. I need 2 men each on the watchtowers.

MSG Cillian Francis MacAllister: Rangers?

Chandu: *Bauer, gauging over the layout, has the following advice...*

SFC James Bauer: SFC James Bauer rolls **Failure** -> 89 (Rolling MilitaryScience (Land) Target: 55%)

SFC James Bauer: They can take the towers by themselves and leave you the house, though it might take a bit to regroup.

MSG Cillian Francis MacAllister: We need to clear out that field for LZ.

MSG Cillian Francis MacAllister: Rangers need to secure the watchtowers and do that.

MSG Cillian Francis MacAllister: They were 6 people right?

Chandu: *Four guys, small squad. They'll split in pairs: Lead and MG, Rifleman and Sniper. North and south watchtowers respectively.*

MSG Cillian Francis MacAllister: Exactly, MG to north and sniper on the other end. We're going to engage this outbuilding before clearing out the docks.

Chandu: *We'll start treading along whatever surface can bear your weight now. How slow are you taking it? The time is...*

Chandu: *0140G*

MSG Cillian Francis MacAllister: How much do we have until sunrise?

Chandu: *Four hours, give or take.*

MSG Cillian Francis MacAllister: Rangers routing their way, how long til that?

Chandu: *They can slowly get in position and sync their clocks to engage simultaneously in half an hour. The run from the towers to the house will be a matter of a couple of minutes.*

Chandu: *Everyone roll BLIND ATHLETICS for me.*

MSG Cillian Francis MacAllister: Enough time, no need to hurry then.

SA Mathieu de la Fontaine-Bois: I should've had a warm-up.

MSG Cillian Francis MacAllister: Actually I'm going to skip the docks because it looks like the front of the house has some good firing lines towards it. We're just gonna move into the outbuildings and take the house from north.

MSG Cillian Francis MacAllister: We'll shoot our way out if it comes to that.

MSG Cillian Francis MacAllister: We need to find and disable any AA first.

SSG Michael Giles: The AA in question is straight up Dushkas I doubt they'll have anything more substantial in here.

Chandu: *As the sniper and rifleman escort diverge to the south and the rest of the group treads back from the shoreline towards the north, you can each get a view at the manor and the docks from this side.*

MSG Cillian Francis MacAllister: Those things can rip apart the helicopter- we can not take any risks.

Chandu: *What's glaring is that the docks are completely devoid of activity. The manor calls for more attention...*

Chandu: *The plantation house has seen better days. Even in the dark, even from the waterline, it is obvious that the roof has not been properly repaired in at least a decade. Sections of tile sag between warped beams, rain gutters hang loose or disappear entirely, and black streaks of humidity trail down from the cracks where water has been finding its own way through the structure. The old French lines of the house are still visible beneath the neglect: broad frontage, high windows, deep verandas, and the bones of a place once built to command the land around it.*

Chandu: *Up close, the decay becomes even harder to ignore. The paint has blistered and peeled away in broad strips, exposing gray wood and damp plaster beneath. Shutters sit crooked in their frames. Some windows are boarded from the inside; others are simply dark, their glass filmed over with grime, insects, and the pale reflection of the swamp. The columns and lower walls show signs of temporary shoring: fresh timber braces, nailed reinforcement, patched masonry, and practical repairs made not to restore the house, but to keep it standing just long enough for it to serve.*

MSG Cillian Francis MacAllister: Emplacements and sandbags on windows?

Chandu: *The windows are all covered-- much reminiscent of the Mouse's house on Pasteur Street. You see silhouettes moving across the shadows, armed with AKs, by the front-- but they look like locals would. VC, at most.*

Chandu: *Finally...The whole structure feels as if it is slowly deliquescing into the Rung Sat. The swamp has not swallowed it yet, but it has already entered by invitation. It has a few years left before collapse becomes unavoidable, maybe less if the rains are bad. For now, though, Lagalissee still stands... not preserved, not abandoned, but used.*

Chandu: *The roof seems to have collapsed in parts, even taking most of the topside windows with it.*

MSG Cillian Francis MacAllister: Enough sightseeing. We need to advance.

Chandu: *The two specified diverge towards the northern tower as MARTEL makes its advance...LOADING.*

MSG Cillian Francis MacAllister: I'm planning to call in the cavalry as soon as we confirm no AA threats and start pounding the front and avoid the watchtowers where we risk no friendly fire.

MSG Cillian Francis MacAllister: We're not clearing this out quietly.

Chandu: *We are on.*

Chandu: *Equip your weapon states. Status effects -> Primary.*

MSG Cillian Francis MacAllister: I'm peeking corners.

SSG Michael Giles: i'm checking flanks i'm stayin tactical

Chandu: *WE'RE ON THE CAROUSEL NOW*

MSG Cillian Francis MacAllister: I'm signalling him to go peek there.

SSG Nolan Afzal al-Attar: I'm peeking through the bushes

Chandu: *You see a guy. He's dressed in tattered red clothes.*

Chandu: *Hit an Alertness roll.*

SSG Nolan Afzal al-Attar: SSG Nolan Afzal al-Attar rolls **CRITICAL FAILURE!** -> 77
(Rolling Alertness Target: 50%)

SSG Nolan Afzal al-Attar: Fucking twig in my eye.

Chandu: *Absolutely nothing is wrong with him, and he's just a normal guy carrying an AK-47 and staring off into sweet nothingness. He's facing SOUTH.*

Chandu: *Is that all?*

SSG Nolan Afzal al-Attar: For now.

SSG Nolan Afzal al-Attar: I'll wait here though.

MSG Cillian Francis MacAllister: I'm gonna peek this corner first.

MSG Cillian Francis MacAllister: Nothing here?

Chandu: *Nothing appreciable other than some bushes. You see the perimeter wall-- low enough that you can vault it, as it runs south from the outhouse.*

MSG Cillian Francis MacAllister: I'm gonna signal Giles to come over and boost me so I can peek it.

MSG Cillian Francis MacAllister: The perimeter wall.

MSG Cillian Francis MacAllister: Move my token there.

Chandu: *We'll spend Giles' action doing so.*

Chandu: *The both of you can see over it. It's a matter of concrete up to your chest, then bars half a meter up. It's scalable, but you can see through it standing up.*

SA Mathieu de la Fontaine-Bois: The boss is out of sight so I'm tapping Carlyle on the shoulder before I move. He got an idea on how to split up here?

Chandu: *turn your brightness up bro*

SA Mathieu de la Fontaine-Bois: Then I'll give Altair some backup. Moving to peek out from behind him.

Chandu: *Four of you can see the same individual. He's just standing in place, doing nothing. AND AS FAR AS NOLAN CAN TELL, he's just a "normal guy".*

Chandu: *...wielding an AK.*

Chandu: *That all?*

SA Mathieu de la Fontaine-Bois: Can I hit the alertness roll that Altair failed?

Chandu: *Try it out.*

SA Mathieu de la Fontaine-Bois: Fuck. It's so dark.

Chandu: *You notice that he's wearing no shoes, his feet are bare against the walkway. His feet, however...*

SA Mathieu de la Fontaine-Bois: Matt licks his chapped lips.

Chandu: *The connective tissue between his toes looks wrong. They look strange, overgrown. The foot itself looks wrong. His hands, or what little you can see from behind them, do as well.*

Chandu: *It's like he's been adapted for aquatic movement, somehow, some way. Roll SANLOSS.*

Chandu: *Macro -> SANLOSS*

SA Mathieu de la Fontaine-Bois: Projecting onto my pet dog.

Chandu: *You can't believe your eyes, you think-- but this must be an outlier. You know full well how hands and feet should work. Perhaps it's a disease.*

Chandu: *Is that all?*

SA Mathieu de la Fontaine-Bois: Yeah, an outlier. That's what we call those fucked up genetic mutants these days to not offend them. That's all from me.

IA Bryan Carlyle: you can change it back i fwed my monitor

IA Bryan Carlyle: its cool

IA Bryan Carlyle: I'm gonna push up past the other two to make sure there's nobody on the perimeter of this place.

Chandu: *As you do so, you see another figure in the distance, past a large mound of dirt.*

IA Bryan Carlyle: Outside?

Chandu: *He seems to be... inactive. In the courtyard.*

Chandu: *"Inactive" is the best vocabulary you can use to interpret this state. It's as if he's dormant, but on his own two feet. He's got a pistol in his hand.*

IA Bryan Carlyle: I'm gonna get as close as I can to this freak from the outside. Am I able to aim at him?

Chandu: *Since you're in stealth, you can put your aim up right now. He's within range.*

Chandu: *You can move further along the wall with a **successful** ATHLETICS roll, let's say.*

IA Bryan Carlyle: Won't shoot unless our cover gets busted but I may as well be ready.

IA Bryan Carlyle: IA Bryan Carlyle rolls **Failure** -> 85 (Rolling Athletics Target: 30%)

IA Bryan Carlyle: Nope.

Chandu: *Understood. Take into account that his legs are covered from this point of view.*

Chandu: *Hold your position and put your Aiming status up.*

SSG Nolan Afzal al-Attar: Can we assume I aimed last turn?

Chandu: 2

Chandu: *You did. You've got your pistol perched on the chest-height wall.*

Chandu: *This is the benefit of non-combat stealth.*

SSG Nolan Afzal al-Attar: Alright. I'm gonna shoot him in the head.

SSG Nolan Afzal al-Attar: SSG Nolan Afzal al-Attar rolls **Failure** -> 90 (Rolling Firearms Target: 65%)

Chandu: *You have a +40% from stealth and surprise, making this a walk in the park. Roll DMG and BODYPART.*

SSG Nolan A. al-Attar: SSG Nolan A. al-Attar rolls 1d8 -> 5 (Draws a result from the Body Hit Location table)

SSG Nolan Afzal al-Attar: 3

Chandu: *x2 damage modifier due to your circumstances. He's clipped in the chest-- the bullet lodges within, and...*

Malformed Freak (10): ////////////////////////////////// The attack pierces the chest and burrows deep inside the chest cavity. Immediately a stream of blood erupts from the wound, drenching everything in thick, bright red blood. Collapses.

Malformed Freak (10): He gasps for air and reaches for his torso. His airway is covered in blood itself. You can't tell if he's trying to vocalize or scream.

MSG Cillian Francis MacAllister: I'm gonna make the hop and go slit his throat.

Chandu: *Assisted by Giles, doing so in a quick fashion will require no rolls. He gives you a hand as you hop over.*

MSG Cillian Francis MacAllister: Was just about to say.

Chandu: *Make your move, narrate it.*

MSG Cillian Francis MacAllister: Cillian drops his rifle on his sling and snaps his bowie knife out, before plunging it deep into this guys throat and enlarging it to a massive ravine of a gash.

Chandu: *He's defenseless. Moonlight glints off the blade as you brandish it.*

Malformed Freak (10): HEAD - PIERCING - LVL4//////////////////////////////// Pierces skin and bone burrowing through the face and into the brain.

Chandu: *He's out, like a light.*

Chandu: *You're inside the manor's perimeter proper and under a light, you realize.*

MSG Cillian Francis MacAllister: I'm signalling Giles.

MSG Cillian Francis MacAllister: Go listen to the door behind me.

SSG Michael Giles: Where you pointin' to boss.

SSG Michael Giles: Aight, Giles comes up.

SSG Michael Giles: Without such urgency as Mac had, you make your way over the barrier.

SSG Michael Giles: He presses his ear against the door.

Chandu: *Dead quiet. You hear crickets somewhere in the bush.*

MSG Cillian Francis MacAllister: "Try the door." I signal.

SSG Michael Giles: Giles tries the door, if it opens he doesn't open it fully as to not trigger any booby traps.

Chandu: *You lightly peek it, and check it vertically for a wire. You're clear.*

Chandu: *Seems to be a storage room.*

MSG Cillian Francis MacAllister: On my turn I'm dragging this guy in and searching it together with Giles. Or on his turn.

SSG Michael Giles: Giles is quickly checking it and motions Mac to get the body in.

Chandu: *It's a matter of seconds with the two of you pulling on him. You shove him inside.*

Malformed Freak (10): He flops against a bale of rice or whatever.

Chandu: *As you look back outside, Giles, you see another of these freaks down to the south.*

SSG Michael Giles: He quickly presses up against the wall next to the door. What's that fucker doing?

MSG Cillian Francis MacAllister: "Close the door."

MSG Cillian Francis MacAllister: I just whisper that.

SSG Michael Giles: Giles does so.

Chandu: *"Milling around" as one would say, as if he's on some stupefying drug. Just like the other was before he was shot.*

Chandu: *Moving on.*

SA Mathieu de la Fontaine-Bois: Let's see... what sort of fence is this? Can I vault over? I'm not doing so this turn, but I'd rather know.

Chandu: *You can climb over it. It's about chest and a half height.*

SA Mathieu de la Fontaine-Bois: Alright. I'm moving over to the next bush over.

SA Mathieu de la Fontaine-Bois: Taking cover... here.

SA Mathieu de la Fontaine-Bois: All from me.

Chandu: *You can move about 15 meters by default, by the way. This sounds good.*

IA Bryan Carlyle: How close can I get to this guy without having my stealth tested? Hoping to kill him and regroup with the others.

Chandu: *You can tread along the wall as close as you want, if the behavior observed from the other one holds up. It's only once you hop the fence that you might make any considerable sound.*

IA Bryan Carlyle: Alright I'm gonna do that and aim with the silenced PPK, so I'm swapping to secondary.

Chandu: *Rather long move-- roll ATHLETICS real quick.*

IA Bryan Carlyle: IA Bryan Carlyle rolls **Failure** -> 69 (Rolling Athletics Target: 30%)

Chandu: *Only got this fire. He's still within firing range, and now his legs are exposed.*

Chandu: *We're skipping over the DEX roll for the weapons until the situation becomes tenser, be advised.*

Chandu: *What now? You can shoot, but your aim's off.*

IA Bryan Carlyle: We have all the time in the world, I'll just aim up again.

Chandu: *On the next turn.*

SSG Nolan Afzal al-Attar: I was going to go down but they closed the door.

SSG Nolan Afzal al-Attar: Gonna go east to make sure Carlyle doesn't blow our cover.

Chandu: *Hit an Athletics roll for 30 meters.*

SSG Nolan Afzal al-Attar: SSG Nolan Afzal al-Attar rolls **Failure** -> 87 (Rolling Athletics Target: 70%)

MSG Cillian Francis MacAllister: We're searching this place.

Chandu: *You look it over. Would you like to take some rice home?*

MSG Cillian Francis MacAllister: Nothing of value?

Chandu: *There's an assortment of plants here. None look unconventional.*

MSG Cillian Francis MacAllister: If that's so we're moving on. I'm gonna open the door just a little bit to see where that guy went.

MSG Cillian Francis MacAllister: On my Primary again.

Chandu: *Go ahead.*

Chandu: *Looks like he's moved...*

Chandu: *It's as if he's sleepwalking.*

MSG Cillian Francis MacAllister: Can I close in and CQC him to the floor? I really don't want that AK to go off at this point.

Chandu: *He's within range. You can approach him and roll.*

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Failure** -> 84
(Rolling Unarmed Combat Target: 60%)

MSG Cillian Francis MacAllister: Stealth and surprise?

Chandu: *Correct. Hit your damage.*

Chandu: *And bodypart.*

MSG Cillian Francis MacAllister: I'm not rolling for damage I want to pin him on the floor and if he is still pinned cut his throat off.

Chandu: *You put a foot in front of him and push him over with your right hand, swatting his AK off with the other. As it clatters, you pin him down and grab him by the throat to prevent any screaming.*

MSG Cillian Francis MacAllister: Can Giles follow my steps and make 30 stab wounds on this guy for me?

Chandu: *Moving over to Giles.*

SSG Michael Giles: I'm coming up and letting the M60 slack as I pull out the knife to stab this fuck.

Chandu: *He's helpless. Roll DAMAGE clean.*

Chandu: *No bodypart.*

SSG Michael Giles: 2

SSG Michael Giles: Wow.

SSG Michael Giles: Any STR bonus?

Chandu: *Let's see how he manages.....*

Malformed Freak (10): HEAD - PIERCING - LVL4//////////////////// Shatters teeth as it penetrates through the roof of the mouth, penetrating deep into the head.

Malformed Freak (10): Owing to Mac's pin, he's out. A few convulsions here and there as life, or what was left of it, leaves his body.

MSG Cillian Francis MacAllister: Can we dump him into this debris or do we wait?

Chandu: *Trivial action. He's off.*

SA Mathieu de la Fontaine-Bois: Moving up behind my buddy...

SA Mathieu de la Fontaine-Bois: Ahead of him, actually.

Chandu: *Hit Athletics for extra movement.*

SA Mathieu de la Fontaine-Bois: It's like, half a meter past the limit. Can I just shave that off by taking a step back.

Chandu: *I meant to make it 30 meters long!*

Chandu: *Roll Or Die*

SA Mathieu de la Fontaine-Bois: Ohhhh. Okay. Fuck me and my whole family.

SA Mathieu de la Fontaine-Bois: SA Mathieu de la Fontaine-Bois rolls **Success** -> 54 (Rolling Alertness Target: 60%)

Chandu: *You're up to Bryan. You can get up to the mural if you wish.*

Chandu: *Anything else?*

SA Mathieu de la Fontaine-Bois: The mural being the large metal heap, just to be clear?

Chandu: *The perimeter wall, rather.*

SA Mathieu de la Fontaine-Bois: But I think I'll stay here, unless I can also spend an action to take aim on the guy.

Chandu: *On your next turn. You have to set up.*

SA Mathieu de la Fontaine-Bois: Alright.

IA Bryan Carlyle: I'm gonna try to dome this zombie thing.

Chandu: *You don't have your aim up, let's give you a narrative boon and put it up with a successful Athletics roll.*

Chandu: *This may seem like a trudge, but bear with me.*

IA Bryan Carlyle: IA Bryan Carlyle rolls **Success** -> 28 (Rolling Athletics Target: 30%)

Chandu: *Your aim's up, and you're good to fire. Are you calling a bodypart? You have a +40% bonus as it stands.*

IA Bryan Carlyle: Head.

IA Bryan Carlyle: IA Bryan Carlyle rolls **Success** -> 36 (Rolling Firearms Target: 55%)

IA Bryan Carlyle: 5

Chandu: *This is catastrophic at a 4x modifier.*

Malformed Freak (9): HEAD - PIERCING - LVL5//////////////////// The cranium cracks and the attack penetrates deep into the brain tissue, in a messy and disturbing display of gore.

IA Bryan Carlyle: I'll gesture to Nolan to jump the fence and fetch that corpse.

IA Bryan Carlyle: Or Mathieu, whoever.

Chandu: *Nolan's up.*

SSG Nolan Afzal al-Attar: That's 25m from here.

SSG Nolan Afzal al-Attar: Fences make up for 5 and I run to the corpse with a **successful** athletic roll.

SSG Nolan Afzal al-Attar: SSG Nolan Afzal al-Attar rolls **Success** -> 23 (Rolling Athletics Target: 70%)

SSG Nolan Afzal al-Attar: That's fine?

Chandu: *Wall along your way, correct.*

Chandu: *You can move up to 30 meters.*

SSG Nolan Afzal al-Attar: perfect

SSG Nolan Afzal al-Attar: oh wait

Chandu: *What're you planning to do with the body after this? Just for reference.*

SSG Nolan Afzal al-Attar: Dragging it to the guys above

SSG Nolan Afzal al-Attar: Throw it in a bush, something

SSG Nolan Afzal al-Attar: not in the middle of the lawn

IA Bryan Carlyle: I'll toss it into the shrub if he can get it over the wall yeah.

Chandu: *We'll be back with you.*

MSG Cillian Francis MacAllister: I want to sneak up there and observe those two fools.

MSG Cillian Francis MacAllister: Movement?

Chandu: *These two seem awake. They're malformed, but not dormant. They're packing crates in that cart.*

MSG Cillian Francis MacAllister: Do they have guns?

Chandu: *Their weapons aren't equipped at this very moment, correction.*

MSG Cillian Francis MacAllister: I want to push a crate off this cart and distract one.

MSG Cillian Francis MacAllister: If he comes I want to garotte him over and kill him in the process.

Chandu: *You tumble a crate. Let's see if they take the bait.1 - NO2 - 1 DOES3 - BOTH DO*

MSG Cillian Francis MacAllister: So I am telegraphing.

Chandu: 2

Malformed Freak (5): "Khkh-- khkh..."

Malformed Freak (5): "Awawakkkhkh.."

Malformed Freak (5): After the bizarre exchange, one of them moves around to check the crate.

MSG Cillian Francis MacAllister: What skill for garotte again? Unarmed or Strength?

Chandu: *Unarmed. However, there's a consideration here-- did you shove it back towards you?*

Chandu: *Otherwise it's lying here.*

MSG Cillian Francis MacAllister: That was the whole plan, I was going to fish him up towards this side.

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Success** -> 73
(Rolling Unarmed Combat Target: 80% (60%+20%))

Malformed Freak (5): This mural is waist-high. You're crouching.

Chandu: *You grab him by the shirt and tie the aluminum wire around his neck, bringing him with you across the ledge.*

Chandu: *Your attack's got him squirming helplessly on the floor. He's going to die in a turn-- and he is incapable of making any noise.*

MSG Cillian Francis MacAllister: Cillian locks him in with his legs and pulls as hard as he humanly can while maintaining a flat affect.

Chandu: *Suffocate him?*

MSG Cillian Francis MacAllister: Suffocate to kill. I nod towards Giles to take care of the other.

Chandu: *Actually nevermind. You can simply crack his neck as you did with that Corsican.*

Chandu: *He's gone fishing.*

SSG Michael Giles: I'm here bro.

SSG Michael Giles: Is that freak still at the cart?

SSG Michael Giles: I can try to do a bird whistle to call this moron over.

Chandu: *One of them is. He's just back to the crates.*

Chandu: *Roll CHA.*

SSG Michael Giles: SSG Michael Giles rolls **Success** -> 8 (Rolling CHA Target: 30%)

MSG Cillian Francis MacAllister: You obviously do it in MELEE RANGE right.

SSG Michael Giles: Yeah.

Malformed Freak (5): This guy's special, though.

Malformed Freak (5): "Khhkh..."

Malformed Freak (5): He grabs his rifle from the cart, noticing his partner's absence in the dark.

Malformed Freak (5): "Kr-kr-kr...?"

MSG Cillian Francis MacAllister: Oh boy...

SSG Michael Giles: Giles is just lying in wait with the knife for the best opportunity.

MSG Cillian Francis MacAllister: "Reach for it."

Chandu: *Hit a Melee Weapons roll.*

Chandu: +20%.

SSG Michael Giles: SSG Michael Giles rolls **Failure** -> 40 (Rolling Melee Weapons Target: 30%)

Chandu: *You spring up once he's by the ledge and lunge at him with your knife. Roll damage.*

SSG Michael Giles: 3

SSG Michael Giles: STR modifier?

Chandu: *That's times two. Let's hit a bodypart roll.*

SSG Michael Giles: SSG Michael Giles rolls 1d8 -> 5 (Draws a result from the Body Hit Location table)

Chandu: *6 damage to the torso. This won't be lethal-- however, as you launch yourself up, you also end up on top of him.*

Chandu: *You're both struggling in the floor. His rifle clatters on the dirt.*

MSG Cillian Francis MacAllister: I'm gonna return the favor to Giles and go slash that guys throat off like he did for me.

Malformed Freak (5): "KR-KR-KR"

Malformed Freak (5): He enters the turn rotation next round. Moving on.

SA Mathieu de la Fontaine-Bois: Let's see... I think I'm moving up -- does this metal heap let me hide behind it?

Chandu: *Yes. It's higher than waist-height at the top. You can pull him wherever you want.*

SA Mathieu de la Fontaine-Bois: My fault, misjudged your location.

Chandu: *You may move.*

SA Mathieu de la Fontaine-Bois: Taking cover behind this fucking thing. Whatever it is.

Chandu: *You crouch as you can. You have a view at the back of the manor.*

SA Mathieu de la Fontaine-Bois: Oh, by the way, are those windows over there?

Chandu: *Indeed they are. They are, however- shuttered.*

Chandu: *You can't see through them. There's others too.*

SA Mathieu de la Fontaine-Bois: Alright. That's all from me.

IA Bryan Carlyle: I'm gonna stay here till Nolan chucks the body over so I can hide it. And while I wait...

IA Bryan Carlyle: I'll pull out the binos and see if I can see anything further down the compound from here.

IA Bryan Carlyle: Not much else I can do after all.

Chandu: *There's a big ass manor on the way south. Lifting yourself up on the wall, though, you can see the field to the east.*

Chandu: *There are no lights, no silhouettes, nothing.*

Chandu: *The field is devoid of human attention-- no crops at all.*

Chandu: *The one observation you make is that this place looks all but abandoned.*

SSG Nolan Afzal al-Attar: I'll carry the body over to the wall so Bryan can take it.

Malformed Freak (9): Lifting him over the wall consumes the rest of your turn. He tumbles over-- he's hidden from view.

MSG Cillian Francis MacAllister: Can I finish him like we did the other guy in?

Chandu: *Describe it.*

MSG Cillian Francis MacAllister: Cillian leaps over and cuts the malformed freaks head off, or gets as close to doing that as possible.

MSG Cillian Francis MacAllister: 3

MSG Cillian Francis MacAllister: $1+1*2?$

Chandu: *You bring the serrated edge of the knife to his throat and start sawing away at it as Giles holds him down. He tries vocalizing a scream, but he's bleeding profusely as his trachea is cut through.*

MSG Cillian Francis MacAllister: I'm going to help Giles up if he's still on the floor.

Chandu: *WITH HIS TURN...*

Chandu: *He bleeds out and dies.*

MSG Cillian Francis MacAllister: "Listen to that door."

SSG Michael Giles: We doing anything with the bodies?

MSG Cillian Francis MacAllister: "Nah."

MSG Cillian Francis MacAllister: "They'll be fine."

SSG Michael Giles: Which door?

SSG Michael Giles: Anything I can do to snuff the light?

Chandu: *You can knock it away with your rifle. Easy enough.*

SSG Michael Giles: I presume literally just snuffing it unless it's electric.

SSG Michael Giles: Sure.

Chandu: *Small torch.*

SSG Michael Giles: Giles will be listening in.

Chandu: *Roll Alertness.*

SSG Michael Giles: SSG Michael Giles rolls **Failure** -> 89 (Rolling Alertness Target: 50%)

Chandu: *You hear something. It's muffled badly, though, and you can't tell what it is.*

Chandu: *Metal upon metal?*

SSG Michael Giles: Giles turns to Mac and just shrugs.

SA Mathieu de la Fontaine-Bois: Let's see...

SA Mathieu de la Fontaine-Bois: I'm crouching down behind this bush here, facing the lantern-lit entrance but obscured from the view of the windows right next to me.

Chandu: *Not that they're opened. You do so.*

IA Bryan Carlyle: If I have the time I wanna stack up on that porch I can see after I'm done putting zombie-fish-man in this shrub.

Chandu: *You do so and hop the fence.*

IA Bryan Carlyle: Athletics?

Chandu: *It's close enough for normal movement.*

IA Bryan Carlyle: I'll gesture to Nolan to take the opposite side.

SSG Nolan Afzal al-Attar: I'll do that.

SSG Nolan Afzal al-Attar: Aim at the door.

Chandu: *One of you roll Alertness. No free aim this time.*

SSG Nolan Afzal al-Attar: SSG Nolan Afzal al-Attar rolls **Failure** -> 86 (Rolling Alertness Target: 50%)

Chandu: *Don't worry. It's all calm.*

MSG Cillian Francis MacAllister: I actually want to do two things here. Can I peek that corner and then move back towards that door for a breach again?

Chandu: *Let's simplify this, you may. Hit it.*

Chandu: *You see two "weird men" standing guard by the main entrance. These look awake.*

MSG Cillian Francis MacAllister: Is this a low wall? I can crouch beneath it to get a better view.

Chandu: *It is, and you can.*

MSG Cillian Francis MacAllister: No DSHKs around?

Chandu: *As before. Two guards, no emplacements.*

MSG Cillian Francis MacAllister: I'm beginning to feel that this place is actually clear of AA threats, unless they whip out a SAM from the inside. I'm returning for now.

Chandu: *In fact, after all this walking around, you figure that the house is built for a considerably higher amount of people to be here. This, and the cart-loading track; it looks like they've been packing up.*

MSG Cillian Francis MacAllister: I'm gonna pull out my revolver and aim down the door.

MSG Cillian Francis MacAllister: I nod at Giles to swing it open.

Chandu: *You get as far back as the door. We move forward. You do so, he does so...*

Chandu: *LOCKED.*

MSG Cillian Francis MacAllister: I know what to do.

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Failure** -> 48
(Rolling Craft (Locksmith) Target: 20%)

Chandu: *You've been doing a lot, let's consider this turn spent. You break one of the pins, but you can try again.*

MSG Cillian Francis MacAllister: "Get in position."

MSG Cillian Francis MacAllister: "Pistol."

MSG Cillian Francis MacAllister: He nods at your big ass fucking gun.

SSG Michael Giles: Yep.

SSG Michael Giles: Giles slings back the M60 and pulls out his Browning.

Chandu: *Set SECONDARY.*

SSG Michael Giles: And slowly pushes the door open.

Chandu: *Mind the way you're facing, too.*

Chandu: *Oh... IT'S STILL LOCKED*

SA Mathieu de la Fontaine-Bois: Moving up to my guys...

Chandu: *You can stack up behind either of the two.*

SA Mathieu de la Fontaine-Bois: There was an alertness check associated with this spot, right?

Chandu: *Maybe.*

Chandu: 2

Chandu: *Give it a go.*

SA Mathieu de la Fontaine-Bois: SA Mathieu de la Fontaine-Bois rolls **Failure** -> 62 (Rolling Alertness Target: 60%)

Chandu: *You put your ear up close to the door, and you hear something being dragged across tiles.*

Chandu: *That's all you can tell. You're stacked up behind Bryan.*

IA Bryan Carlyle: Guessing this door is locked too? Gonna try the handle a little and see if it catches.

Chandu: *You try it. It does budge.*

Chandu: *Will you swing it open?*

IA Bryan Carlyle: Nope, I'll aim and let Nolan have the honor.

SSG Nolan Afzal al-Attar: I'll swing the door open in partial cover.

SSG Nolan Afzal al-Attar: Assuming its unlocked.

Chandu: *Very well.*

SSG Nolan A. al-Attar: You swing the double-doors open.

Chandu: *Inside, four of these freaks. They all turn towards the door as you open them.*

Chandu: *Bryan, you get the first shot.*

IA Bryan Carlyle: I'm hitting number 6...

IA Bryan Carlyle: No bodypart though.

Chandu: *Roll at +40% for aimed and surprise.*

IA Bryan Carlyle: IA Bryan Carlyle rolls **Failure** -> 61 (Rolling Firearms Target: 55%)

Chandu: *Just bodypart now.*

IA Bryan Carlyle: 5

Chandu: *Double damage. You shoot clean through his abdomen.*

SSG Nolan Afzal al-Attar: I get to shoot unaimed right?

Chandu: *The rest enter combat next turn. You do, Nolan.*

Chandu: *Hit it, no modifier.*

SSG Nolan Afzal al-Attar: SSG Nolan Afzal al-Attar rolls **Success** -> 57 (Rolling Firearms Target: 65%)

SSG Nolan A. al-Attar: SSG Nolan A. al-Attar rolls 1d8 -> 2 (Draws a result from the Body Hit Location table)

SSG Nolan Afzal al-Attar: Closest one, by the way.

Chandu: *Damage, x2.*

SSG Nolan Afzal al-Attar: 4

Chandu: *Single shot since you didn't specify and it isn't enough damage for a kill.*

Malformed Freak (4): ////////////////////////////////// Burrows deep into the thigh.

Malformed **Freak** **(4):**

"KRAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAH!!!"

Chandu: *This part of the entrance is done. Moving onto Mac and Giles.*

MSG Cillian Francis MacAllister: Gunshots. Shit. "Blast this fucking door NOW!", alluding to wallbanging with his M60. I'm gonna rush up front and deploy White Phosphorus at the main entrance where the guards are.

IA Bryan Carlyle: "Don't kill that one! Might as well let him draw the others out..."

MSG Cillian Francis MacAllister: Anyone that tries to exit out that shit will be fucking crisp.

MSG Cillian Francis MacAllister: "WP OUT!"

Chandu: *Hit the roll, it's Athletics.*

MSG Cillian Francis MacAllister: No bonuses?

Chandu: *You get a +20% from surprise, though it realistically doesn't say much.*

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Failure** -> 85

Chandu: *Go ahead.*

Chandu: *That's a near failure, 5 off. It's going to land...*

Chandu: 1

MSG Cillian Francis MacAllister: The cloud should be big enough...

Chandu: *GOODNESS GRACIOUS! Further north, which means towards the door itself!*

MSG Cillian Francis MacAllister: "BURN YOU COMMIE MOTHERFUCKER!"

SSG Michael Giles: "I don't think these boys care about communism a whole lot, brotha'!"

MSG Cillian Francis MacAllister: "SHUT UP AND SHOOT!"

Chandu: *As the WP starts pouring out of the canister, the two guys make their way to the front door. They do manage to inhale and be affected by some, cutaneously.*

Malformed Freak (5): 4

Malformed Freak (5): 2

Chandu: *They bang through the doors as they scream.*

MSG Cillian Francis MacAllister: Will calling the cavalry be an action?

MSG Cillian Francis MacAllister: Talking is free...

Chandu: *You have your survival radio. Make the call.*

MSG Cillian Francis MacAllister: "Utah to fire support, send everything you got up front entrance! I repeat, send everything you got up FRONT ENTRANCE."

Chandu: *You get a couple of beeps back. Carlyle, however, hears...*

Chandu: *"Utah Romeo, we're on our way. Hold on tight."*

Chandu: *They'll be here in two turns.*

SSG Michael Giles: Giles unslings the M60, takes a step back and basically chops down the door with it.

SSG Michael Giles: By shooting it.

SSG Michael Giles: With a lot of bullets.

Chandu: *You mow the wooden door down. Chips fly away as you make a large hole.*

Chandu: *You can walk on through. It's dark, and there's rubble, as far as you can see in there.*

MSG Cillian Francis MacAllister: GM, sorry to interrupt but doesn't the south tower sniper team see the other "lane"?

MSG Cillian Francis MacAllister: Like the one we just came through.

IA Bryan Carlyle: We're on the other side of the house so presumably we just see fucking D day down this corridor.

Chandu: *They see from this side.*

MSG Cillian Francis MacAllister: They don't see the side? Bullshit.

Chandu: *In fact they do see the RIGHTMOST SIDE of the manor, if that's what you meant. The WP covers up the front entrance.*

MSG Cillian Francis MacAllister: Fuck the front entrance, whoever is on that side should be fired upon NOW.

Chandu: *We'll tread along as we go and determine our guy's roll after Carlyle.*

Chandu: *IGNORE THAT CONE.*

SA Mathieu de la Fontaine-Bois: I'm scared.

SSG Michael Giles: it's watching you.

SA Mathieu de la Fontaine-Bois: Okay, let me move up a bit so I can see a thing.

Chandu: *You see two guys, looking over your way. You have the element of surprise this turn.*

Chandu: *Next turn, they'll be free to move.*

SA Mathieu de la Fontaine-Bois: Does that mean I have a bonus to attack them...?

Chandu: *Correct. +20%.*

SA Mathieu de la Fontaine-Bois: Actually, better question -- do they go after me, next turn?

Chandu: *Who knows... they haven't Rolled.*

SA Mathieu de la Fontaine-Bois: Oh. Disregard. If I already have the bonus, I'll shoot at Freak 1.

Chandu: *Hit the roll at +2, damage and bodypart.*

Chandu: *+20% rather.*

IA Bryan Carlyle: So to be clear there is now one person left alive, right?

Chandu: *That's right.*

IA Bryan Carlyle: Okay let me just shoot at him with no call then.

Chandu: *hit that shi*

IA Bryan Carlyle: IA Bryan Carlyle rolls **Success** -> 35 (Rolling Firearms Target: 55%)

Malformed Freak (5): ////////////////////////////////////// Left side of chest is pierced deep.

IA Bryan Carlyle: IA Bryan Carlyle rolls 1d8 -> 3 (Draws a result from the Body Hit Location table)

Malformed Freak (5): No need for the damage roll, He tries to dive back for cover, but one of your bullets catches him square in the sternum, as the other one makes its way through his side.

SFC James Bauer: Condition Changes Cover (Partial)

MSG Cillian Francis MacAllister: Are they all dead? Is it over?

Chandu: *We're abstracting this. You spend five minutes looking around and clearing the rest of the rooms. You find an entrance downstairs...*

Chandu: *To a basement.*

Chandu: *It reeks of blood, guts, and whatever you can think of.*

MSG Cillian Francis MacAllister: I'm gonna take one for the team and lead the way in.

Chandu: *The Rangers can head down with you or use the time to gather up whatever they see with the seal of A-M with them.*

Chandu: *Make the call, and we're taking a 5 minute break. We have about 30 minutes more of playtime after the hour's beat.*

MSG Cillian Francis MacAllister: Rangers should clear out the first floor, basement is DG-only.

SA Mathieu de la Fontaine-Bois: If the rangers are staying up, I'll search the estate with em.

MSG Cillian Francis MacAllister: I hope they understand.

SA Mathieu de la Fontaine-Bois: I'm not DG so...

Chandu: *Your call, Matthieu.*

Chandu: *I'll head out on a limb and tell you that you ARE invited. It's tacit.*

Chandu: *You also have time to hit a first aid roll on yourself.*

SA Mathieu de la Fontaine-Bois: Unless Mac makes an explicit call about it, I'm sticking with the rangers. Not my business to know what these spooks I just met are after.

MSG Cillian Francis MacAllister: Actually we need to walk this guy to the fucking boat he is done.

MSG Cillian Francis MacAllister: Or.

MSG Cillian Francis MacAllister: If he succeeds the first aid I will test him by making him follow us.

SA Mathieu de la Fontaine-Bois: SA Mathieu de la Fontaine-Bois rolls **CRITICAL SUCCESS!** -> 22 (Rolling First Aid Target: 50%)

SA Mathieu de la Fontaine-Bois: I harvest a few ribs from the freaks and replace my broken ones self-surgery style

SSG Nolan Afzal al-Attar: What guns are these freaks carrying anyways?

MSG Cillian Francis MacAllister: Okay then he's coming with us.

SA Mathieu de la Fontaine-Bois: AKs and stuff.

Chandu: *Type 56s, the odd AK-47, Gevarn SMGs, Makarov PMs. Looks like VC armory, and there's not a single Corsican-looking freak here.*

SA Mathieu de la Fontaine-Bois: Mathieu, you hea 2d2+2 HP.

SA Mathieu de la Fontaine-Bois: 3

Chandu: *That's a five. Also...*

Chandu: *You've dosed yourself with morphine. As per standard procedure.*

Chandu: *Not a problem, just a light dose. No modification on your rolls.*

SA Mathieu de la Fontaine-Bois: Good to go. And, shit, if the boss wants me coming down there, I won't protest.

Chandu: *Moving the tokens to the entrance. One minute.*

SSG Nolan Afzal al-Attar: Condition Changes Cover (Partial)

Chandu: *Alright. Firstly.*

Chandu: *Mathieu, as the rest head on down...*

Chandu: *Mind, the Rangers are off elsewhere. You have a couple of seconds before you head downstairs.*

SA Mathieu de la Fontaine-Bois: A couple seconds for what.

Chandu: *For the light tinge at the tip of your fingers to intensify, somewhat. Your head gets a little fuzzier than it should.*

Chandu: *You feel a compelling desire to kindly wait here for a moment.*

MSG Cillian Francis MacAllister: What the fuck is he doing slacking off? This is his ticket. He's coming with us.

SA Mathieu de la Fontaine-Bois: I knew it-- I messed up the morphine dosage.

Chandu: *Shhhh.....*

Chandu: *You feel a tap on your shoulder.*

Chandu: *Behind you.*

SA Mathieu de la Fontaine-Bois: "Who's there?" He calls out, reflexively.

Chandu: *Your mind goes back to your family. You had a niece, somewhere, right?*

Chandu: *What's her name?*

SA Mathieu de la Fontaine-Bois: Alice.

Chandu: *Roll POW.*

SA Mathieu de la Fontaine-Bois: SA Mathieu de la Fontaine-Bois rolls **Failure** -> 84 (Rolling POW Target: 75%)

Chandu: *Alice? You could've sworn... nevermind. What were you thinking-- her name's Ariadne. Ari for short, as ever.*

Ariadne Mekonakis: "I'm sorry to come to you in such a jarring way. Would that we had a little more time."

Ariadne Mekonakis: "You were too careful." She smiles, then glances at your medic bag for a moment.

SA Mathieu de la Fontaine-Bois: "What are you doing here?"

Chandu: *This is not happening in real time.*

SA Mathieu de la Fontaine-Bois: "You shouldn't be here. It's dangerous."

Ariadne Mekonakis: "It is. Very much so, in fact."

Ariadne Mekonakis: "So much that you may feel the urge to run in a few short moments. You needn't. You mustn't."

Ariadne Mekonakis: "Still, I've come with advice, before I go."

Ariadne Mekonakis: "Let it swim, or everyone's paths will end here tonight."

SA Mathieu de la Fontaine-Bois: "Let it swim..."

Ariadne Mekonakis: "You'll understand. It's not that I like saying this..."

Ariadne Mekonakis: "It's that you all have better... eh," she shakes her head. "I've said too much already."

Ariadne Mekonakis: "Do stay far away from my brother tonight. Goooooodbye."

SA Mathieu de la Fontaine-Bois: He takes a napkin from his webbing, wiping the sweat that's accumulated on his bald crown.

MSG Cillian Francis MacAllister: "One, two, three..."

Chandu: *Your fingers feel like they're yours again, and your mind's back in place.*

Chandu: *You may move onto the basement.*

MSG Cillian Francis MacAllister: "HEY! I TOLD YOU TO COME HERE!"

SA Mathieu de la Fontaine-Bois: "I'm on my way, man."

SSG Nolan Afzal al-Attar: "Frenchie."

SSG Nolan Afzal al-Attar: "Come on."

SA Mathieu de la Fontaine-Bois: Matt shakes his head, a little dizzy as he joins the descent.

MSG Cillian Francis MacAllister: "Get your ass back here!"

Chandu: *LOADING....*

Chandu: *Lagalisse - Basement.*

MSG Cillian Francis MacAllister: I'm signalling him to round the corner.

SSG Nolan Afzal al-Attar: Taking point with my DMR.

Chandu: *Mind your facing on the next ones. This one's clear.*

SSG Nolan Afzal al-Attar: I can't see anything here and I guess that's just a weirdly angled wall.

SSG Nolan Afzal al-Attar: This way.

SSG Nolan Afzal al-Attar: I mean.

SSG Nolan Afzal al-Attar: Yeah.

Chandu: *It's a shadow, don't worry.*

SSG Nolan Afzal al-Attar: I'll walk over to this door.

Chandu: *Or do... khehehehe...*

Chandu: *Next?*

SSG Nolan Afzal al-Attar: I aim at the door.

SSG Nolan Afzal al-Attar: That's it.

Chandu: *No aim & move in this tense situation.*

SSG Nolan Afzal al-Attar: Very well.

MSG Cillian Francis MacAllister: I'm gonna signal the others to take north.

MSG Cillian Francis MacAllister: Is he aiming down?

Chandu: *Nope.*

MSG Cillian Francis MacAllister: Gonna peek the keyhole if at all possible.

Chandu: *Roll Alertness.*

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Failure** -> 93
(Rolling Alertness Target: 60%)

Chandu: *As you do, a foot comes up to the doorknob from the other side. Dodging is out of the question-- what matters is whether you are stunned or not. You're going to roll POW.*

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Success** -> 32
(Rolling POW Target: 65%)

MSG Cillian Francis MacAllister: Am I in melee range or what?

Malformed Freak (3): Not stunned. You are, and so is he. He's brandishing a large machete.

MSG Cillian Francis MacAllister: Rookie fucking mistake.

MSG Cillian Francis MacAllister: Long burst.

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **CRITICAL FAILURE!** -> 88 (Rolling Firearms Target: 60%)

Chandu: *JAM!*

Chandu: *He's going to charge at you with his MACHETE*

Malformed Freak (3): Malformed Freak (3) rolls **Failure** -> 95 (Rolling Unarmed Combat Target: 40%)

MSG Cillian Francis MacAllister: Can I parry it with this longarm?

Malformed Freak (3): You can dodge it automatically, but you can choose to do that and have the opportunity for a riposte with Melee Weapons.

Malformed Freak (3): Either way, you're not getting injured.

MSG Cillian Francis MacAllister: I definitely want to riposte with my knife, his machete should be unwieldy if we get too up close and personal than he planned.

MSG Cillian Francis MacAllister: I'm dropping this on my sling.

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Failure** -> 82
(Rolling Melee Weapons Target: 70%)

Malformed Freak (3): You parry-- but don't leave him open for a strike. You're out of immediate danger.

MSG Cillian Francis MacAllister: "You picked the wrong fight son."

MSG Cillian Francis MacAllister: "You still got a gun on you."

Malformed Freak (3): "KRKRKR-REKHRKRHRKKKK"

SSG Michael Giles: Can I help Mac or will my efforts be more useful elsewhere.

SSG Michael Giles: Let's see

Chandu: *You can choose to do as thou wilt...*

SSG Michael Giles: They can handle the nonsense Nolan can help next turn.

SSG Michael Giles: Posted up like this.

MSG Cillian Francis MacAllister: He flourishes as he's looking for an opportunity.

Chandu: *Understood. Moving on.*

SA Mathieu de la Fontaine-Bois: Lessee... I'll post up like this over at the north side.

Chandu: *Donezo?*

SA Mathieu de la Fontaine-Bois: Yep.

IA Bryan Carlyle: Would I have a clear shot on number 3 if I went for it?

Chandu: *It's risky. But I'll go ahead and say that you only risk hitting one of the guys on a critfail.*

IA Bryan Carlyle: Sending it.

IA Bryan Carlyle: IA Bryan Carlyle rolls **Failure** -> 76 (Rolling Firearms Target: 55%)

Chandu: *You've gotta rotate as such, though.*

Malformed Freak (3): The stakes are high. Mac and Nolan are aware that this is a friendly's shot, and so are not suppressed.

Malformed Freak (3): The freak, however...

Malformed Freak (3): Malformed Freak (3) rolls **Success** -> 35 (Rolling POW Target: 60%)

Malformed Freak (3): He gurgles some fucking nonsense and remains on point.

SSG Nolan Afzal al-Attar: Is my shot clear at all?

MSG Cillian Francis MacAllister: I think I cleared distance from him.

Chandu: *You've got a clear shot, yes-- he's directly in front of you, while Mac is to the side.*

SSG Nolan Afzal al-Attar: Alright, then I'll unload a short burst in him.

Chandu: *Semi auto suppression shot.*

Chandu: *With the M14 that is.*

SSG Nolan Afzal al-Attar: SSG Nolan Afzal al-Attar rolls **Success** -> 40 (Rolling Firearms Target: 65%)

Malformed Freak (3): Malformed Freak (3) rolls **CRITICAL SUCCESS!** -> 1 (Rolling POW Target: 60%)

Chandu: *THIS GUY IS NOT HUMAN*

Malformed Freak (3): 2

Malformed Freak (3): He's going for NOLAN.

Malformed Freak (3): Malformed Freak (3) rolls **Success** -> 43 (Rolling Melee Weapons Target: 50%)

Malformed Freak (3): Nolan, you can roll DEX to try and dodge this, or Melee Weapons to try and parry it.

Malformed Freak (3): Riposte possible only on MW **success**.

SSG Nolan Afzal al-Attar: I'm a fucking machine.

SSG Nolan Afzal al-Attar: SSG Nolan Afzal al-Attar rolls **Failure** -> 97 (Rolling Melee Weapons Target: 70%)

SSG Nolan Afzal al-Attar: Nevermind.

Malformed Freak (3): Malformed Freak (3) rolls 1d8 -> 6 (Draws a result from the Body Hit Location table)

Malformed Freak (3): 4

SSG Nolan Afzal al-Attar: Rusty ass poop knife

Malformed Freak (3): That's a 1d8 for a machete, my bad... but we'll leave it there.

Malformed Freak (3): He cuts along your torso as you try to place your M14 in front of him. 2 points of damage are sliced into your vest, while your torso section is bruised. Your vest won't be able to take another one of those.

MSG Cillian Francis MacAllister: Whatever the fuck my idiot squaddie is doing he has managed to completely bungle it so can I take the opportunity to draw my revolver and brain this thing?

Chandu: *Hit it, no malus.*

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Failure** -> 84 (Rolling Firearms Target: 60%)

Chandu: *He's going to roll for suppression at the loud bang. The rest of you are wearing earplugs.*

Malformed Freak (3): Malformed Freak (3) rolls **Failure** -> 80 (Rolling POW Target: 60%)

Malformed Freak (3): FINALLY!

Malformed Freak (3): Condition Changes Suppressed

MSG Cillian Francis MacAllister: Can I just finish him.

MSG Cillian Francis MacAllister: What are we even doing??

Malformed Freak (3): Rather than suppressed, he's stunned. His inner ear, you see.

Malformed Freak (3): Describe your action. You can.

MSG Cillian Francis MacAllister: Scoffing at my first miss, I adjust my aim slightly and just splatter his head open with .357

Malformed Freak (3): HEAD - PIERCING - LVL5//////////////////////////////////// Attack goes through ear and retracts with a squirt of blood. Collapses.

MSG Cillian Francis MacAllister: "I'm gonna pretend that never happened."

MSG Cillian Francis MacAllister: "Is that cool with you?"

MSG Cillian Francis MacAllister: He raises his rifle again to unjam it.

Chandu: *It's set.*

SSG Michael Giles: "Ain't the time for shits and giggles."

SSG Nolan Afzal al-Attar: "Yeah."

SSG Michael Giles: Imma listen in on northern door

SSG Nolan Afzal al-Attar: "Fucking hell Mac."

MSG Cillian Francis MacAllister: "We need to go get some serious rest after this."

Chandu: *Giles, you hear... droning. Crackling. As if from a neon light and a fireplace, simultaneously.*

SSG Michael Giles: Did we hear similar shit from the fucker we put down at the ruins?

Chandu: *Most definitely not.*

MSG Cillian Francis MacAllister: I'm gonna signal Giles to hold.

MSG Cillian Francis MacAllister: And show him my frag grenade.

SSG Michael Giles: I'd rather people stack.

SSG Michael Giles: I also have a satchel charge.

SSG Michael Giles: But that's last resort.

Chandu: *That's gonna level the entire place, you're aware of it.*

MSG Cillian Francis MacAllister: "You better hold onto that."

SSG Michael Giles: "Well don't let me die without having used it." Giles will hold waiting for the others to stack.

MSG Cillian Francis MacAllister: "Everyone, stack the fuck up."

MSG Cillian Francis MacAllister: "Don't open that."

SA Mathieu de la Fontaine-Bois: "Ah-huh."

SA Mathieu de la Fontaine-Bois: Stacking on Giles. That's all.

SA Mathieu de la Fontaine-Bois: And I'm aiming... yeah.

Chandu: *Awkward place to aim, but we'll take it. Giles, put it on too.*

IA Bryan Carlyle: I AM AIMING at the doorway also.

Chandu: *Set it up.*

MSG Cillian Francis MacAllister: "Go, run the rabbit."

MSG Cillian Francis MacAllister: I nod at Nolan.

SSG Nolan Afzal al-Attar: I should be able to get a clear shot inside the room if I aim from here with my rifle scope.

MSG Cillian Francis MacAllister: "Alright I guess that made you deaf also." "We got a room to clear. I'm gonna strafe inside."

MSG Cillian Francis MacAllister: No one?

Chandu: *Empty. It's full of landscaping gear-- normal, you figure.*

MSG Cillian Francis MacAllister: There was a blind corner.

Chandu: *All is well.*

MSG Cillian Francis MacAllister: I'm opening that door and throwing this thing in from a crouch position so I don't obstruct any of the guns.

Chandu: *You try the knob. It's locked.*

MSG Cillian Francis MacAllister: "I got it."

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Failure** -> 82 (Rolling Craft (Locksmith) Target: 20%)

Chandu: *It's a question of time, not whether you manage or not. You get it done in about a minute...*

MSG Cillian Francis MacAllister: "Actually, you know what."

SSG Michael Giles: Giles shakes his head and clicks his tongue, "He ain't got it."

MSG Cillian Francis MacAllister: "Everyone, fire."

SA Mathieu de la Fontaine-Bois: "Hold on. Anything could be inside."

Chandu: *Are we doing that?*

SA Mathieu de la Fontaine-Bois: "What if we hit a gas pipe?"

SSG Michael Giles: "Don't have to tell me twice!" As Giles unloads onto the door.

MSG Cillian Francis MacAllister: We are gonna hit a volley and then throw the grenade in and then hit another volley and then go in.

SSG Nolan Afzal al-Attar: SSG Nolan Afzal al-Attar rolls **Failure** -> 71 (Rolling Firearms Target: 65%)

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Success** -> 32 (Rolling Firearms Target: 60%)

SSG Nolan Afzal al-Attar: Surely I don't miss the stationary door but that's the SFX cue.

MSG Cillian Francis MacAllister: "FRAG OUT!"

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Failure** -> 70 (Rolling Athletics Target: 60%)

SSG Michael Giles: SSG Michael Giles rolls **Success** -> 32 (Rolling Firearms Target: 50%)

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Failure** -> 55 (10 Damage) (Rolling LETHALITY For M26 HAND GRENADE Target: 15)

IA Bryan Carlyle: IA Bryan Carlyle rolls **Success** -> 35 (Rolling Firearms Target: 55%)

Chandu: *Alright. Don't worry about the throw. You bust it in as soon as the door's got a clearing.*

MSG Cillian Francis MacAllister: "Again, send it."

MSG Cillian Francis MacAllister: "AGAIN!"

Chandu: *NO NEED FOR ROLLS WE'RE PROCESSING*

MSG Cillian Francis MacAllister: "Clear?"

Chandu: *JUST ONE SECOND.....*

Chandu: *As the grenade goes off, and the last volley goes in, you hear the distinct sound of glass cracking, and flesh being made contact with by projectiles.*

Chandu: *The dust clears.*

??????????: Inside, you see Jean-François Charrière, lying on the floor in a pit of his guts.

??????????: Beside him... WAIT FOR THE NARRATION

Chandu: *An enormous brick kiln hangs overhead, keeping a bluish-green-tinged fire going; illumination comes from gas lamps in the wall. Surgical tables line one wall, bearing corpses (human, hybrid and crocodilian) in varying states of dissection and decomposition. Indefinable organs bob in fluid-filled jarks on a tall shelf.*

Chandu: *Two bookcases and a former china cabinet clearly moved from upstairs choke on volumes upon volumes of tomes. Not that you've got the time to look them over, that is.*

MSG Cillian Francis MacAllister: "Not yet."

MSG Cillian Francis MacAllister: "Keep shooting them."

??????????: And by the furthest left corner, something floats in an aquarium-- or more appropriately, a holding chamber. It looks like a cross between an enormous lobster, a cuttlefish, and a gorilla. Tubes run from what you think is its groin through pumps to metal tanks, conveying deep green fluid streaked with red. Or floatED, anyway-- until the glass cracked to the amount of gunfire being fired through the door.

??????????: 6

Chandu: *We're back on the turn order. But first, let's hit a SANLOSS macro roll, everyone.*

SA Mathieu de la Fontaine-Bois: I'm projecting... onto my son.

MSG Cillian Francis MacAllister: Can my 40mm launcher prime at this range?

SA Mathieu de la Fontaine-Bois: He's getting a blue eye when I'm back.

Chandu: *We may act.*

SSG Michael Giles: "FUCK KINDA CREATURE FROM THE BLACK LAGOON SHIT IS THIS!?"

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Failure** -> 61 (Rolling Heavy Weapons Target: 50%)

Chandu: *As for the priming... hold on.*

SA Mathieu de la Fontaine-Bois: "Jesus fucking Christ!"

MSG Cillian Francis MacAllister: "I SAID KEEP SHOOTING!"

Chandu: *It's got a priming distance of fifteen meters, as far as I know. We're seeing if it is hit just right for it to malfunction, though.*

Chandu: 2

Chandu: *It does. Roll Lethality.*

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Failure** -> 68 (14 Damage) (Rolling LETHALITY For M79 GRENADE LAUNCHER Target: 15)

??????????: It screeches as it is impacted by shrapnel.

Chandu: *As for Charrière-- I forgot to put him in the rotation. He's torn the fuck apart, but somehow still conscious.*

Chandu: *GILES!*

SSG Michael Giles: Long burst MG on the fish freak.

MSG Cillian Francis MacAllister: Do we have more WP grenades?

Chandu: *No need for a roll, this is an enormous target. I think not, but there's frags left unused.*

Chandu: *Hit your M60's lethality, Giles.*

SSG Nolan Afzal al-Attar: I have a frag

SSG Michael Giles: SSG Michael Giles rolls **Failure** -> 94 (13 Damage) (Rolling LETHALITY For M60 GPMG Target: 15)

MSG Cillian Francis MacAllister: We need to throw everything in there and keep shooting on our way out. Goes without saying though.

?????????: ?????????? rolls **Success** -> 56 (Rolling CON [INHUMAN] Target: 250)

SSG Michael Giles: Satchel charge time.

?????????: Its heavy, chitinous exoskeleton mitigates the damage. It takes half of it for 13.

?????????: I mean hold on. 7.

?????????: (Rounded up)

MSG Cillian Francis MacAllister: "LEAD IT OUT! THE FUCKING HELICOPTER CAN DEAL WITH IT!"

Jean-François Charrière: "F--F-F-FF-FFOOLS." With his only functioning arm, he pulls away his sunglasses.

Chandu: *You are drawn to his eyes. Everyone who can see him, roll POW.*

Chandu: *AND NO THE CREATURE DOES NOT INTERRUPT IT*

SSG Michael Giles: SSG Michael Giles rolls **Failure** -> 72 (Rolling POW Target: 55%)

IA Bryan Carlyle: IA Bryan Carlyle rolls **Success** -> 35 (Rolling POW Target: 60%)

MSG Cillian Francis MacAllister: I actually can not see is token.

SSG Nolan Afzal al-Attar: SSG Nolan Afzal al-Attar rolls **Success** -> 72 (Rolling POW Target: 75%)

Chandu: *Ok.*

SA Mathieu de la Fontaine-Bois: I don't even see the creature, I can only hear it.

Chandu: *Giles. This man is magnetic, even in the nasty state that you've left him in. You look into his eyes, and feel a sort of primal fear that overcomes you. Your arms stop responding to your commands. So do your feet. All you can do is keep looking into his eyes.*

MSG Cillian Francis MacAllister: "CHARRIERE! YOU STUPID MOTHERFUCKER! YOU THINK YOU'RE THE MONSTER HERE?"

MSG Cillian Francis MacAllister: "HAH!"

SA Mathieu de la Fontaine-Bois: I'm stepping back so it's not a fucking mess when we all have to run out of this basement. Keeping my gun trained on that doorway.

MSG Cillian Francis MacAllister: "Run to the exit, we need to get it outside!"

SA Mathieu de la Fontaine-Bois: Shiit, let me append that then! I still got a bit of movement left to get to the stairss.

IA Bryan Carlyle: Gonna try to shoot Mousey's wig off and yank the entranced Giles out of here.

Chandu: *Correct it, Matt. Hit your rolls Carlyle.*

IA Bryan Carlyle: IA Bryan Carlyle rolls **CRITICAL FAILURE!** -> 100 (Rolling Firearms Target: 55%)

Chandu: *What the fuck are these guns made out of? You feel like a jam is incoming-- but not quite. Roll the bodypart table. If it lands on Head, the shot goes through.*

MSG Cillian Francis MacAllister: Wait, that thing is ginormous, can it even fit thru the doorframe?

IA Bryan Carlyle: IA Bryan Carlyle rolls 1d8 -> 6 (Draws a result from the Body Hit Location table)

Chandu: *No shot, Bryan.*

????????????: This thing is going to do two things.

????????????: First, it's stomping on Charrière on its way out of the containment chamber.

????????????: THUMP THUMP THUMP

MSG Cillian Francis MacAllister: "Didn't sound so good!"

SSG Nolan Afzal al-Attar: "GILES PICK YOUR BLACK ASS UP RIGHT NOW!"

Jean-François Charrière: He's turned into pulp as his bones crack apart and his muscles explode.

SSG Nolan Afzal al-Attar: "GET THE FUCK UP! NOW!"

MSG Cillian Francis MacAllister: "Nolan, start running."

MSG Cillian Francis MacAllister: "I got him."

????????????: Next, it's going to make towards the door.

?????????: It's going to bust through with its frame. It moves slowly.

?????????: ?????????? rolls **Success** -> 75 (Rolling STR [INHUMAN] Target: 250)

Chandu: *The whole section of wall, together with the door and all, comes the fuck apart as it is turned into rubble. You three on the way can roll POW. Giles is no longer bound by Charrière's gaze.*

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Failure** -> 68 (Rolling POW Target: 65%)

IA Bryan Carlyle: IA Bryan Carlyle rolls **Success** -> 16 (Rolling POW Target: 60%)

Chandu: *Giles, hit it.*

SSG Michael Giles: SSG Michael Giles rolls **Failure** -> 95 (Rolling POW Target: 55%)

SSG Michael Giles: bro

Chandu: *Bryan, you have the time to do something (1 thing) about the rubble that's about to stun your comrades.*

Chandu: *Narrate your action.*

Chandu: *You have a clear way behind you, for a mercy.*

IA Bryan Carlyle: Seeing as I'm next to them both I'm gonna take both of them by the shoulder with either arm and then dive backwards.

Chandu: *You're quick enough. You let your rifle hang, grab both of them by their vests, and pull them back with force.*

Chandu: *Directly behind you is the path.*

MSG Cillian Francis MacAllister: "CALL THE FUCKING HELICOPTER BRYAN! WE NEED TO KILL THIS THING!"

Chandu: *You two guys are NOT hit by the rubble as it comes down.*

Chandu: *You can use your headset, yes!*

IA Bryan Carlyle: It's very clear that we have no chance of surviving with this place intact so I'm gonna oblige Cillian and radio in that Utah needs this WHOLE PLACE LEVELLED!

Chandu: *RIGHT NOW?*

IA Bryan Carlyle: ...IN FIVE MINUTES!

MSG Cillian Francis MacAllister: "GO GO GO!"

Chandu: *MOVING ON*

Chandu: *"GOOD FUCKING COPY WE'RE GETTING READY ROMEO."*

??????????: It steps through the new door it's made for itself, but won't be able to move any further.

Chandu: *Nolan, no need for a roll if you're shooting. Roll damage.*

MSG Cillian Francis MacAllister: I told him to leave if he stays and shoots we're using him as bait

Chandu: *My fault, that's also a move.*

Chandu: *MY FAULT*

SSG Nolan Afzal al-Attar: Yeah with the five minute thing I'm running away as fast as I can

Chandu: *USS USSS USSSS*

SSG Nolan Afzal al-Attar: SSG Nolan Afzal al-Attar rolls **Success** -> 17 (Rolling Athletics Target: 70%)

Chandu: *You can run upstairs behind Matt, to your right.*

Chandu: *Nolan and Matt are out of the basement.*

MSG Cillian Francis MacAllister: I'm also running away, seeing that the most likely way to kill this thing will simply be rockets.

Chandu: *Hit your ATHLETICS. You'll get to the stairs either way, the question is whether you'll reach up in the same turn.*

MSG Cillian Francis MacAllister: i hope i roll 100 and fall and hit my head and fucking die so i dont have to roll shit rolls again

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **CRITICAL FAILURE!** -> 77 (Rolling Athletics Target: 60%)

MSG Cillian Francis MacAllister: We're not leaving a man back I'm going down there and shooting the GL again on the staircase.

Chandu: *You take a few steps down. No need for a roll-- hit your lethality rating. Carlyle, you can react LIVE.*

MSG Cillian Francis MacAllister: MSG Cillian Francis MacAllister rolls **Failure** -> 93 (12 Damage) (Rolling LETHALITY For M79 GRENADE LAUNCHER Target: 15)

SSG Nolan Afzal al-Attar: Put me back in the carousel

Chandu: *Nolan, you can also shoot over Carlyle in your bout of bravery.*

MSG Cillian Francis MacAllister: Is it stunned? Can I send another one in?

SSG Nolan Afzal al-Attar: SSG Nolan Afzal al-Attar rolls **Success** -> 49 (Rolling Firearms Target: 65%)

IA Bryan Carlyle: If I regret anything it's dying to some geriatric's pet fish instead of something actually formidable.

SSG Nolan Afzal al-Attar: 9

SSG Michael Giles: Nah, fuck dat. Slick pulled me. Let me go back down to fire M60 on jit,.

MSG Cillian Francis MacAllister: "I'm gonna flush you down the toilet where you belong you big asshole."

??????????: Mac, you unload a 40 mike on it. It does not detonate, this one, but you seem to have connected with some manner of soft tissue left exposed by Giles' earlier burst. Coupled with Nolan's shooting-- this creature is going to be stunned for THIS turn.

??????????: It staggers back, the entire basement vibrating as it stomps to keep its balance.

MSG Cillian Francis MacAllister: I'm gonna send another one to the doorframe, that should cause a chain detonation inside of it.

Chandu: *Carlyle, you're back on. You've been given a second chance.*

IA Bryan Carlyle: Do I still need to hit athletics to get out of here?

MSG Cillian Francis MacAllister: "Stay the fuck down, we got this."

MSG Cillian Francis MacAllister: He clicks the launcher back on.

Chandu: *That's a negative. However, ALL THREE OF YOU realize that whatever streak of fringe luck came after your blue spell is exhausted.*

Chandu: *You ALL want to head OUT.*

IA Bryan Carlyle: Let us go in that case.

Chandu: *You pick yourself up in whichever way you can...*

Chandu: *As you holler at the rangers and all of you sprawl out in different directions, trying to make as much distance between yourselves and the manor as possible...*

Chandu: *A minute later, the Iroquois begins firing away.*

Chandu: *EXPLOSION SFX NOT COVERED BY BUDGET APOLOGIES*

Chandu: *Streaks of ordnance tear down the building. The western edge collapses into the river.*

Chandu: *Lagalissee Plantation is destroyed.*

Chandu: *Any manner of intel recovery is out of the question, be it an interrogation of J.F. Charrière, or a rifling through the documents and specimens he must've held in the basement.*

Chandu: *However...*

Chandu: *Everyone hit a luck roll. Simple 1d2.*

Chandu: *Carlyle, somehow, in this mess, you lost track of the rest of the guys. You ended up with...*

SPC Kevin Sato: "What the fuck was that?"

SPC Kevin Sato: He looks at the flames pouring out from the manor out into the swamp, lifted by oil upon the water.

IA Bryan Carlyle: "Hell of a day huh? Would have thought the guys in there had webbed feet or something! Well, no biggie, all's well that ends well, hahaha."

SPC Kevin Sato: "You don't look all that right, man..."

SPC Kevin Sato: "We'd better find the rest."

SPC Kevin Sato: "Before I forget..."

IA Bryan Carlyle: "Never been better."

SPC Kevin Sato: He pulls a small, square-shaped thing out of his jacket. It's a black notebook inscribed with the Seal of Almousin-Metatron on its cover.

SPC Kevin Sato: "All I could find. You should have it."

SPC Kevin Sato: He offers it up to you.

IA Bryan Carlyle: "Hmm?" I take it and give it a quick look-see. "Damn, good job. No clue how you had the time to go searching in that mess..."

SPC Kevin Sato: "Yeah, it was difficult with all the corpses and what fuckin' not..." He leads the way to the rendezvous point as you look over the book.

Chandu: *It's a well-thumbed notebook. Rifling through the pages, it looks like a weird combination of mathematical log tables and astrological and alchemical symbols. It'll take time to figure out what this is about.*

Chandu: *Furthermore, you have the sinking feeling that you should be dead after what's just happened. Mac, Bryan: SANLOSS.*

Chandu: *The result of these rolls will be narrated tomorrow. You both feel a semblance of temporary catharsis-- the feeling is mutual, despite the fact you won't see each other for another five minutes or so.*

ALONSO SESSION 5

June 20, 2026

June 21, 1968 - June 22, 1968

Chandu: *ALONSO - V*

Chandu: *"Just when I thought I was out..."*

Chandu: *Saigon's been a wild ride so far, and you've done things you wouldn't have thought of yourselves as doing in your high school years. Covert infiltration, urban assassination, no-knock raids, deniable joint actions neck-deep in the swamp. There's much to be told, vaguely, to your grandchildren. If you live to have any.*

Chandu: *Mathieu is already inside, on the third floor. The rest have flashed the letter at the elevator guards, who've told them to show someone upstairs. What's in your minds at this crucial time?*

Marcus Abdullah DuBois (Giles): I'm way in over my head with this James Bond shit.

Connor H. Fitzgerald (Mac): If a shootout happens here it might be the last one for all of us, really. I just hope the team understands that we need to save the Chinese on our way out.

André Mercier (Fontaine): I've been preparing for this summit ever since I stepped foot in Vietnam. Though, I can't shake my mind off what the hell I saw at that temple.

Patrick Heaney (Carlyle): That we've done very well setting ourselves up here but that it'll hardly matter if this ends up being another fucking fish-monster situation, God forbid.

Chandu: *Mathieu-- You did speak with SSA Ruth Martí on your check-in at Tan Son Nhut before the raid on the plantation house. What you know so far is that this is a special and legitimate BNDD task force. You have no clue why you weren't informed of their arrival in Saigon, nor why the briefing happened at Tan Son Nhut, nor how BNDD could've organized such extrajudicial actions on foreign soil. There's much left to be explained. Until then, you resolved to go about your task-- which seems to match the task force's.*

Chandu: *And speaking about Mathieu...*

Chandu: *JUN 21, 1968 - 2100G*

Chandu: *HÔTEL CONTINENTAL PALACE SAIGON, THIRD FLOOR*

Chandu: *The crew at the elevator is frozen in transit.*

Chandu: *Mathieu. One or two guests have arrived by now, but it's early in the night. People are expected to start arriving in the next couple of hours before the general address by Bonaventure Francisci.*

Chandu: *You're here with Jean Moran, Hugo Gignac, and Michel, one of many others come recently from Marseille. That is to say that you and Hugo Gignac are the only Saigon-side associates here. The rest are imports from Marseille for the occasion.*

Jean Moran: "Are you three clear on what must happen tonight?" He looks at the three of you in front of him.

Hugo Gignac: "Cut the mystery, Jean. Might be a bunch of high-rollers, but it's a job just like any other."

Jean Moran: He shakes his head. "Any mistakes we make here, any situations unaccounted for, surprises, accidents-- everyone will hear about it. Saigon, Marseille, Phnom Pheh. Doesn't matter."

Jean Moran: "If anyone fucks up, it's Bonaventure's head on the plate. And that's simply bad for everyone."

Jean Moran: "André. You, Michel and Hugo will be doing the rounds. The rest are on static rotations between spots."

Jean Moran: "Anything comes up, you find either I or Hugo. Do not fuck with Bonaventure. He's got enough on his hands right now."

Jean Moran: "Understood?"

André Mercier (Fontaine): "You got it."

Jean Moran: He dismisses the group with a quick flick of the hand. "Keep your wits about you."

Chandu: *Mathieu-- you have a couple of minutes of singular treading about to get the lay of the land before the rest of the team arrives at the elevator.*

Chandu: *Free roam, free actions.*

André Mercier (Fontaine): Alright, let's do the rounds...

Patrick Heaney (Carlyle): "Let's all agree while we're here that everything Ruth said goes out the window the moment someone starts casting spells or something."

Chandu: *The balcony. Two Corsicans are slacking off, speaking with two women.*

Associé: "Ever been to Los Angeles...?"

Connor H. Fitzgerald (Mac): "Why should I be oh so troubled? There's gonna be a hundred people here, enough meat shields to go around."

Chandu: *By the table, you can see Claude Francisci engaging Charles Orsini in conversation. Orsini, as you know, is a big name in the Unione Corse. Parrain of Phnom Pheh, capital of Cambodia.*

Marcus Abdullah DuBois (Giles): "What's the move if we see wizard fucker?"

André Mercier (Fontaine): Who's the chick?

Connor H. Fitzgerald (Mac): "The move is nothing. We're not cleared to engage, and you're not gonna break the SOP at a chance of killing someone who is possibly capable of vaporizing your bullets."

Chandu: *That's Chloé, staff member here at the Continental. She's just standing by, carrying a tray full of champagne glasses.*

Associé: "What's up."

Associé: He wipes white powder off his nose as discreetly as he can.

Marcus Abdullah DuBois (Giles): "You ain't gonna give one fuck about the SOP the moment a fucker throws lightning at your ass."

André Mercier (Fontaine): "Evenin', checking if you two are nodding off here."

Prajeet Alan Wellington (al-Attar): "Shit's gone south by then."

André Mercier (Fontaine): Anyone in the pool?

Associé: "Not much to do until people actually get here..."

Connor H. Fitzgerald (Mac): "...Nah... I'm not feeling it tonight."

Chandu: *Pool's deserted, but it looks ready to use.*

André Mercier (Fontaine): I'll take a note in case I need a swim. Do these let me past the door?

Chandu: *At this point in time? Sure.*

Prajeet Alan Wellington (al-Attar): "You good Connor?"

Patrick Heaney (Carlyle): "They'd give us a medal for breaking SOP at that point-- jeez, Cil, I wasn't expecting you of all people to be the voice of reason here."

Chandu: *The bedroom. 301 is the master suite, reserved for high-status guests.*

Chandu: *Guests of honor. You can see no luggage.*

André Mercier (Fontaine): Suppose they haven't moved in yet.

Connor H. Fitzgerald (Mac): "I have a bad feeling about this. Too many civilians and VIPs. The best outcome is that we and the Triads walk out alive."

Chandu: *The elevator corridor. Just as you step through...*

André Mercier (Fontaine): Is this a row of three elevators?

Prajeet Alan Wellington (al-Attar): "We'll play it safe and walk out fine."

André Mercier (Fontaine): ...Right.

Marcus Abdullah DuBois (Giles): "We just taking a look. I don't think they're gonna do shit to the triads this summit."

Chandu: *Very quickly: - Service stairs to your right.- Elevator in the middle.- Normal door over after the elevator.*

Patrick Heaney (Carlyle): "Those are our friends now after last week I guess. So if it goes wrong we all agree to side with the chinks?"

Connor H. Fitzgerald (Mac): "We're almost there. I know how to get us out of the shakedown."

Connor H. Fitzgerald (Mac): "Just play with me."

Chandu: *The elevator dings as it comes to a stop at 301.*

Prajeet Alan Wellington (al-Attar): "Sure."

Associé: The two guards look over the four in the lift.

Connor H. Fitzgerald (Mac): "I TOLD YOU TO NOT TELL ME HOW MUCH I CAN DRINK YOU FOCKING BROWN TWAT!"

Connor H. Fitzgerald (Mac): He stumbles out.

André Mercier (Fontaine): Mercier leans on the wall, giving a side-eye to the exiting group.

Prajeet Alan Wellington (al-Attar): "Sir..."

Associé: "Uh..."

Connor H. Fitzgerald (Mac): He turns at the guards."What?"

Associé: He looks at his partner.

Prajeet Alan Wellington (al-Attar): "Your wife..."

Prajeet Alan Wellington (al-Attar): "I'm sorry."

Patrick Heaney (Carlyle): I just roll my eyes.

Associé: "Already drunk?" He looks over Mac, then over the rest.

Connor H. Fitzgerald (Mac): "Don't put my wife's name in your mouth you-"He fakes grabbing Nolan's collar.

Associé: "Can you identify yourselves?"

Associé: "HEY!"

Associé: He pulls on your shoulder.

Connor H. Fitzgerald (Mac): "Huh."

Prajeet Alan Wellington (al-Attar): Nolan puts his hands up, palms open.

Connor H. Fitzgerald (Mac): "Yeah, we have a letter."

Connor H. Fitzgerald (Mac): "You weren't told?"

Associé: "No. Let me see."

Connor H. Fitzgerald (Mac): "Bring it in Patrick..."

Patrick Heaney (Carlyle): I present our letter of recommendation without a word.

Marcus Abdullah DuBois (Giles): Giles walks up between Mac and the Associe, speaking in French to him: "Monsieur Connor has had a VERY taxing day. It's best not to hold him up."

Prajeet Alan Wellington (al-Attar): Nolan mutters gibberish under his breath.

Associé: "I'm sure." He grabs the letter in a hand and stops to read it for a few seconds.

André Mercier (Fontaine): Matt remains stationary at the wall, eyeing the two.

Associé: "Wait here for a moment."

Associé: He whistles a tune.

Marcus Abdullah DuBois (Giles): Giles is hoping that they're impressed that this guy has a 'Senegalese' bodyguard.

André Mercier (Fontaine): He upnods at the other associate, taking the place of the one who just left.

Connor H. Fitzgerald (Mac): They probably don't give a shit about it being French and all... but...

Associé: This particular guy isn't very interested in anything. He didn't step over when Mac grabbed onto Nolan's collar.

Associé: After a minute...

Associé: He pats Mathieu and the other guy's backs.

Associé: [FRENCH] "Moran says they can come in. Standard search."

André Mercier (Fontaine): "I'll do it."

Associé: "Be my guest."

Connor H. Fitzgerald (Mac): He resentfully submits to the search.

André Mercier (Fontaine): He steps over. "This'll be quick, boys. You're not protesting, are you?"

André Mercier (Fontaine): Standard patdown. I ignore anything that sticks out.

Patrick Heaney (Carlyle): "Just get it over with."

Connor H. Fitzgerald (Mac): "You haven't seen no damn protest..."

Associé: [FRENCH] "I don't know where they get these people from. I swear, money makes you stupid the richer you get."

Associé: [FRENCH] "I wouldn't mind being stupid in that case."

Marcus Abdullah DuBois (Giles): "Tch." Giles hits the African teeth suck.

Chandu: *Alright. Patdown's completed. You instantly clock the fucking shotguns they've got strapped in holsters, under their suit jackets. Not visible in a passing lookover.*

André Mercier (Fontaine): [FRENCH] "They're good."

André Mercier (Fontaine): He mirrors, in English. "Step on through."

Connor H. Fitzgerald (Mac): "Outta the way then..."He stumbles past.

Associé: "And please make no trouble. It's a bad look."

Connor H. Fitzgerald (Mac): I'm laughing inside. It worked.

Marcus Abdullah DuBois (Giles): Yeah.... it was all him...

Madeleine: "Bonsoir! Step right on through!" She opens the double-doors for the group.

Madeleine: "Make sure to stop by the bar if you're thirsty."

André Mercier (Fontaine): Matt makes a quick exit through the other corridor. Just doing my job.

Connor H. Fitzgerald (Mac): "Yeaah... obrigado or whatever..."

Marcus Abdullah DuBois (Giles): "Merci."

Connor H. Fitzgerald (Mac): "Sweet."

Connor H. Fitzgerald (Mac): "Quite the lobby."

Chandu: *This room is, by far, the most expensive you've seen so far in the hotel. It's almost as big as the lobby further downstairs. It's also got good acoustics.*

Chandu: *The summit hasn't gotten started, but you do see a couple of clumps of people already.*

Connor H. Fitzgerald (Mac): Louis should be coming in hot with the news after the Chinese show up. We should just up and talk to Moran before we see him turn to his days in 40s.

Marcus Abdullah DuBois (Giles): Gentlemen there is a problem on the SOUTH side of the map.

Chandu: *Here's where we stop for a moment for some information. THE SUMMIT WILL BE RUN IN TIMESLOTS OF ACTIVITY. Guests will arrive sporadically, and for each slot, you will decide who to approach or what to do otherwise in your own time. Splitting up is perfectly fine, but groups will be frozen and unfrozen as we parse through the actions.*

Chandu: *A final bit of information about the BNDD-facing objective. Pictures, testimonies, associations, eavesdropping. It's up to you how you go about this, as long as you have something to tell Ruth for her BNDD report.*

André Mercier (Fontaine): First, I'd like to map out the rest of the floor, taking special care to note down emergency escapes.

Chandu: *Without further ado, IT IS 2100G.*

André Mercier (Fontaine): Matt marches past the group, not even turning to look.

Chandu: *You can walk about and stop when you feel you need a description or your surroundings-- or involuntarily when something stops you.*

Connor H. Fitzgerald (Mac): I'm on the edge about talking to Moran given how dangerous he is- do I have an option for a conversation starter other than "Hey the IRA knows you as a famous resistance member."

Chloé: "Oh, hi!"

Chloé: "Monsieur..." She looks at Carlyle.

André Mercier (Fontaine): I'm walking down the foreboding corridor.

André Mercier (Fontaine): Oh.

Chloé: "VVvvvaaaaa..." She's almost speaking in slow motion.

Marcus Abdullah DuBois (Giles): You better stop this bitch from saying the wrong thing Mac.

Connor H. Fitzgerald (Mac): "Hey!"

Connor H. Fitzgerald (Mac): "Waitress!"

Connor H. Fitzgerald (Mac): "Scotch please."

Chloé: "Van Z-- oh?"

Connor H. Fitzgerald (Mac): He smiles.

André Mercier (Fontaine): Queueing a description of this room once the conversation over there is over.

Chloé: She brings up the tray. "I only have champagne, sir. More at the bar."

Chloé: She nods.

Connor H. Fitzgerald (Mac): I'm gonna turn around, how does Moran react to us?

Marcus Abdullah DuBois (Giles): Giles just stares at her strenly shaking his head at her when she was about to blurt out Van Z.

Patrick Heaney (Carlyle): I just walk past her like I didn't hear anything.

Jean Moran: No roll necessary-- he looked up and quickly analyzed the new arrivals as you made your way in. Just as quickly as he did, he's walking over to Hugo.

Chandu: *These two will go on patrol.*

Connor H. Fitzgerald (Mac): I don't wanna get suspicious, I'll just get that scotch and go tap in with Claude.

Chloé: Chloé moves around the room with the tray...

Chandu: *Is everyone else with Mac heading south?*

Connor H. Fitzgerald (Mac): On that matter is there actually a way for me to introduce myself to Moran?

Chandu: *You'd have to figure that one out on your own!*

André Mercier (Fontaine): So... what's all this.

Connor H. Fitzgerald (Mac): Cillian grabs the scotch from the tray and winks back at Chloé.

Marcus Abdullah DuBois (Giles): Anything interesting happening on the North side of the room?

Marcus Abdullah DuBois (Giles): Are people other than him there?

Chandu: *Right. Mathieu, you're at the comfort balcony and the little small garden, complimented with a bath tub, east asian in design. It's pretty out here.*

Chandu: *Nobody's here, of course.*

Chandu: *As you approach Claude, you can overhear some of his conversation.*

Claude Francisci: [FRENCH] "How did you like the 1945? I had it brought from back home for you, specifically..."

Observant Elderly Frenchman: The two of them look up at you as you approach.

Connor H. Fitzgerald (Mac): "Heyyyyy, I told you we'd meet again."Where the hell is Bryan because I really need him to decode this.

Patrick Heaney (Carlyle): I'm gonna head to the bar and order a neat glass of Lamb's before sitting opposite this old guy.

Connor H. Fitzgerald (Mac): I'm gonna laugh and put my spare hand on Claude's shoulder in an act of throwing him off.

Claude Francisci: "Ah. You again, sir."

Patrick Heaney (Carlyle): Before going up to Cil to play interpreter.

Claude Francisci: "I did not expect to meet you here."

Marcus Abdullah DuBois (Giles): The minorities stick together, I guess. Giles is going to be nabbing a drink from Chloe and chilling at the north side of the room with the couches.

Connor H. Fitzgerald (Mac): "Too bad. Mind introducing me to your, eh..."

Prajeet Alan Wellington (al-Attar): I have the same instinct as Giles.

Connor H. Fitzgerald (Mac): I nod at mr. prune juice here.

Chandu: *Position yourselves on the divans and freeze.*

André Mercier (Fontaine): I'll be heading North to check up with my boss. Maybe he has something to tell me- seems he does with Hugo.

Prajeet Alan Wellington (al-Attar): Nolan makes himself comfortable.

Charles Orsini: "There is no need." His English is polished. "Charles Orsini. And you are?"

Claude Francisci: "A very interesting Irishman, I think." He scratches his brow.

Connor H. Fitzgerald (Mac): "Connor H. Fitzgerald. I represent the IRA." He reaches out his hand.

Charles Orsini: He gives you a good handshake.

Charles Orsini: "What brings you here? I did not think I would be meeting any Irish so far from Europe."

Marcus Abdullah DuBois (Giles): Giles puts one leg on top of the other while sipping champagne while observing the disposition of this side of the room.

Connor H. Fitzgerald (Mac): "I'm gonna be frank. We sell drugs for the cause. Lots of it. Loooots."

Connor H. Fitzgerald (Mac): He raises a fist to his chest.

Patrick Heaney (Carlyle): For the purpose of this meeting I guess I'm the strong-silent right hand man sorta guy so I'll keep quiet unless I'm spoken to.

Charles Orsini: "Is that not a fitting description for most of the people you'll see in this room?" He laughs, heartily.

Claude Francisci: Claude is more serious about it.

Connor H. Fitzgerald (Mac): "Our cause is different. We're freedom fighters."

Patrick Heaney (Carlyle): "Not that we're happy about it of course but, you know, desperate times..."

Claude Francisci: "And how exactly does the IRA become involved in Indochina? Whose idea was that?"

Claude Francisci: "Why not... Eastern Europe?"

Connor H. Fitzgerald (Mac): "Never heard of entrepreneurship? Perhaps old monsieur here could tell you a few words about it... eeh... what do you do again sir?"

Charles Orsini: "Affrateurs Maritimes Indochinois, based in Phnom Penh." He waves his hand over his face. "I am a glorified accountant."

Connor H. Fitzgerald (Mac): Fucking bullshit...

Connor H. Fitzgerald (Mac): Does he have any distinct physical features? Charriere had snake eyes.

Chandu: *Nothing sorcerer-like about him. He seems to be aging normally in his 70s.*

Patrick Heaney (Carlyle): "To be frank we're tapping every source of money we can right now. We have people on similar business in the Middle East, all very shady and hypocritical."

Connor H. Fitzgerald (Mac): None of those rings right?

Connor H. Fitzgerald (Mac): "And India."

Chandu: *Apart from an expensive-looking gold ring on his ring finger, nothing.*

Connor H. Fitzgerald (Mac): I know what those things look like. Give it to me straight.

André Mercier (Fontaine): Once the conversation down there is over- I'm striding past Moran and Hugo here to see if either will address me first about the guests.

Charles Orsini: "I commend the initiative. It's the least we can do, coming from Europe to develop these lands."

Chandu: *NO JADE RING!*

Charles Orsini: "And if it does serve your struggle for self-determination, all the better, hein?"

Connor H. Fitzgerald (Mac): "Case and point sir."

Connor H. Fitzgerald (Mac): "I'll drink to that."

Patrick Heaney (Carlyle): "Haha, me too." Like I haven't half-finished my tot already.

Charles Orsini: He smiles and nods at your remark. "So will I." He raises a glass of champagne.

Connor H. Fitzgerald (Mac): Let's just try to get ourselves involved in this conversation, see if it leads anywhere as we zoom out.

Chandu: *THIS one specifically?*

Connor H. Fitzgerald (Mac): I'm trying to get a feeling of the purpose of this guy.

Chandu: *Sure. You can mingle with these three for a bit-- we'll see how productive that is.*

Chandu: *Both Mac and Carlyle, hit Persuade rolls, BLIND. The results will be revealed after we're done with the rest of the guys.*

Patrick Heaney (Carlyle): I'm noticing nobody seems to be too worried about all the dead Frenchmen from these past couple weeks.

Connor H. Fitzgerald (Mac): Connor H. Fitzgerald (Mac) rolls **Success** -> 10 (Rolling Persuade Target: 20%)

Patrick Heaney (Carlyle): Patrick Heaney (Carlyle) rolls **Failure** -> 91 (Rolling Persuade Target: 40%)

Chandu: *You HAVE noticed the OUT OF PROPORTION multiplication of security in the entire hotel. The entire purpose is probably not to make the guests nervous.*

Chandu: *Moving on.*

Chandu: *Mathieu, you were walking by Moran and Gignac...*

Jean Moran: "Any news?"

André Mercier (Fontaine): "Remy and his buddy checked in the new group. They seem clear." He turns his head towards the couches.

Hugo Gignac: "Who are they, anyway?"

Hugo Gignac: He looks over your shoulder.

Jean Moran: "The Irishmen." He cuts in.

Prajeet Alan Wellington (al-Attar): Nolan pretends like he doesn't notice.

André Mercier (Fontaine): Matt raises his shoulders. "I was walking past--"

Jean Moran: "The letter. I just showed it to you, Hugo."

Hugo Gignac: "Oh. I didn't think Irishmen were so, uh, brown."

Hugo Gignac: "Black even."

André Mercier (Fontaine): "The indigenous ones are, I heard."

Jean Moran: "Bullshit. Keep an eye on them, move along."

André Mercier (Fontaine): Matt dips his head and returns to his patrol.

Connor H. Fitzgerald (Mac): As this boring conversation drags on I turn my head over to the divans and realize that someone might be waiting for a sit-down.

Chandu: *Going over the result of the rolls. Mac, Carlyle. Together, you manage to piece together the deniable information he's discussing. Orsini is, in fact, the parrain of Phnom Penh, capital city of Cambodia. His institutional knowledge goes back to the 1920s, and you figure that nobody in the Indochinese chapters of the Unione Corse quite knows what he has on them. But he probably does-- on everyone.*

Chandu: *"Fear the old man in a profession in which men die young..." or something.*

Chandu: *We have one more action before the next timeslot.*

Connor H. Fitzgerald (Mac): That's extremely sound advice and I will take it.

Connor H. Fitzgerald (Mac): We're gonna sit on the divans and hopefully catch a conversation with Moran.

Connor H. Fitzgerald (Mac): "Well."

Connor H. Fitzgerald (Mac): "I'll see you around then."

Patrick Heaney (Carlyle): Sure I'm down for that.

Connor H. Fitzgerald (Mac): Another one for the watchlist. Not much we can do from here.

Charles Orsini: He raises his glass, shooting you a nod. "And may Éire rise again, friends."

Claude Francisci: Claude looks like he's just entertaining the pleasantries.

Connor H. Fitzgerald (Mac): He nods and raises his glass.

André Mercier (Fontaine): I'll stand by the elevator to clock the guests that're probably coming in the next timeslot.

Chandu: *Go ahead.*

Connor H. Fitzgerald (Mac): "Abdullah. Put a smile on that face you miserable twat."

Connor H. Fitzgerald (Mac): "You too."

Patrick Heaney (Carlyle): I toast and move on.

André Mercier (Fontaine): "Remy, swap with me for a minute."

Associé: "Righto."

Connor H. Fitzgerald (Mac): I'm gonna stop here for a second and raise my glass towards the duo, in a "hello" motion.

Marcus Abdullah DuBois (Giles): Giles looks at Nolan and shrugs. "What is his problem?"

Prajeet Alan Wellington (al-Attar): "No fucking clue."

Prajeet Alan Wellington (al-Attar): "Drank too much or too little, probably."

Jean Moran: Both Moran and Gignac nod as you do so. You can match names to their faces, thanks to Mathieu's intel.

Chandu: *They're otherwise not doing anything yet, other than looking over the room, hands folded. You'd have to approach them to talk.*

Connor H. Fitzgerald (Mac): I don't get the impression that they want to come here and sit down in their own house.

Connor H. Fitzgerald (Mac): I'm just slowly walking up to them with Bryan.

Chandu: *You both can approach!*

Patrick Heaney (Carlyle): "Fuck me those two look mean."

Connor H. Fitzgerald (Mac): "Mighty evening we have here sir."

Hugo Gignac: "Yup, it's a nice, calm night. The skies cleared up just in time, huh Jean--?" He looks over at Moran.

Jean Moran: He just gives him a narrow-eyed look.

Connor H. Fitzgerald (Mac): We obviously caught them with their pants down.

Jean Moran: He turns back to the two of you. "Indeed."

Connor H. Fitzgerald (Mac): "I believe we haven't met yet. Connor H. Fitzgerald. I represent the IRA." He reaches out a hand to Moran.

Jean Moran: He reciprocates the gesture. "Moran, Gignac. Security."

Jean Moran: He's expressionless.

Connor H. Fitzgerald (Mac): "Eeehh, well.""Your suit looks mighty expensive to be running back and forth the corridor."

Jean Moran: He shrugs. "I can't complain."

Chandu: *It's becoming extremely obvious to you that Moran will not volunteer any information about himself. His interactions are short, clipped.*

Connor H. Fitzgerald (Mac): I'm gonna give him this victory.

Chandu: *Controlled.*

Connor H. Fitzgerald (Mac): "Do you mind pointing me towards your boss?"

Marcus Abdullah DuBois (Giles): This guy is stone fucking cold. We'll kill him some other time.

Jean Moran: "Not here yet. Is something wrong?"

Connor H. Fitzgerald (Mac): "No, I'm just looking to hang out with my own league, son."

Connor H. Fitzgerald (Mac): He raises a glass and begins walking back towards the other two.

Chandu: *You're not interrupted.*

Connor H. Fitzgerald (Mac): "Get up, lazy ass."

Hugo Gignac: [FRENCH] "IRA, aren't those guys terrorists?"

Connor H. Fitzgerald (Mac): He pat-slaps Nolan in the back.

Connor H. Fitzgerald (Mac): I hope he doesn't take it personally.

Jean Moran: [FRENCH] "Wouldn't be the first in the room."

Patrick Heaney (Carlyle): "...Sorry about him." I say, heading to the divans.

Chandu: *ALRIGHT. Are we waiting at the divans for the next timeslot?*

Connor H. Fitzgerald (Mac): No.

Connor H. Fitzgerald (Mac): I want to go see what's in that big room first and then go to Lucien at the bar.

Chandu: *Go on ahead. Everyone can move.*

Connor H. Fitzgerald (Mac): Are we stopped?

Chandu: *Whoever isn't present physically for an interaction just won't be addressed.*

Associé: Not stopped. One of the guards nods at you as you step into the balcony.

Marcus Abdullah DuBois (Giles): I'm avoiding the bar because Monsieur Mothafuckin Loi is there.

Connor H. Fitzgerald (Mac): "Good evening. Ladies."

Chandu: *Two couples are here. Looks like two Corsicans entertaining two women.*

Associé: He raises a hand.

Woman: "Bonsoir!"

Patrick Heaney (Carlyle): Actually I'm gonna get another Lamb's and come back since I'm not drinking enough to be convincingly Irish.

Connor H. Fitzgerald (Mac): I stop Patrick on the way out.

Connor H. Fitzgerald (Mac): I'll whisper:

Connor H. Fitzgerald (Mac): "We need to tell him to get Lucien out here."

Marcus Abdullah DuBois (Giles): Just generalized Chilling Activities. Does the balcony extend north and south?

Connor H. Fitzgerald (Mac): "Out the bar."

Connor H. Fitzgerald (Mac): "We'll wait here."

Marcus Abdullah DuBois (Giles): Who did Monsieur Loi actually meet from us?

Chandu: *You can indeed walk out over north and south. This is the sitting area-- the balcony goes on.*

Chandu: *He's met Mac and Carlyle.*

Connor H. Fitzgerald (Mac): He knows us all, we'll just get Matthieu to tell him someone would like to meet him at the balcony.

Connor H. Fitzgerald (Mac): And take the moment for a smoke.

Chandu: *At least for Giles and al-Attar, they never interacted with him enough for him to know their names. The rooms were booked with Van Zandt's name.*

Chandu: *They've been seen around, just as guests.*

Patrick Heaney (Carlyle): Ahh, good point. I'll just lean up against the balcony while we wait and light a ciggie.

Chandu: *Who's doing what now?*

André Mercier (Fontaine): Someone will have to alert me to my mission... Otherwise, I'm waiting to receive the next guests.

Prajeet Alan Wellington (al-Attar): We can go towards Loi with Giles then.

Chandu: *You can move, yes.*

Chandu: *Right. As you approach, you see Lucien Sarti by the bar, speaking to some woman sitting by it too.*

Chandu: *Nolan-- you're stopped from taking the seat to her right.*

Royal Palace Guard: By... this man.

Royal Palace Guard: He nods at you calmly as he puts his hand on your way.

Royal Palace Guard: Also, you did manage to overhear a little of their conversation on your approach.

Chandu: *They're speaking in English...*

Lucien Sarti: "I'd certainly have stopped over in Phnom Penh, had I known such beautiful women lived there."

Serene Cambodian Woman: "Ha. I spend most of my time abroad, I'm afraid. And..." she looks around the room. "We don't share the same circles, do we?"

Lucien Sarti: "A happy coincidence for us to meet here, then."

Chandu: *You can act.*

Prajeet Alan Wellington (al-Attar): "Pardon me."

Prajeet Alan Wellington (al-Attar): I said it to the guard putting his hand in front of me.

Prajeet Alan Wellington (al-Attar): "I take it this corner is reserved?"

Royal Palace Guard: "It is. Forgive the inconvenience."

Prajeet Alan Wellington (al-Attar): "I see. Well."

Prajeet Alan Wellington (al-Attar): He turns towards Marcus.

Monsieur Loi: He pours two glasses of Bourbon as Sarti flicks his hand over the empty ones.

Marcus Abdullah DuBois (Giles): Actually, would we know this guy 'is the boss' as the IRA or are we here just looking for drinks?

Chandu: *I think Mac asked you to draw him over to the balcony, away from Loi, for a chat. How you manage that is up to you.*

Chandu: *You do know that this is Lucien Sarti, Guérini enforcer, come from Marseille to represent the family at the conference.*

Marcus Abdullah DuBois (Giles): Nolan, take the lead on this, I just look like an exotic bodyguard really.

Chandu: *...whether that means anything to you is up to your awareness, at this point.*

Prajeet Alan Wellington (al-Attar): "Mr. Sarti, a moment of your time if you would."

Chandu: *Now the two of them do turn their heads.*

Lucien Sarti: "Yes?" He looks over the two of you. "I don't think we've met."

Prajeet Alan Wellington (al-Attar): "Indeed we haven't. I am Alan Wellington, working with Mr. Fitzgerald here in behalf of the IRA."

Prajeet Alan Wellington (al-Attar): "This is Mr. DuBois."

Lucien Sarti: "Eh, Mr. Who?" He tilts his head.

Prajeet Alan Wellington (al-Attar): He gestures towards Giles.

Lucien Sarti: "Although, the IRA, you say?"

Marcus Abdullah DuBois (Giles): Giles just nods sternly.

Lucien Sarti: "Amazing. Well, what can I do for you?" He pulls a cigar from his inner suit pocket. Montecristo No. 2.

Lucien Sarti: He starts preparing it for smoking.

Prajeet Alan Wellington (al-Attar): "We are here mostly on account of business regarding the distribution of narcotics from our sources across the pond into Indochina."

Lucien Sarti: "Ah. Rare goods, then."

Lucien Sarti: "Still, this is a princess I'm speaking with." He gestures towards the woman. "Surely it can wait for a moment."

Lucien Sarti: He smiles as he puts the cigar between his lips and starts lighting up.

Prajeet Alan Wellington (al-Attar): "Of course. I do not wish to intrude."

Prajeet Alan Wellington (al-Attar): "We are by the balcony, for when you are available."

Lucien Sarti: "I'll be sure to look out for you." He nods, puffing his cigar.

Prajeet Alan Wellington (al-Attar): Nolan nods, before looking at Giles and flicking his head towards the balcony.

Serene Cambodian Woman: "Before you go, sir!"

Serene Cambodian Woman: She waves you back.

Prajeet Alan Wellington (al-Attar): "Oh, yes?"

Serene Cambodian Woman: "You've made me quite curious now. Can you share news, or a story from Ireland?"

Serene Cambodian Woman: "I've been told it is absolutely beautiful."

Marcus Abdullah DuBois (Giles): Giles realized they need a cover story for why they're working for the IRA when their skin is a few shades too dark to be considered Irish.

Connor H. Fitzgerald (Mac): The cigarette is almost out. What the fuck is the hold up?

Prajeet Alan Wellington (al-Attar): "It is quite beautiful indeed. The ocean brings us both business and beauty. I'm sure you'd love the sights from our cliffs."

Connor H. Fitzgerald (Mac): Mac walks back inside to look at the bar. Oh great, he is flirting.

Serene Cambodian Woman: "You must've come a long way to meet with Mr. Sarti," she glances at him smiling. "Please, Lucien, go. I'd rather not hold up your talks."

Lucien Sarti: "...if you insist." He smiles at her one last time before patting Giles' back.

Lucien Sarti: "Lead the way, gentlemen."

Connor H. Fitzgerald (Mac): I'm nodding at Bryan to get over here.

Prajeet Alan Wellington (al-Attar): "Thank you madam."

Patrick Heaney (Carlyle): "Fucking finally."

Marcus Abdullah DuBois (Giles): "I bring Monsieur Sarti."

Lucien Sarti: He walks on through without a care in the world. Just another day for him.

Marcus Abdullah DuBois (Giles): Giles nods then stands to the side with his hands folded.

Lucien Sarti: "You wanted to see me?"

Connor H. Fitzgerald (Mac): "I did. Connor H. Fitzgerald." I reach out a hand.

Prajeet Alan Wellington (al-Attar): Nolan motions towards Mac.

Lucien Sarti: He takes his cigar in his left hand and shakes Mac's hand.

Lucien Sarti: "Came a long way for a handshake. Let's sit."

Lucien Sarti: "You two, kick rocks."

Connor H. Fitzgerald (Mac): Fuck it, I'm just gonna pretend I already know him because I do not have anything on this guy.

Lucien Sarti: He waves at the two Corsicans.

Associé: "...right."

Connor H. Fitzgerald (Mac): I'll nod at Giles and Nolan to stand by the door.

Chandu: *That's right. Beautiful, starry summer night up above.*

Prajeet Alan Wellington (al-Attar): Nolan leans by the wall and lights up a cigarette.

Connor H. Fitzgerald (Mac): "It seems that we are stealing from your time so I'll just get right into it."

Lucien Sarti: He crosses a leg over the other as he smokes and listens.

Connor H. Fitzgerald (Mac): "We've been looking to get protection detail for certain contacts in south of France and north of Italy. I would like to bring it up with you first."

Connor H. Fitzgerald (Mac): I look at Bryan, hoping he can shit something out.

Patrick Heaney (Carlyle): I'll wait for him to speak.

Lucien Sarti: "I'd have to get back to Marseille to be able to set something up, but I could send a letter in advance depending on how important it is."

Lucien Sarti: "What're you looking for?"

Patrick Heaney (Carlyle): "Some native thugs with guns that'll protect our drug traffic for pay."

Connor H. Fitzgerald (Mac): "That, and, we have several front businesses. Logistics stuff. You'd have to make sure nobody else tries to get a cut out of it."

Chandu: *Carlyle, roll SIGINT.*

Chandu: *Public.*

Patrick Heaney (Carlyle): Patrick Heaney (Carlyle) rolls **Success** -> 51 (Rolling SIGINT Target: 60%)

Chandu: *You were ready for such an occasion-- in fact, you used it with Orsini as well. You've got your compact tape recorder in your suit jacket, and you can reach in to start recording.*

Patrick Heaney (Carlyle): I'll do just that, all discreet like.

Connor H. Fitzgerald (Mac): This is another pointless conversation in which we have no idea what we are even fucking talking about. Can we do it like the last time?

Chandu: *You grab a handkerchief on your hand's way out of your pocket. It's on.*

Chandu: *The two of you get to roll Persuade, BLIND.*

Connor H. Fitzgerald (Mac): Connor H. Fitzgerald (Mac) rolls **Failure** -> 81 (Rolling Persuade Target: 20%)

Patrick Heaney (Carlyle): Patrick Heaney (Carlyle) rolls **Failure** -> 76 (Rolling Persuade Target: 40%)

Chandu: *In ten minutes, you speak about several topics. Likely temporary safehouses, contacts in Marseille, weapon specifications and shipping routes. You think you've got enough, but whether this is prosecutable will depend on an analysis from your case officer.*

Chandu: *And it will also depend on him being within American jurisdiction. For now, at the very least, this is likely to get you a thumbs-up from the BNDD.*

Chandu: *Moving over to the next timeslot. LOADING...*

Chandu: *2200G*

Chandu: *By the time you're done with Sarti, he makes his exit over into the main room. New guests have arrived. Notably, they've taken spots at the divans by the north side of the room.*

Chandu: *Additionally, as you make ready to move on...*

Chandu: *Right. The Hong Kong delegation is here.*

Chandu: *They don't stop to look at you before they turn over to the large table at the other side of the room.*

Connor H. Fitzgerald (Mac): "Call it love at first sight. I'm about to become a defector."

Chandu: *You may move. But before that...!*

Chloé: "I'm sorry, do you have a minute?"

Chloé: She's still carrying the tray with the champagne.

Connor H. Fitzgerald (Mac): "Come on in."

Connor H. Fitzgerald (Mac): "What is it?"

Connor H. Fitzgerald (Mac): I'm nodding at the other two to close the doors behind her.

Chloé: She's allowed to close the doors behind, and the security staff don't pay her any mind as she does.

Chloé: She sets the tray down on the table.

Chloé: "Are you supposed to be here? I heard you introduce yourselves as Irish, but...?"

Connor H. Fitzgerald (Mac): "Here."

Connor H. Fitzgerald (Mac): "Take this 200\$."

Connor H. Fitzgerald (Mac): "And don't say anything else."

Marcus Abdullah DuBois (Giles): This bitch ought to take a hint.

Chloé: She looks around for observers...

Prajeet Alan Wellington (al-Attar): Nolan keeps smoking casually, pretending to not pay attention to the conversation.

Chloé: "It's not that I'm extorting you, monsieur."

Connor H. Fitzgerald (Mac): "Shhh."

Connor H. Fitzgerald (Mac): "Enough."

Connor H. Fitzgerald (Mac): "I do not want to hear it."

Chloé: "I think you're placing yourselves in a very-- okay..."

Connor H. Fitzgerald (Mac): I'm forcing the money on her hands.

Chloé: She clutches them and shoves them in her pockets.

Connor H. Fitzgerald (Mac): "Don't talk to us again."

Connor H. Fitzgerald (Mac): "Understood?"

Chloé: "Yes. Sorry for the inconvenience."

Chloé: "...see you around."

Connor H. Fitzgerald (Mac): "Good. Goodbye."

Chloé: She backs away-- then walks back, having forgotten about the tray.

Chloé: She picks it up and heads on back.

Connor H. Fitzgerald (Mac): He slumps on the couch and rubs the bridge of his nose.

Connor H. Fitzgerald (Mac): "Let's get this party started. I'm going to get to know the lady."

Marcus Abdullah DuBois (Giles): Giles just shrugs and sucks his teeth.

Connor H. Fitzgerald (Mac): Are they following me? I don't want to split.

Marcus Abdullah DuBois (Giles): What's the party to the north?

Marcus Abdullah DuBois (Giles): Can we recognize their uniforms?

Chandu: *If you're not staying together, say it now so we can freeze the ones stepping away. To the north, on the divans, you see men dressed in military uniforms. You're no officer, but you can tell that the darker ones belong to the Royal Cambodian Army, while the white ones are Republic of Vietnam Air Force.*

Prajeet Alan Wellington (al-Attar): I'm staying with Mac.

Chandu: *In fact... Giles, roll Alertness, public.*

Connor H. Fitzgerald (Mac): Yes can my two COLORED bodyguards please stay with me as we do opening talks.

Marcus Abdullah DuBois (Giles): Marcus Abdullah DuBois (Giles) rolls **CRITICAL FAILURE!** -> 66 (Rolling Alertness Target: 50%)

Chandu: *Nothing of interest speaks out to you as you look them over. They seem to be exchanging pleasantries, nothing more at the moment.*

Chandu: *Everyone can move with Mac.*

Connor H. Fitzgerald (Mac): "Good evening."

Connor H. Fitzgerald (Mac): Do I recognize any?

Chandu: *You recognize one of them from the Crazy Horse. This one's the one that was with Meng in his office and tested the morphine.*

Stylish Chinese Woman: "Hello. You are those... what were they?"

Connor H. Fitzgerald (Mac): "I hope you are all having a great time. Connor H. Fitzgerald. We're here on behalf of the IRA."

Connor H. Fitzgerald (Mac): I'm going to ignore their reactions and go straight to kiss the lady's hand, as is the custom of the time.

Stylish Chinese Woman: She translates for the older man who is now also looking at you.

Authoritative Chinese Man: The man nods and speaks in Teochew in turn. From now on, phrases being actively translated will have a [T] preceding them.

Stylish Chinese Woman: [T] "Yes. Mr. Lim wished to make your acquaintance, he was informed about the dealings with Mr. Meng."

Stylish Chinese Woman: "Lim Boon Kiat," she says, gesturing at the old man, "and Lim Be Gua." She places a hand on her chest.

Connor H. Fitzgerald (Mac): I'll take the seat across.

Connor H. Fitzgerald (Mac): "Truth be told I'm more interested in making your acquaintance than his."

Claude Francisci: Claude moves his chair a bit away from you as you spread your legs.

Stylish Chinese Woman: "Ah, well. The night is young, as they say."

Connor H. Fitzgerald (Mac): I want Bryan over next to me as my bodyguards behind us.

Stylish Chinese Woman: [T] "Mr. Lim was pleasantly surprised by your quickness in delivering the product. He says you still have a long way to go, however."

Patrick Heaney (Carlyle): I'll take a seat on the other end of the table since that's as close as I'm getting.

Claude Francisci: Claude's actually excusing himself-- he's going to show this other woman around. You can take his seat as he goes.

Connor H. Fitzgerald (Mac): Bryan are you fucking getting this?

Patrick Heaney (Carlyle): Well, why the hell not. "You're saying something was wrong with the product?"

Connor H. Fitzgerald (Mac): "I believe we can have an idea of our future arrangement."

Lim Be Gua: [T] "No, in fact. It is excellent product, he says-- you've matched other local suppliers in terms of quality."

Lim Be Gua: [T] "The logistics are still concerning, however. Instability in Belfast is sure to interrupt maritime or air deliveries. Not to mention having to deal with English law enforcement."

Chandu: *If you have specific matters to touch on, go ahead. Otherwise, you'll be making time and obtaining more recordable evidence.*

Connor H. Fitzgerald (Mac): "You won't have to soon enough."

Connor H. Fitzgerald (Mac): I have an idea.

Connor H. Fitzgerald (Mac): We can feed them something that will probably guarantee a shootout to break out as the letter is delivered to Moran.

Connor H. Fitzgerald (Mac): This is the key moment for that.

Connor H. Fitzgerald (Mac): But I'm not sure if I know it.

Chandu: *I'm also unsure. Take a risk and surprise us.*

Chandu: *IF YOU DARE*

Patrick Heaney (Carlyle): "And we're hoping by then our reputation will ease up in these parts and we'll be seen as more than a bunch of drunk baby killers."

Connor H. Fitzgerald (Mac): Fuck it, give me a second here.

Connor H. Fitzgerald (Mac): "I'm not sure if you have heard about it but our internal intelligence within the IRA is shaky considering our... mutual friends." *He nods backwards towards the Associés.

Connor H. Fitzgerald (Mac): "That's why we have been extremely open and excited to work with the Triad. For you, as far as it goes. We're only interested in making money for the cause."

Lim Be Gua: She's translating as you go on.

Lim Be Gua: [T] "Mr. Lim is unsure what you might be referring to. Has there been a problem?"

Connor H. Fitzgerald (Mac): "He's unsure?"

Connor H. Fitzgerald (Mac): He looks at Bryan in apparent shock.

Connor H. Fitzgerald (Mac): Then he pulls out a pen and begins writing on a piece of scrap paper.

Connor H. Fitzgerald (Mac): "Well in that case maybe we could save this conversation for later, in a more... independent house of your choosing, if you catch my drift."

Chandu: *Mathieu-- Remy is back, and will be relieving you of the elevator duty if you so wish.*

André Mercier (Fontaine): Sure.

Patrick Heaney (Carlyle): I'm not sure what Cil's angling for here so I'll keep quiet for now.

Connor H. Fitzgerald (Mac): He's going to hand down a piece of paper that says: "French tried to bomb us during our meeting with IRA courier. Missed us and your men and hit the police instead. One dead. Hired VC."

Connor H. Fitzgerald (Mac): Completely glancing over the fact that we know they were there- the shock should be enough.

André Mercier (Fontaine): I'll head over to the north meeting, with the people in uniform. I won't engage them, just idle by and see if they say anything of value.

Lim Be Gua: [T] "That could be arranged. This is hardly the occasion to share information that would best remain private..." She says, as she grabs the paper slip and reads it under her breath.

Connor H. Fitzgerald (Mac): "And here we fucking go..." he whispers under his breath to Bryan.

Lim Be Gua: She translates it over to Lim Boon Kiat in a whisper.

Patrick Heaney (Carlyle): He just stares everyone on the table down while they discuss the note.

Lim Be Gua: [T] "This matter will have to be looked into. Are you completely certain?"

Connor H. Fitzgerald (Mac): I'm just gonna sniff and look her dead in the eyes.

Lim Boon Kiat: He motions over to the older bodyguard to approach.

Patrick Heaney (Carlyle): I look at Cil and back to her before nodding.

426 Red Pole: He crouches down a little and listens to Kiat's whisper...

426 Red Pole: He then nods, and excuses himself.

Lim Be Gua: [T] "Thank you for bringing this to our attention. We can only hope it hasn't brought you a displeasing image of our business in Saigon."

Connor H. Fitzgerald (Mac): "Well, let's continue on with more lighthearted topics."

Lim Be Gua: "Complicated times."

Lim Be Gua: She nods.

Connor H. Fitzgerald (Mac): We'll drag them on to reveal incriminating stuff, again.

Chandu: *Same deal as before, Mac and Carlyle, blind PERSUADE rolls.*

Connor H. Fitzgerald (Mac): Connor H. Fitzgerald (Mac) rolls **Failure** -> 61 (Rolling Persuade Target: 20%)

Connor H. Fitzgerald (Mac): "I'd ask for your hand if there was a dance, but maybe another time."

Chandu: *In the meantime, up by the divans, with Mathieu...*

Patrick Heaney (Carlyle): Patrick Heaney (Carlyle) rolls **Success** -> 24 (Rolling Persuade Target: 40%)

Chandu: *Matt-- these men are speaking in English.*

General Ouane Rattikone: "If you'd let us fly our planes into Tan Son Nhut, this wouldn't be an issue."

Colonel Phan Phung Tien: "And I've told you repeatedly that it simply cannot happen. You have part of the responsibility in this-- we have the means to transport the powder, and your airfields can handle the traffic."

General Ouane Rattikone: "I'm sure we can eke out a compromise somewhere..."

Chandu: *They're going to continue their talk. They're speaking about drugs, of course-- product transported from Laos into Saigon. It becomes obvious to you as you listen on that they use private contractors to do the transporting.*

Chandu: *You notice a guy that wasn't here before, to your left.*

André Mercier (Fontaine): Intel for the boss. I'll stand here and soak it like a sponge.

André Mercier (Fontaine): Oh?

Enterprising French Man: He's just watching the conversation attentively. He wipes a drop of sweat off his brow.

Connor H. Fitzgerald (Mac): Whatever is going on up north I am too intimidated to barge in. We'll just do our thing here.

André Mercier (Fontaine): I'll walk over to him. "You look lost, Monsieur."

Chandu: *Mac, Carlyle: the business conversation is going swimmingly. It's not that they trust you yet, but your actions in these past few days have made them open up considerably. You're getting an overlook of the 14K's trafficking network in Indochina.*

Enterprising French Man: "Ah, me?"

Enterprising French Man: He's also speaking French.

André Mercier (Fontaine): "Yes, do you perhaps need something?"

Enterprising French Man: "No, well, I've come to look out for my livelihood, really."

Enterprising French Man: He gets closer to you and speaks in a whisper.

Enterprising French Man: "If these two make a deal, I'm shit out of luck."

Enterprising French Man: He stretches his arm out for a handshake. "Roger Zoile, Laos Air Charter."

André Mercier (Fontaine): Matt extends his own, giving a firm shake. "Andre Mercier, security." He doesn't respond to the information beyond an "Oh."

Roger Zoile: "It's bad news already that they're speaking with each other. I really have to stop this from getting anywhere."

Roger Zoile: "I've taken up enough of your time. Very nice to meet you, André. You look like a nice guy."

Connor H. Fitzgerald (Mac): clutch bro make him an asset

André Mercier (Fontaine): He lowers his voice, leaning in a little. "How come you can't have the deal happen?"

Roger Zoile: "Alright, let me tell you the basics."

Roger Zoile: "The Laotians won't have Vietnamese planes land in their airfields to pick up the junk."

Roger Zoile: "The Vietnamese won't let the Laotians drive them into Vietnam."

Roger Zoile: "So, here comes LAC. We profit."

Roger Zoile: "It's simple, really. I've got ten twin-engines. We can't stand up to either one of their air forces. Especially the Vietnamese with American C-130s."

Roger Zoile: "So I'm a tiny bit fucked here. Big time if they get over their differences."

André Mercier (Fontaine): "Of course, you'd lose your job."

Roger Zoile: "Listen, if you can make either of them leave early, I'll make it worth your while."

André Mercier (Fontaine): He nods. "Do I have a way of contacting you later?"

Roger Zoile: "Room 205, I'm just downstairs. Leave a note at the reception if I'm not here or there."

Roger Zoile: "I'll owe you like a motherfucker if you manage this."

André Mercier (Fontaine): "I'll take you up on that." He straightens, marching right past the man and to Remy.

Roger Zoile: He'll just stay here, listening at the conversation over his glass.

Chandu: *What's next?*

André Mercier (Fontaine): We have to cause a scene, somehow... let me think. I assume they were clear during the patdown?

Chandu: *Yup, unarmed.*

Chandu: *Everyone else as well, except for the obvious security details each guest has.*

André Mercier (Fontaine): Did any of their entourage go elsewhere, or is every one of them at the divan?

Chandu: *That's all of them. Senior officers, each one with an aide!*

Chandu: *What're you thinking? You could also play out the night and see how it goes in the next timeslot if nothing comes to mind.*

André Mercier (Fontaine): I'll wait through this timeslot and see if I have an opportunity later. Either way, I'd like to spend some time loitering so it doesn't look like I had a conversation with Roger and immediately went to disrupt the meeting.

Chandu: *Very well. We can go on.*

Chandu: *Mac, Carlyle. You have what you need from the Hongkongers, and one of their men left in a hurry after Lim Boon Kiat was informed of your note.*

Chandu: *What's next?*

Connor H. Fitzgerald (Mac): I don't know but I did see Matthieu just walk towards the corridor. Can I have a private talk with him at the balcony?

Chandu: *You can proceed!*

Connor H. Fitzgerald (Mac): "Well, if you'd excuse me for a second."

Lim Boon Kiat: They both nod, and continue chatting it up with Carlyle.

Patrick Heaney (Carlyle): I'll stay back to make small-talk with these two in the meantime.

André Mercier (Fontaine): Matt's leaning on the wall. After a moment, he figures Mac's staring.

Connor H. Fitzgerald (Mac): "Report."

André Mercier (Fontaine): He breaks the servile tone, speaking more harshly, "One of the guests is some sort of pilot -- here because he's worried that the military men at the divans will strike a real nice deal and get him fired from his job."

Connor H. Fitzgerald (Mac): "We could certainly interrupt that."

André Mercier (Fontaine): "Assured him I'd find a way to prevent that deal, yes. One of the generals needs to leave early."

André Mercier (Fontaine): "He'll owe us for the favor."

Connor H. Fitzgerald (Mac): "Can you get me to a phone? Privately. I'll call the lobby, tell one of them someone's calling for him by name."

Connor H. Fitzgerald (Mac): "What are they even called?"

André Mercier (Fontaine): Seeing as I was checking them in at the elevator, I ought to know.

Chandu: *Indeed. General Ouane Rattikone, Royal Laotian Army, and Colonel Phan Phung Trien, VNAF.*

Chandu: *That's the commanding officer of Tan Son Nhut. Mac knows him by name.*

André Mercier (Fontaine): Matt mirrors this info to Mac.

Connor H. Fitzgerald (Mac): We collaborate with the good guys, it should be easy to pin it on the Laotians that they are trying to get the general blamed for an international scandal. After all, the CIA has a vested interest in them.

Chandu: *Make a Luck roll, BLIND.*

Chandu: *You can recall Carstairs mentioning something about a VNAF contact in Tan Son Nhut, one she could steer into assisting the cover-up with Lagalisse and the Khmer temple in the Rung Sat.*

Chandu: *Not only that, but Carstairs is currently in Tan Son Nhut as well.*

Connor H. Fitzgerald (Mac): Meaning?

Chandu: *It's up to you what you want to do with that information.*

Connor H. Fitzgerald (Mac): Is this the one?

André Mercier (Fontaine): Alright... I scoured the whole floor. Where's a phone?

Chandu: *No-- she distinctly mentioned the contact being under Phan Phung Trien.*

Chandu: *One of his subordinates.*

Chandu: *There is a phone, Mathieu. Let me take the two of you there.*

Connor H. Fitzgerald (Mac): ... Okay. Then let's just say it's for the major.

Connor H. Fitzgerald (Mac): They'll take the call from the lobby. Should be easier to manage anyways, in terms of emotions.

Chandu: *What was the plan, exactly?*

André Mercier (Fontaine): Mac's making a call to the lobby.

Connor H. Fitzgerald (Mac): And the call is stated for the major accompanying the general.

Chandu: *Alright. The call's connecting...*

Chandu: *After you ask for "Major Ngo" by name, as Mathieu did get to read on his nametag, the receptionist asks for you to wait.*

Chandu: *Some five minutes go by.*

Major Ngo Van Triem: "Yes? Hello?"

Connor H. Fitzgerald (Mac): "The good guys are calling. Laotians have blackmail on you and work with the KGB. Do not trust them, and do not break their trust. You need to get out of there with the General while you still can."

Major Ngo Van Triem: "WHAT?!"

Chandu: *Hit a Persuade roll. We'll add a +20% to that.*

Connor H. Fitzgerald (Mac): Connor H. Fitzgerald (Mac) rolls **Failure** -> 74 (Rolling Persuade Target: 20%)

Major Ngo Van Triem: "I have to make some calls... who is this, exactly?"

Connor H. Fitzgerald (Mac): "If I were you I'd take him to the car and start driving far right now."

Connor H. Fitzgerald (Mac): He hangs up.

Connor H. Fitzgerald (Mac): Let's hope for the best.

Chandu: *You can only wait and see how that goes. We can continue.*

Connor H. Fitzgerald (Mac): I'll return before he has the chance to come back up.

Connor H. Fitzgerald (Mac): More fuel for the fire, if anything.

Connor H. Fitzgerald (Mac): "Oh yes, where were we?"

Chandu: *You continue speaking about The Business with the Hongkongers. You've gotten enough on tape, the rest you'll remember.*

Chandu: *Moving onto the next timeslot...*

Connor H. Fitzgerald (Mac): I hope these idiots don't go over their heads and decide to stay...

Chandu: *2300G.*

Chandu: *Mathieu, the guest of honor is here. He's shaken everyone's hand on his way here.*

Santo Trafficante, Jr: He approaches you with his arm stretched out.

Santo Trafficante, Jr: "Hope you're having a great fucking night, bud."

Santo Trafficante, Jr: "You speak English?"

André Mercier (Fontaine): "Yes, monsieur." He shakes his hand. What's got this boy so giddy? I'd like a HUMINT check.

Chandu: *Run it!*

André Mercier (Fontaine): André Mercier (Fontaine) rolls **Success** -> 43 (Rolling HUMINT Target: 60%)

Chandu: *This is Santo Fucking Trafficante, Jr. He runs the mob in Tampa, and the FBN's been trying to get him prosecuted since before his father died and handed the business over to him.*

Chandu: *This man is very close to Meyer Lansky and other infamous figures of the East Coast drug trafficking network. You know full well why he's here.*

Chandu: *Stateside informants corroborate the fact that he wants to kick the Corsicans out of the game for good, and open a direct throughline from Indochina into Florida through the Panama canal.*

Chandu: *He's your moby dick, essentially. Anything else?*

André Mercier (Fontaine): That's all I gotta know. Now for a way to get him into the agency's hands...

André Mercier (Fontaine): I'll think on it.

Santo Trafficante, Jr: He pats your back on his way into the room. He's heading for the balcony. One of his Made Men is walking up to the Hongkongers right away.

Made Man: "Scuse me."

Made Man: "We was told we were expected by a Mr. Lim?"

Lim Be Gua: "Ah, yes." She looks at Mac and Carlyle with an apologetic expression. "We're terribly sorry to cut this lovely conversation short!"

Connor H. Fitzgerald (Mac): "Don't mention it."

Lim Be Gua: She then translates for Kiat. You hear the words "Santo Trafficante".

Lim Be Gua: They're all making their way over to the balcony.

Connor H. Fitzgerald (Mac): It looks like it's starting.

Connor H. Fitzgerald (Mac): Let's go to the front row.

Connor H. Fitzgerald (Mac): Stopped?

Chandu: *You can only get so far as to observe them greeting each other before you are, indeed stopped. By this guy.*

Made Man: "Sorry, partner. Private party."

Connor H. Fitzgerald (Mac): "Who the fuck are you? We've been recommended by the Triads for this meeting."

Made Man: "Who the fuck are YOU, buddy? You want to speak with the big man, you grab a ticket and wait in line."

Connor H. Fitzgerald (Mac): If this wasn't the situation it is, this guy would be speaking out of a hole in his throat. In any other case...

Connor H. Fitzgerald (Mac): I'm gonna try and get Matthieu to tell him off.

Connor H. Fitzgerald (Mac): Where is he...

Chandu: *Matt, you saw the short confrontation as you walked past.*

André Mercier (Fontaine): He's doing the rounds. He'll stop at the confrontation.

Connor H. Fitzgerald (Mac): "Aye what the fuck is this?"

Connor H. Fitzgerald (Mac): I turn to Matthieu.

André Mercier (Fontaine): "Is something the matter, gentlemen?"

Connor H. Fitzgerald (Mac): "Yes it is a fuckin' matter, this bloke is telling me no."

Connor H. Fitzgerald (Mac): "I represent the IRA."

Made Man: "You ever been to a conference, bud?"

Made Man: "Groups talk with each other in turns. Orderly fuckin' manner."

André Mercier (Fontaine): He turns to the made man. "The balcony itself is supposed to remain open, as far as I'm concerned."

Connor H. Fitzgerald (Mac): "..."

Connor H. Fitzgerald (Mac): I don't want to mess this up.

Chandu: *Run me a PERSUADE check, Mathieu. 20% bonus from the fact that you're made security.*

André Mercier (Fontaine): André Mercier (Fontaine) rolls **Success** -> 40 (Rolling Persuade Target: 70% (50%+20%))

Connor H. Fitzgerald (Mac): I'm looking Bryan in the eye hoping that recorder is still running.

Patrick Heaney (Carlyle): I just give him a little nod.

Made Man: He grunts. "Wait a minute while I tell 'em."

Made Man: "Chief."

Made Man: "There's some fucking micks and a sub-saharan negro talking about some IRA shit. Security needs the balcony open."

Made Man: "How you feelin' about that?"

Marcus Abdullah DuBois (Giles): Giles will personally wring this guy's neck when the time comes.

Santo Trafficante, Jr: "Eh. They could play a part in the business. Let 'em in."

Santo Trafficante, Jr: "In fact."

Santo Trafficante, Jr: He looks like a lightbulb just went on in his head.

Santo Trafficante, Jr: "Yeah, yeah, let them in, Jamie. Get out of the fuckin' way."

Connor H. Fitzgerald (Mac): "Yeah that's right you twat. Get outta the fucking way."

Santo Trafficante, Jr: "Evening, gentlemen."

Connor H. Fitzgerald (Mac): He stumbles into the balcony and lightly bows to Trafficante.

Marcus Abdullah DuBois (Giles): Giles walks past the guy and mutters "Fuckin' guinea."

Connor H. Fitzgerald (Mac): "Mr. Trafficante. Honored."

André Mercier (Fontaine): Matt resumes his patrol, not lingering near the balcony.

Made Man: "You watch those fat ass lips, dick."

Prajeet Alan Wellington (al-Attar): I say "Wop." under my breath.

Patrick Heaney (Carlyle): I have to cover my mouth to not laugh at these three.

Prajeet Alan Wellington (al-Attar): Nolan coughs.

Santo Trafficante, Jr: "No, we honor each other. Sorry there isn't enough room to sit."

Santo Trafficante, Jr: "But do come in. Mi casa, su casa."

Santo Trafficante, Jr: "Though this ain't my casa."

Connor H. Fitzgerald (Mac): "It is no problem to us. Sitting in front of you are those who can verify that we do good business, for a good cause."

Santo Trafficante, Jr: "That's right. Mr. Lim and I were about to discuss our future together..."
He looks over your shoulders.

Santo Trafficante, Jr: "Shut the door, just a couple of minutes. I'm sure security won't mind."

Marcus Abdullah DuBois (Giles): Giles shuts the doors.

Santo Trafficante, Jr: "Jamie, Jackie, make some goddamned space. Look at the city or somethin'."

Made Man: "Right."

Made Man: "Fuck you." He mutters as he bumps into Giles on his way south.

Connor H. Fitzgerald (Mac): Whatever.

Marcus Abdullah DuBois (Giles): "Fucking dago," Giles mutters under his breath.

Santo Trafficante, Jr: "Right. Mr Lim, as you were saying?"

Lim Be Gua: "Mr. Lim had only said that he is honored to finally make your acquaintance, and that he looked forward to it since you began corresponding."

Lim Be Gua: "The 14K is very optimistic about the new channel's opening. Though there remains the matter of the Corsicans."

Connor H. Fitzgerald (Mac): Holy shit. Is this not enough to implicate Trafficante?

Santo Trafficante, Jr: "'Course it does. They'll fight tooth and nail to keep their little Marseille bottleneck."

Santo Trafficante, Jr: "Maybe our Irish partners can elucidate how we could go about this problem." He looks over to the four of you.

Connor H. Fitzgerald (Mac): "They have most certainly been very naughty." I nod at Lim.

Lim Be Gua: She speaks with Lim Boon Kiat for a few moments.

Patrick Heaney (Carlyle): "All I'll say on that matter is our kind aren't known for being subtle."

Lim Be Gua: [T] "The matter is being investigated. Mr. Fitzgerald has informed us as to an attempt made on his life earlier today, this morning."

Lim Be Gua: [T] "The preliminary report suggests that the Corsicans are tightening up after the loss of their laboratory in Pasteur street. This doesn't take away from the fact that they essentially run our logistics pathway into Europe, and they control the shipping of drugs from France into the United States."

Santo Trafficante, Jr: "What're you implying? Are they cleaning house?"

Connor H. Fitzgerald (Mac): "We could build a better path. A stronger one. One not made by colonialists."

Lim Be Gua: [T] "We would be wise to be cautious at the moment," she nods at Mac. "And consider other avenues."

Lim Be Gua: "With the Republican Army's logistical capabilities, the Marseille port could be completely looked over. Belfast could become the new center of distribution for our product into Europe."

Lim Be Gua: "Then would come the second route, Saigon to Los Angeles."

Santo Trafficante, Jr: "Eh. We have people in LA, but we're interested in getting it in Florida. Tampa Bay."

Connor H. Fitzgerald (Mac): Jesus Christ. What have I done...

Marcus Abdullah DuBois (Giles): You've just entrapped the Triads and the mob, technically.

Santo Trafficante, Jr: "We'd cover the shipping costs. But the Corsicans still own Saigon, and that's another beast to take on."

Santo Trafficante, Jr: "Anyone spoken to Francisci yet?"

Patrick Heaney (Carlyle): They don't give a fuck about that.

Connor H. Fitzgerald (Mac): "Saigon to Suez. To Belfast, to Florida. Our men are everywhere." He nods towards Nolan.

Prajeet Alan Wellington (al-Attar): I'm not saying shit in this room.

Patrick Heaney (Carlyle): But fucking hell I'm never going to Vietnam or China or anywhere east of Belgium after this is all done.

Marcus Abdullah DuBois (Giles): At what time is Louis arriving to start the race war?

Santo Trafficante, Jr: "Gotta say, goddamned strange for the host not to be present to receive the guest of honor." He looks at his watch.

Connor H. Fitzgerald (Mac): This has got to be the biggest fraud of 20th century.

Chandu: *You don't know that. His contact isn't here.*

Chandu: *You wouldn't learn of the results of his leakage today, anyhow.*

Chandu: *We can pause here as the three factions continue exchanging details-- the IRA's side being half made-up, half truth. The CIA still has product to move. A link between Saigon and LA or Tampa would save them a lot of trouble.*

Chandu: *Mac, Carlyle, blind PERSUADE rolls.*

Connor H. Fitzgerald (Mac): Connor H. Fitzgerald (Mac) rolls **Failure** -> 21 (Rolling Persuade Target: 20%)

Patrick Heaney (Carlyle): Patrick Heaney (Carlyle) rolls **Success** -> 39 (Rolling Persuade Target: 40%)

Marcus Abdullah DuBois (Giles): Wouldn't it be crazy if we got these guys to deliver heroin for the CIA with them being completely blind to the fact of the CIA's presence?

Connor H. Fitzgerald (Mac): I'm pretty sure that CIA can airlift endless heroin from wherever in the world directly to Tampa with zero effort and keep up the lie- until at least the real IRA is contacted.

Chandu: *You've recorded enough of Trafficante's exchange with the Lims to place him as part of an Indochinese trafficking conspiracy. You have a choice to make here after the summit. You can deliver this specific tape to Carstairs, or hand it off to Mathieu to feed directly to BNDD.*

Chandu: *The choice may impact the future.*

Chandu: *We're moving over to the next timeslot.*

Connor H. Fitzgerald (Mac): Last time I checked we don't exactly work for the BNDD so.

Patrick Heaney (Carlyle): Yeah surely The Program is the more important group here.

Chandu: *Very well!*

Connor H. Fitzgerald (Mac): Handing it off to BNDD could also undo all of our work as they legally persecute everyone we got involved with.

Marcus Abdullah DuBois (Giles): theoretically if we gave this shit to the bndd it would cut off the host that the sorcerer's have been parasitizing given that these mothafuckas seem to be embedded with every drug trafficker in country

Connor H. Fitzgerald (Mac): a new guy could always be found how about a new sorcerer

Chandu: 2330G

Marcus Abdullah DuBois (Giles): we pose as the last drug traffickers standing to be a sorcerer honeypot

Connor H. Fitzgerald (Mac): taking basketball shot from the moon .jpg

Chandu: *Everyone's been gathered to the table for the host's address, after half an hour of standing by and chatting with Trafficante and Lim.*

Chandu: *Notably: the VNAF officers are no longer here. They left at some point through that half-hour. You don't yet know whether their talks were **successful** or not.*

Chandu: *And finally, the front doors come open.*

Chandu: *It's Bonaventure Francisci, escorted by three other associates. He steps up to the table, between Sarti and Moran.*

Bonaventure Francisci: "Ladies, gentlemen." He briefly nods at the faces he recognizes.

Bonaventure Francisci: "I must thank you all for attending this lovely conference here in Saigon. Not only in Saigon, but in our modest hotel. I hope the night has been calm so far, and your accommodations are satisfactory."

Bonaventure Francisci: "Furthermore, I would like to thank monsieur Jean Moran for his efforts coordinating the increased security effort in the face of several recent events." He nods at Moran.

Bonaventure Francisci: "As you no doubt have come to see, the situation in Saigon is under control. What news from Marseille, Lucien?" He turns his head to him.

Lucien Sarti: He smiles dryly and Bonaventure. "Marseille is perfectly peaceful and under control." A short string of gunshots can be heard ringing out in the far distance, in the cityscape. The usual.

Bonaventure Francisci: "Indeed. I will be greeting each of our honored guests one by one throughout the rest of the night-- there is much to be discussed, and I must extend my hospitalities. Once again, we all thank you for coming."

Made Man: Giles-- this guy has been looking at you throughout the whole address.

Marcus Abdullah DuBois (Giles): Fuck that cunt. I'm giving him the stink eye.

Bonaventure Francisci: "Without further ado, bring out the vintage!" He waves over at Chloé and the other, younger Vietnamese waiter.

Chloé: They're going along the table, serving glasses out of bottles of 1945 Dom Perignon.

Marcus Abdullah DuBois (Giles): In fact I flick my chin at him and then do the Corna gesture.

Connor H. Fitzgerald (Mac): I seriously hope this man is blind as he has not addressed any of us.

Made Man: He scratches his eye with his middle finger.

Connor H. Fitzgerald (Mac): I struggle to believe that we are actually fucking doing this. Where is that DMT hallucination lady when you need her the most.

Chandu: *Roll INT, Mac. Public.*

Connor H. Fitzgerald (Mac): Connor H. Fitzgerald (Mac) rolls **Success** -> 14 (Rolling INT Target: 60%)

Chandu: *You did keep a tiny bit of heroin from the pure you got from Charrière's lab in Pasteur.*

Chandu: *Moving on!*

Chandu: *Sit tight and plan out who you'll be talking to or doing as I arrange the guests.*

Marcus Abdullah DuBois (Giles): yo hit that shit

Connor H. Fitzgerald (Mac): I'm just gonna take a tiny bit on my pinky finger and put it straight inside of my nose as if scratching it. I'll save the rest for poisoning someone.

Connor H. Fitzgerald (Mac): It did not take much the last time.

Chandu: *Alright, we're good to go.*

Prajeet Alan Wellington (al-Attar): I'm also stuck to Mac's tail.

Chandu: *Mac, you've not taken much. As such, when you start feeling it, it feels more like anxiety medication than an actual high. No effect on your reflexes or physical dexterity.*

Chandu: *You don't see any strange silhouettes peeking out here, in public.*

Connor H. Fitzgerald (Mac): I'll excuse myself to the bathroom.

Chandu: *The bathroom is all the way over...*

Chandu: *You look into the mirror as you let the water run...*

Chandu: *Hit a SANLOSS macro roll.*

Connor H. Fitzgerald (Mac): I lock the bathroom door.

Prajeet Alan Wellington (al-Attar): I look around impatiently for Mac.

Chandu: *What exactly do you think you're calling for, as you look into the mirror?*

Connor H. Fitzgerald (Mac): That woman who handed me the fungicide. She knows.

Chandu: *You blink once, you blind twice. Nothing.*

Chandu: *You said it yourself-- you've not taken enough.*

Connor H. Fitzgerald (Mac): Feisty. I'll do a whole line.

Chandu: *Hit a blind CON roll and another SANLOSS macro.*

Connor H. Fitzgerald (Mac): Connor H. Fitzgerald (Mac) rolls **Success** -> 61 (Rolling CON Target: 75%)

Chandu: *You feel almost energized by the bump. It almost doesn't feel like a downer.*

Chandu: *You blink once, you blink thrice. Only your two eyes looking up at you. The mirror does feel a little less solid now.*

Chandu: *As your eyes shut for a few more seconds on the third blink...*

Ariadne Mekonakis: Once you open them, you see her sitting on the cistern.

Ariadne Mekonakis: "...what now?" She yawns.

Connor H. Fitzgerald (Mac): "I'm lost. If you want to prove that you seriously have our best interest in mind, you will help me now."

Ariadne Mekonakis: She smiles. "I would have to know what you are trying to achieve here."

Connor H. Fitzgerald (Mac): "I don't know what to do next. We pitched everyone against everyone. The fallout will be spectacular."

Ariadne Mekonakis: "Then your work is done, no?" She pauses, stroking her jaw. "But is it ever so simple?"

Connor H. Fitzgerald (Mac): "No. It was only the beginning. Now that I didn't perturb the sorcerers in hiding I feel like I just did a huge mistake."

Ariadne Mekonakis: "A man of import will arrive soon."

Ariadne Mekonakis: "A man of import to you, deeply."

Connor H. Fitzgerald (Mac): "Is he worth killing here and now?"

Ariadne Mekonakis: "You would die. Though I thought you'd die last night, too."

Ariadne Mekonakis: "Even if you succeeded, what next?"

Ariadne Mekonakis: "So many rules are being broken by my being here. Learn by observing is as much as I can say."

Ariadne Mekonakis: "Do you like riddles?"

Connor H. Fitzgerald (Mac): "I do, actually. Entertain me before you leave."

Ariadne Mekonakis: "A façade, one which will travel across the Pacific Ocean. One that will fly above R'lyeh. Such things were never meant to fly."

Ariadne Mekonakis: "But it will fly, no matter what you do here tonight."

Ariadne Mekonakis: "That is all!"

Chandu: *You blink involuntarily, this time deeper.*

Connor H. Fitzgerald (Mac): "..."

Connor H. Fitzgerald (Mac): "The mask."

Connor H. Fitzgerald (Mac): He slams the bathroom top.

Connor H. Fitzgerald (Mac): "Fuck!"

Chandu: *And she's gone. Your consumption would typically impair you by -20% in all physical rolls going forward, but it's only making your fingers tingle.*

Chandu: *All is done.*

Connor H. Fitzgerald (Mac): Where is my team?

Chandu: *The conference is still alive outside. Everyone's having a good time, except for the three up over there.*

André Mercier (Fontaine): eta on session end. just curious

Chandu: 15-20 mins

Chandu: *Your team is down south, that's right.*

Connor H. Fitzgerald (Mac): I'm nodding them all over to the balcony.

Patrick Heaney (Carlyle): "Yes?"

Connor H. Fitzgerald (Mac): "Close the door."

Connor H. Fitzgerald (Mac): "He's coming. He's on the way."

Connor H. Fitzgerald (Mac): "Don't ask how I know."

Prajeet Alan Wellington (al-Attar): Nolan slowly closes the door before Mercier.

André Mercier (Fontaine): "Ah-huh..."

Connor H. Fitzgerald (Mac): Is no one here taking me seriously?

Marcus Abdullah DuBois (Giles): "Who?"

André Mercier (Fontaine): "I'm sorry, is this to do with whatever the fuck that thing was during the raid?"

Patrick Heaney (Carlyle): "I don't even know what you're talking about. What are you proposing we do?"

Connor H. Fitzgerald (Mac): He's actually freaking out to himself.

André Mercier (Fontaine): "Nobody's told me what that was." He grits his teeth.

Connor H. Fitzgerald (Mac): He grabs Bryan by the collar. "You need to get that tape out of here now. We need to interrogate that Etienne or whatever the fuck, the art gallery director. The mask will leave Vietnam soon."

Patrick Heaney (Carlyle): Bryan is familiar enough with this sort of thing to take Cil at his word here.

Marcus Abdullah DuBois (Giles): "How are we gonna interrogate that fucker here?"

Connor H. Fitzgerald (Mac): "Fuck. I don't know."

Connor H. Fitzgerald (Mac): "This was never about the fucking drugs!"

Patrick Heaney (Carlyle): "I'll leave now, then..."

Marcus Abdullah DuBois (Giles): "I mean, we can catch him when he leaves. Probably."

Connor H. Fitzgerald (Mac): "You, take him downstairs and then back up. Make sure that tape is in a safe spot."

Connor H. Fitzgerald (Mac): "Come back with a fresh one."

André Mercier (Fontaine): "Alright." He looks over to Carlyle.

André Mercier (Fontaine): "You ready?"

Connor H. Fitzgerald (Mac): "Go. Now. That tape needs to get back to Tan Son Nhut as soon as possible."

Connor H. Fitzgerald (Mac): "We need to prepare."

Patrick Heaney (Carlyle): "Of course. I'm sick of this place anyway."

Chandu: *We can expedite this. As Mathieu escorts Carlyle downstairs, the team can settle into different spots to spend their time until the next relevant event happens-- possibly catching tidbits of information depending on who they stay close to.*

Connor H. Fitzgerald (Mac): Can I just remember my conversation with Bonaventura? They already got the meat and potatoes out.

Connor H. Fitzgerald (Mac): Do we need the tape recorder to generate evidence against him.

Chandu: *Run a HUMINT roll, Mac.*

Connor H. Fitzgerald (Mac): Connor H. Fitzgerald (Mac) rolls **Failure** -> 78 (Rolling HUMINT Target: 50%)

Chandu: *You're not confident that he buys the IRA business, but he doesn't appear to pay it any more mind than take it as face value and exchange pleasantries with you.*

Chandu: *We're going to advance to the moment where Carlyle and Mathieu arrive with the new tape.*

Chandu: *Mac, Giles, al-Attar: you can choose where you'll be standing in the next scene.*

Chandu: *Or sitting!*

Prajeet Alan Wellington (al-Attar): I'm standing up.

Prajeet Alan Wellington (al-Attar): And behind wherever Mac is.

Connor H. Fitzgerald (Mac): Ideally I'm gonna walk up to Bonaventura as soon as Bryan catches up with me, so I'll be at the divan.

Marcus Abdullah DuBois (Giles): I'm gonna check the south side.

Chandu: *Very well. We can speed up to that moment.*

Chandu: *JUN 22, 0000G*

Marcus Abdullah DuBois (Giles): Is the Cambodian princess gone? The guards are just chilling?

Chandu: *The princess seems to be hanging out by the pool, outside, no far from where her guards are. At this point, she's already been greeted by Bonaventure.*

Chandu: *CONTINUING...*

Chandu: *Mac, Carlyle, Mathieu. You can approach Bonaventure. Carlyle has a new tape in.*

Connor H. Fitzgerald (Mac): Is "Security" looking at us as we do so.

Chandu: *Moran is off elsewhere.*

Chandu: *They are, but you're not interrupted on your approach.*

Bonaventure Francisci: He and Sarti look up at you, both with cigars in hand.

André Mercier (Fontaine): I'm security so I'll take a break by the divans.

Connor H. Fitzgerald (Mac): "Mr. Bonaventura. Honored to make your acquaintance." I bow slightly, not daring to reach out a handshake yet.

Bonaventure Francisci: "Of course. You are among peers, speak freely."

Bonaventure Francisci: "Do you have something in mind?"

Connor H. Fitzgerald (Mac): "I do. These unreliable Chinese."

Connor H. Fitzgerald (Mac): He shakes his head in disapproval.

Chandu: 2

Chandu: *As you start the conversation, Mac...*

Sharp Capeverdean Man: A man peeks over your shoulders over at Bonaventure.

Bonaventure Francisci: "Ah. I'm terribly sorry, I've been waiting for this friend of mine."

Connor H. Fitzgerald (Mac): "I see. Perhaps another time, then."

Bonaventure Francisci: "Giacomo." He nods at one of the guards, who then excuses himself into a backroom. "Here, Antonio."

Sharp Capeverdean Man: The man turns to the LEFT SIDE of the door immediately after crossing the threshold, closing it after himself.

Sharp Capeverdean Man: The LEFT SIDE.

Connor H. Fitzgerald (Mac): Which side is the door handle?

Chandu: *One of the bodyguards positions himself at the door. The other comes back some two minutes later.*

Chandu: *Then handle is to the left.*

Associé: Anyway. This one bodyguard, Giacomo, is now carrying a small case in his hand, by the handle.

Patrick Heaney (Carlyle): I turn to Cil.

Connor H. Fitzgerald (Mac): I'm gonna trail off from here towards the exit.

Chandu: *That is all. You may move about.*

Connor H. Fitzgerald (Mac): Is he still there with the case?

Lucien Sarti: "Eh. What can you do." He shrugs.

Patrick Heaney (Carlyle): I'll let him do that and make small talk in the meantime.

Chandu: *He went into the room Antonio and Bonaventure walked into, the side room leading to the terrace.*

Connor H. Fitzgerald (Mac): Can we not sneak up on there? What the fuck is Bryan doing with the recorder?

Connor H. Fitzgerald (Mac): Out from the balcony that is.

Connor H. Fitzgerald (Mac): This might be our chance.

Chandu: *Mathieu could guide you.*

Connor H. Fitzgerald (Mac): Come on, then.

Patrick Heaney (Carlyle): I'll come help, I was just trying not to cause a ruckus.

André Mercier (Fontaine): Matt breaks off from his post when Mac walks past, seeming to gauge his intention.

André Mercier (Fontaine): "Over here, gentlemen."

Connor H. Fitzgerald (Mac): Where the fuck is Giles.

Prajeet Alan Wellington (al-Attar): South.

Marcus Abdullah DuBois (Giles): I was chilling with the Cambodian guards.

Marcus Abdullah DuBois (Giles): psychic call to the balcony

Associé: You spot a guard... one who's busy with two women at the same time.

Associé: He is not interested in interrupting you.

André Mercier (Fontaine): Matt extends a hand to the back, signalling to halt. After a moment, he continues.

André Mercier (Fontaine): Another signal to halt.

Marcus Abdullah DuBois (Giles): did we need a party wagon of people to eavesdrop

André Mercier (Fontaine): He mutters, low, "They should be just around that corner."

Connor H. Fitzgerald (Mac): Could we shoot and scoot?

Connor H. Fitzgerald (Mac): I'm thinking on it.

Marcus Abdullah DuBois (Giles): Are we going to kill them now?

Chandu: *At this point in the threshold, you might be able to hear them if you kept quiet. Recording is another matter altogether.*

Chandu: *As for shooting? Why not?*

Connor H. Fitzgerald (Mac): I want to get close enough to hear, and reach out the corner with my mirror to see what's going on.

Chandu: *You can peek your token a little to represent your use of the mirror.*

Bonaventure Francisci: "...Well, Antonio... there's not much I can say about that."

Sharp Capeverdean Man: "He would not simply vanish." He's leaning back on the seat.

André Mercier (Fontaine): Dark Passenger: throw a frag at the meeting.

Connor H. Fitzgerald (Mac): I'm going to signal Giles to go keep a bead on that fucking guard with the women.

Marcus Abdullah DuBois (Giles): Yeah whatever.

Marcus Abdullah DuBois (Giles): Light passenger: Throw a boogie bomb at the meeting

Marcus Abdullah DuBois (Giles): I'll do that.

Bonaventure Francisci: "His laboratory. We are convinced that it was Americans who did it. Troves of testimonies, evidence-- they seem to line up perfectly."

Bonaventure Francisci: "It's a good thing Moran and Sarti are here. My people have gotten complacent. We would've started a war by now."

Connor H. Fitzgerald (Mac): Everyone, guns out, this it getting hot.

Connor H. Fitzgerald (Mac): I want all 3 of us to rush in and execute them before making our escape the same way out.

Sharp Capeverdean Man: "Not that it matters. He wrote to me about the shipment."

Marcus Abdullah DuBois (Giles): Same way out being?

Bonaventure Francisci: "Thirty thousand dollars. Can you believe that?"

Prajeet Alan Wellington (al-Attar): Suppressed weapons only guys we should have plenty

Connor H. Fitzgerald (Mac): The way we snuck up, that's why I asked you to aim down on that guard.

Patrick Heaney (Carlyle): I nod to Cil that I'm more than ready.

Sharp Capeverdean Man: "It's worth than that. Trust me."

André Mercier (Fontaine): Is the entire security detail NOT gonna pile up at the balcony the moment they hear gunfire?

Marcus Abdullah DuBois (Giles): Yes they are.

Connor H. Fitzgerald (Mac): Yes they are. We have no other choice.

André Mercier (Fontaine): Those are windows we could shoot through and vault...

Marcus Abdullah DuBois (Giles): They're gonna hear gunfire from the balcony and-

Marcus Abdullah DuBois (Giles): Actually we do have choice.

Bonaventure Francisci: "Bring it up for him to see, Giacomo."

Connor H. Fitzgerald (Mac): THEY'RE GONNA COME IN THROUGH THAT FRONT DOOR TRUST THE GODDAMN PLAN.

Associé: As Giacomo does so, Bonaventure gestures at it.

Chandu: *You can't see it from here.*

Prajeet Alan Wellington (al-Attar): Is Mac going in with the shotgun?

Bonaventure Francisci: "It still doesn't feel right to give it away without Charrière's word. I am quite concerned."

Marcus Abdullah DuBois (Giles): yo stop him bro we're gonna die

Patrick Heaney (Carlyle): We at least have a chance of getting out of here if we use silencers.

André Mercier (Fontaine): Matt's crouching below the bush. I have a feeling Lucien or any other enforcer's gonna shoot through the window here once we go loud.

Marcus Abdullah DuBois (Giles): I have a MAT-49 unsuppressed and a Browning Hi-Power unsuppressed.

Connor H. Fitzgerald (Mac): FOCUS.

Sharp Capeverdean Man: He brushes his hand aside. "We will look into it. I commend you for not panicking-- Saigon won't last long, the way the war is going, no?."

Bonaventure Francisci: "Eh. We're already in talks with the Northerners. Our operations will continue. It'll be a difficult few years, but we are ready."

Sharp Capeverdean Man: He reaches over for the case and shuts it, then places his hand on the handle.

Patrick Heaney (Carlyle): We could also just fucking stab them

Connor H. Fitzgerald (Mac): Enough yap. I'm coming out with my double barrel and blasting the black guy with a 60%+20%+20%.

Chandu: *Very well. One moment...*

Connor H. Fitzgerald (Mac): Connor H. Fitzgerald (Mac) rolls **Failure** -> 94 (Rolling Firearms Target: 60%)

Connor H. Fitzgerald (Mac): Success.

Connor H. Fitzgerald (Mac): Connor H. Fitzgerald (Mac) rolls **Failure** -> 76 (13 Damage)
(Rolling LETHALITY For MANUFRANCE ROBUST (DB) (XSHORT) Target: 10)

Connor H. Fitzgerald (Mac): Connor H. Fitzgerald (Mac) rolls 1d8 -> 4 (Draws a result from the Body Hit Location table)

Connor H. Fitzgerald (Mac): The other 3 rushes in and machine guns the other two idiots, if they are dead make a rush for the package.

Chandu: *It's not that you miss, because you don't. You hit someone. It's Giacomo. The fucking pellets bend to the left, veering of Antonio Gomes. Giacomo is blasted the fuck away on top of Bonaventure.*

Connor H. Fitzgerald (Mac): "CLASSIC!"

Connor H. Fitzgerald (Mac): I'm drawing my knife.

Sharp Capeverdean Man: He looks your way.

Patrick Heaney (Carlyle): Seeing as Cil just blasted his fucking shottie I'll naturally swap to my primary before sprinting inside.

Sharp Capeverdean Man: We'll give you the opportunity to rush him and attack him.

Connor H. Fitzgerald (Mac): "YOU MAGIC SON OF A BITCH!"

Connor H. Fitzgerald (Mac): Cillian is charging him with his knife.

Connor H. Fitzgerald (Mac): "CURVE THIS!"

Chandu: *Hit your rolls.*

Marcus Abdullah DuBois (Giles): Giles will be shooting at the guard who's getting top.

Connor H. Fitzgerald (Mac): 90% melee from ambush?

Connor H. Fitzgerald (Mac): Connor H. Fitzgerald (Mac) rolls **Failure** -> 94 (Rolling Melee Weapons Target: 70%)

André Mercier (Fontaine): Was gonna take cover here.

Chandu: *Let me narrate quickly...*

Patrick Heaney (Carlyle): Before Cil rushes in I blast Bonaventure

Connor H. Fitzgerald (Mac): "GET THE MASK!"

Chandu: *Again, it's not that you miss. Because you don't. Antonio was there, right in front of you. You felt the knife tearing through fabric. It would typically pierce through any man.*

Chandu: *Antonio Gomes is not simply another man.*

Connor H. Fitzgerald (Mac): "Not bad."

Connor H. Fitzgerald (Mac): "Maybe you should teach me how to do that."

André Mercier (Fontaine): Fuck it. I'll rush for the package.

Connor H. Fitzgerald (Mac): "The other two couldn't do it."

André Mercier (Fontaine): 9

Marcus Abdullah DuBois (Giles): "TOSS HIM OFF THE BUILDING!"

Connor H. Fitzgerald (Mac): "You thought you could take the mask to R'lyeh?"

Chandu: *Let's see. We'll give you guys another bit of advantage. Wait a moment.*

Connor H. Fitzgerald (Mac): "Too bad, if you want the fucking mask you'll have to come corporeal and kill me first."

Chandu: *The ones of you who aren't positioned satisfactorily enough, you can use this opportunity to reposition before the carousel begins.*

Connor H. Fitzgerald (Mac): "But you're too scared aren't you."

Chandu: *Mathieu, that's you.*

Connor H. Fitzgerald (Mac): "THE DOOR, SHOOT IT!"

Chandu: *That it?*

André Mercier (Fontaine): Uhhh, fuck it, anyone else can pick it up. I'm taking cover behind the staircase marble.

Prajeet Alan Wellington (al-Attar): I got my shotty out

Connor H. Fitzgerald (Mac): "GRAB IT!!!"

Chandu: *Let's sort Giles' roll first!*

Chandu: *ALSO!*

Patrick Heaney (Carlyle): I take the briefcase.

André Mercier (Fontaine): I'm ready to run. It's chill.

Chandu: *The case was picked up by Antonio right before Giacomo was shot.*

Chandu: *You'll have to rip it off his hands.*

Connor H. Fitzgerald (Mac): Gladly.

Connor H. Fitzgerald (Mac): I already have my knife out.

Chandu: *Giles, make your attack roll. It's +40%. Are you shooting full auto?*

André Mercier (Fontaine): Do I have an opportunity to fire, as well?

Marcus Abdullah DuBois (Giles): Yes!

Marcus Abdullah DuBois (Giles): Marcus Abdullah DuBois (Giles) rolls **Success** -> 4 (Rolling Firearms Target: 90% (50%+40%))

Connor H. Fitzgerald (Mac): SUPPRESS THE DOOR THAT'S WHERE THEY ARE GONNA COME THRU!

Chandu: *No need for the bodypart roll on this one. You mow down the woman in front of him, and as she falls, he is riddled with bullets as well.*

Prajeet Alan Wellington (al-Attar): Can I start blasting or do I wait for carousel?

Chandu: *Nolan, Mathieu, Carlyle-- you get one action before the carousel starts too.*

Patrick Heaney (Carlyle): I want to spray the shit out of that loungeroom door.

Chandu: *At this angle, you'd do not much other than firing at the frame at most.*

André Mercier (Fontaine): I have the wall blocking my sight to the door but I can fire at Antonio...

Chandu: *You'd have to be in front of it to consider hitting the guy behind it.*

Prajeet Alan Wellington (al-Attar): Prajeet Alan Wellington (al-Attar) rolls **Failure** -> 91 (Rolling Firearms Target: 65%)

Chandu: *He's shooting through it already.*

Chandu: *Carlyle, you blast the door with a long burst, piercing through it from this distance, even using 9mm.*

Chandu: *I'm opening it, but consider it ruined-- you'll have to kick it open to go through now.*

Chandu: *Finally, Mathieu.*

Sharp Capeverdean Man: 2

Sharp Capeverdean Man: A success for Antonio. No, this is not player-facing.

Chandu: *He was there. You could've sworn that. You turn your head to your right-- where he is now.*

Connor H. Fitzgerald (Mac): "Run, run, run, I still have the mask you black punk."

Chandu: *Run it back, Nolan starts.*

Connor H. Fitzgerald (Mac): "Get on top of him!"

Prajeet Alan Wellington (al-Attar): I was going to shoot the black guy.

Connor H. Fitzgerald (Mac): HE IS INCORPOREAL!

Marcus Abdullah DuBois (Giles): it clearly doesn't work

Prajeet Alan Wellington (al-Attar): Then I'm leaping on this motherfucker

Chandu: *ON WHOM*

Patrick Heaney (Carlyle): "TAKE HIM HOSTAGE YOU MORON"

Connor H. Fitzgerald (Mac): Let's see how powerful he is in a tug battle then.

Connor H. Fitzgerald (Mac): Can I feel his fingers? Maybe I can cut them.

Chandu: *Run your rolls, these have no modifiers.*

Connor H. Fitzgerald (Mac): Connor H. Fitzgerald (Mac) rolls **Failure** -> 86 (Rolling Melee Weapons Target: 70%)

Patrick Heaney (Carlyle): "Nolan, that guy is the only way we're getting out of here DON'T KILL HIM."

Sharp Capeverdean Man: Once again-- it's not that you miss. He leans to the right, dodging your knife lunge as it comes at him.

Chandu: *Lucien Sarti is drawing his pistol and firing a burst as he runs past the shattered door.*

Lucien Sarti: Not a burst-- suppression roll.

Chandu: *GILES, you are up.*

Connor H. Fitzgerald (Mac): "Stop him!"

Chandu: *Let's see. You're coming in from the left.*

Chandu: *Make your roll, Unarmed.*

Chandu: *This guy's all the way over here... he's gonna help Sarti out.*

Associé: Associé rolls **Failure** -> 62 (Rolling Athletics Target: 50%)

André Mercier (Fontaine): André Mercier (Fontaine) rolls **Failure** -> 52 (Rolling Athletics Target: 30%)

Patrick Heaney (Carlyle): I wanna vault behind that couch next to me for cover and overwatch the doorway in case Lucien comes back for round 2.

Chandu: *That's a whole wall!*

Chandu: *No visual from across the couch, it's a visual cutoff point.*

Patrick Heaney (Carlyle): ok i'll just take cover here

Jean Moran: Jean Moran rolls **Failure** -> 95 (Rolling Firearms Target: 65%)

Patrick Heaney (Carlyle): am i not overwatching tho

Jean Moran: His AK-47 runs wild as he shoots your way-- we didn't account for the way you were facing, plus you didn't apply the AIMING status effect, You used your action taking cover, correct?

Chandu: *You can rip the coin out of his hand, what next?*

Connor H. Fitzgerald (Mac): Time to do it.

Chandu: *DO WHAT*

Chandu: *We'll be adding it to your inventory later. He's unfazed.*

Chandu: *You can hit another action here.*

Connor H. Fitzgerald (Mac): Is he corporeal now?

Chandu: *You could touch him then, you can now.*

Connor H. Fitzgerald (Mac): Can I do the thing where I touch him with a .357 inside the t-area of the face.

Antonio Gomes: Antonio Gomes rolls **CRITICAL FAILURE!** -> 100 (Rolling POW Target: 80%)

Connor H. Fitzgerald (Mac): "Time to die."

Connor H. Fitzgerald (Mac): Cillian pulls out his revolver from the back of his waist and then executes the man.

Sharp Capeverdean Man: You shoot him clean between the eyes with your large pistol. The look in his eyes is difficult to decipher-- typically you'd see something more akin to concern for a man in his position.

Sharp Capeverdean Man: Regardless, the .357 round pierces through his skull, and he drops like a sack of potatoes.

Chandu: *Rigor mortis. You can rip the case off his hand.*

Chandu: *WE ASSUME YOU DO THAT IT'S A NOBRAINER*

Chandu: *IT IS AT THIS POINT THAT WE'RE PAUSING THE SESSION.*

Chandu: *THE SHOUTOUT OUTSIDE IS STILL HAPPENING.*
